GENERAL POSTAL REGULATIONS.

*INLAND CORRESPONDENCE.

LETTERS.

1. The prepaid rate of postage is as follows :—

Not exceeding 4 oz. in weight	1d.
For every additional 2 oz.	$\frac{1}{2}$ d.

2. A letter posted unpaid is chargeable on delivery with double postage; if insufficiently paid, with double the deficiency.

3. No letter may exceed two feet in length, one foot in width, or one foot in depth, unless it be sent to or from a Government Office.

4. No letter should be posted without prepayment of postage unless it is sent exclusively upon the public business. Letters upon public business may be sent to members of the Government at their respective departments without prepayment, but not elsewhere; and also to certain of the chief permanent officers in each department who are authorized to receive service letters.

NEWSPAPERS.

1. The prepaid rate is as follows :—

Every registered newspaper, whether posted singly or with others in a packet	$\frac{1}{2}$ d.
--	-----	-----	-----	-----	-----	-----	-----	------------------

A packet containing two or more registered newspapers, however, is not chargeable with a higher rate than would be chargeable on a book packet or letter of the same weight.

2. A newspaper or a packet of newspapers posted unpaid is chargeable on delivery with double postage; if insufficiently paid, with double the deficiency.

Conditions to be Observed.

3. Any publication fulfilling the subjoined conditions can, upon payment of an annual fee of 5s., be registered at the General Post Office for circulation within the United Kingdom as a newspaper.

- The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.
- It must be printed and published in the United Kingdom; and in numbers at intervals of not more than seven days.
- The full title and date of publication must be printed at the top of the first page, and the whole or part of the title, and the date, at the top of every subsequent page. This regulation applies also to "Tables of Contents" and "Indexes."
- A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or a piece or pieces of paper, put together at some one part of the newspaper, whether gummed or stitched up with the newspaper or not, or it must consist wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper; it must in every case be published with the newspaper, and have the title of the newspaper printed at the top of every page, or at the top of every sheet or side on which any such engraving, print, or lithograph appears.

4. Every newspaper should be so folded and covered (if posted in a cover) as to permit the title to be readily inspected.

* Inland letters, parcels, or other postal packets are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and the Channel Islands.

5. Every newspaper or packet of newspapers must be posted either without a cover or in a cover open at both ends, and so that the same can easily be removed for the purpose of examination.

6. No newspaper and no cover of a newspaper may bear anything (not being part of the newspaper) except the names and addresses of the sender and the addressee, a request for return in case of non-delivery, the title of the newspaper and a reference to any page of, or place in, the newspaper to which the attention of the addressee is directed.

7. No unregistered publication and no article (unless it be a part or supplement of the newspaper) may be posted in the same cover with the newspaper.

8. In case any of the three last mentioned rules is infringed the newspaper packet is either charged as an insufficiently paid letter, or is transferred to the Parcel Post and charged with a fine of 1d. in addition to any deficient parcel postage, whichever charge is the lower.

9. A packet of newspapers may not weigh above 5 lbs., or exceed two feet in length, or one foot in width or depth.

10. The prepaid rate of postage for newspapers that are not registered at the General Post Office is the same as that for wholly printed matter, i.e., $\frac{1}{2}$ d. for every 2 ozs., unless sent by Parcel Post.

BOOK PACKETS.

1. The book post rate of one halfpenny applies only to packets not weighing more than 2 oz. Above that weight packets are chargeable as letters (see page 3), and are subject to the same regulations. Book packets posted unpaid are chargeable with double postage.

2. The following articles are admissible at the book post rate :—

- (a.) Books and other publications or works of a literary character, and any other written or printed matter (not being in the nature of a letter) on paper or on some substance ordinarily used for writing or printing.
- (b.) Sketches, drawings, paintings, photographs, and engravings on paper or on some substance ordinarily used for the purpose, provided it is not a brittle or exceptionally fragile substance.
- (c.) Maps, plans, and charts on paper or some other substance ordinarily used for the purpose, provided it is not a brittle or exceptionally fragile substance.
- (d.) The binding or mounting of any article herein-before described, provided such binding or mounting be of a kind ordinarily used for the purpose, be not made of glass or any brittle or exceptionally fragile substance, and be transmitted in the same packet with the article in respect of which it is used.
- (e.) The following documents, whether containing matter in the nature of a letter or not, provided they respectively conform to the following conditions :—

That nothing shall appear in writing except— <ol style="list-style-type: none"> (1) Corrections of errors in the print. (2) The date of despatch and the name and address and description of the sender, and the name of the addressee. (3) The place, date, and hour, when the circular is a notice of meeting or appointment, and, in the case of a notice of meeting, the objects of the meeting. (f.) Anything necessary or convenient for the safe transmission of any of the before-mentioned articles by post when transmitted in the same packet with the article in respect of which it is so used.

In the above definition—

Expressions referring to print or printing shall be taken to refer to any species of type-printing easy to recognise, and to include lithography, hand-stamping, or any mechanical process ordinarily used to produce a number of identical copies of written matter, and easy to recognise; and in relation to circulars shall also be taken to include type-printing after the fashion or in imitation of type-writing, and also the reproduction of type-writing by the mimeograph or any other mechanical process ordinarily used to produce a number of identical copies of written matter.*

Expressions referring to writing shall be taken to include type-writing or

* For conditions as to posting such circulars see next page.

any mechanical or other process ordinarily used to produce a single document.

3. A book packet may not exceed 2 feet in length and 1 foot in width or depth.

Special Conditions as to Book Packets.

1. Every book packet is subject to examination in the post.

2. Every book packet must be posted either without a cover, or in an unfastened envelope, or in a cover which can be easily removed for the purposes of examination without breaking any seal or tearing any paper or separating any adhering surfaces. A packet posted without a cover may not be fastened or otherwise treated so as to prevent easy examination.

3. No book packet may contain or bear any communication in the nature of a letter not being matter coming within the definition of such packet or being otherwise expressly allowed.

4. No circular which is reproduced from or produced after the fashion or in imitation of a type-written document may be sent as a book packet unless—

(a) such circular is posted by being handed in at a Head or Branch Post Office;*

(b) special attention is called to its nature, and

(c) at least 20 copies of such circular are posted at the same time.

5. (1) No paper money† may be posted or conveyed or delivered by post in a book packet.

(2) This rule does not apply to a book packet containing a stamped proxy paper, or to a book packet containing a stamped and addressed post card, wrapper, or envelope forwarded by the sender of the packet in order that such card, wrapper or envelope may be returned through the post to such sender, or some person designated by him.

6. If any of the rules relating to a book packet be infringed, the book packet will be treated as a letter.

POST CARDS.—OFFICIAL AND PRIVATE.

1. Official Post Cards impressed with a halfpenny stamp, and official Reply Post Cards impressed with a halfpenny stamp on each portion of them, can be bought at every Post Office.

2. Nothing whatever may be attached, except adhesive stamps in payment of additional postage or stamp duty, and a gummed label (not to exceed 2 inches long and $\frac{3}{4}$ inch wide) bearing the address at which the card is to be delivered; the card may not be folded, nor may it be cut or altered in such a way as to reduce the size below $3\frac{1}{2}$ by $2\frac{1}{4}$ inches. Stamps in payment of postage must be affixed to the face of the card (i.e., to the side which bears the address). If any of these rules be infringed, the card is treated as a letter liable on delivery to the usual charges.

3. Private Cards prepaid $\frac{3}{4}$ d. each and private Reply Cards with a halfpenny stamp on each half can also be used as Post Cards. They must be composed of ordinary cardboard, not thicker than the material used for the Official Post Card. They may not exceed $5\frac{1}{2}$ by $3\frac{1}{2}$ inches in size, or be less than $3\frac{1}{4}$ by $2\frac{1}{4}$ inches. Neither half of a Private Reply Card may exceed the maximum or be less than the minimum size above stated. The rules in the preceding paragraph also apply to Private Post Cards. A Private Post Card posted unpaid is chargeable on delivery with double postage.

4. For regulations as to writing and printing on the address side of Post Cards, see paragraph 10, page 46.

5. It will be seen from the foregoing rules that there is no legal way of sending a written letter through the post for a postage of a halfpenny, except by means

* Such circulars are also accepted provisionally at Town Sub-offices, and at certain of the more important rural Sub-offices, subject to their being found to be in order when examined at the Head or District Office, to which they will be sent.

† For definition of this term, see paragraph 23, page 17.

of a Post Card. A certain number of persons seem to imagine that if envelopes are left unfastened letters may be enclosed in them and sent for a postage of a halfpenny only. It is desirable therefore, to point out that the minimum postage upon all written letters (which are not written on Post Cards) is one penny, whether they be open or closed, and that letters posted contrary to this rule are liable to an additional charge of double the deficient postage on delivery.

INLAND PARCEL POST.

Directions as to Posting.

1. In order that a packet may be sent by Parcel Post, it must be presented at the counter of a Post Office for transmission as a parcel, and should bear the words "Parcel Post," written conspicuously in the left-hand top corner. It is also very desirable (*see pars. 11 and 15*) that every parcel should bear the name and address of the sender on the cover; but in such a position as not to be mistaken for the address of the parcel. Parcels may also be accepted by Rural Postmen (*see page 11 and page 47, par. 16.*)

The parcel should not be left until the weight, size, and postage have been tested by the officer who accepts it.

Hours of Business.

2. Every Post Office is open to the public for Parcel Post business on week days during the same hours as for general postal business. No Parcel Post business is transacted on Sundays. There is no delivery of parcels on that day in any part of the United Kingdom, nor are parcels allowed to be accepted for transmission. On Christmas Day and Good Friday, in England and Ireland, and on Sacramental Fast Days, or the Public Holidays substituted therefor by the Local Authorities in Scotland, there is one delivery of parcels, but parcels are not accepted for transmission. (For Bank Holidays, *see page 41.*)

Limits of Size and Weight.

3. The size allowed for an Inland Parcel is—

Greatest length	3 ft. 6 in.
Greatest length and girth combined	—	6 ft. 0 in.

For example—

A parcel measuring 3 ft. 6 in. in its longest dimensions may measure as much as 2 ft. 6 in. in girth, *i.e.*, round its thickest part; or

A short parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, *i.e.*, round its thickest part.

The most convenient mode of measuring is by means of a tape 6 ft. long, having the length of 3 ft. 6 in. marked thereon. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible. Such a tape may conveniently be marked in one colour up to 3 ft. 6 in., and the remaining portion in another colour.

The greatest weight allowed for an inland parcel is 11 lbs.

4. The rates of postage are—

				s.	d.
For a parcel not exceeding 1 lb. in weight				0	3
For a parcel exceeding 1 lb. in weight and not exceeding 2 lbs.				0	4
"	"	2 lbs.	"	3	0 5
"	"	3 "	"	4	0 6
"	"	4 "	"	5	0 7

"	"	7 "	"	8	0 10
"	"	8 "	"	9	0 11
"	"	9 "	"	11	1 0

Mode of Prepayment.

5. No packet can be accepted by an officer of the Department for transmission by Parcel Post unless the postage at the above rate is *prepaid*. The postage should be prepaid by means of ordinary adhesive postage stamps. The use of embossed envelopes and wrappers and postcards, however, for the prepayment or

part prepayment of postage, although not recommended, is not absolutely forbidden; but impressed or embossed postage stamps cut out from these envelopes, wrappers, and postcards will not be accepted in payment of postage. The postage stamps should either be affixed to the cover of the parcel, close above the address in the right-hand top corner, as in the case of a letter, or to the official Parcel Post label, which is usually handed to the sender for this purpose, if the postage stamps have not been affixed before the parcel is handed in. In either case *the sender must affix the stamps himself*, officers of the Department being strictly forbidden to affix them on his behalf. If he affixes the stamps to the Parcel Post label, the sender should see that the counter officer affixes the label to the parcel. It is desirable to affix the stamps to the label, when the contents of a parcel are exceptionally fragile, or when the paper or other material of which the cover is composed is of such a kind that the postage stamps will not readily adhere to it. Inland parcels may be prepaid in money at a few important Offices under the same regulations as letters and book packets (*see page 29*).

Parcels posted out of Course.

6. If a packet, which either bears the words "Parcel Post," or from its appearance seems to be intended for transmission as a parcel, is not posted in accordance with these regulations, it is treated as a letter, if it is fully prepaid at the letter rate, and is otherwise in accordance with the letter post regulations. If such a packet is not fully prepaid at the letter rate, it is treated as a parcel, and is charged on delivery with a fine of 1d., together with the deficient postage, if any, at the parcel post rate.

Address.

7. The address of a parcel must be clearly written, on the outer wrapper, if possible. If a "tie-on" label is used, the address should be written whenever possible on the cover as well, or a duplicate address should be enclosed in the parcel. The Department will not hold itself responsible for any consequences which may arise from the loss or detachment of the "tie-on" label. Such labels frequently become detached in transit through no fault of the Department. (For the method of address, *see page 46, par. 8*.)

Certificates of Posting.

8. A certificate of the posting of a parcel can be obtained at any Post Office. Forms of certificates lie on the public counter, and anyone bringing a parcel to post who desires to secure compensation without registration (*see pages 12 and 13*) should fill up one of these forms, when it will be the duty of the officer in attendance to check and date stamp the form, to sign it, and to hand it back to the person presenting it. One form of certificate is sufficient for any number of parcels posted at one time by the same person, or collected from a firm, provided that a list is furnished, to be checked against the parcels, showing the names and full addresses, and the amount of postage prepaid on each. (As to certificates for registered parcels, *see Registration and Compensation, pp. 13 to 18*.)

Articles which can or cannot be transmitted. Directions as to Packing.

9. (a) The prohibitions against the sending by post of anything indecent, or explosive, or of any living creature, except bees, or of any enclosure bearing an address different from that borne on the cover in which it is enclosed, are the same in the case of parcels as in the case of letters and other postal packets. (*See page 28, "Articles not allowed to be sent by post."*) There is no prohibition against enclosing in a parcel a letter intended for the same address as the parcel itself.

(b.) The conveyance or delivery by post in or to any prohibited district in Ireland of any parcels containing arms or bullets is forbidden. Any such parcel addressed to a prohibited district is stopped, and can only be returned to the sender on payment of a second postage. No parcel containing arms or bullets and addressed to Ireland should, therefore, be posted, unless it has been first ascertained that the address for which the parcel is intended is not situated within a prohibited district. The expression "arms" includes any cannon, gun, revolver,

pistol, and any description of fire-arms, also any sword, cutlass, pike, and bayonet, also any part of such arms. The expression "prohibited district" means any place in Ireland in respect of which the Lord Lieutenant of Ireland may have made or may make orders for prohibiting or regulating therein the sale or importation of arms and ammunition. It is not possible to give a list of these districts, which are altered from time to time by proclamation.

(c.) China, crockery, eggs, fruit, fish, meat, &c., which may not be sent by Letter Post, may be sent by Parcel Post, if packed with special care. Liquids or semi-liquids, such as jellies, pickles, paint, varnish, &c., must be put into bottles or cases securely stoppered. The edges or points of sharp instruments, like axes, razors, needles, forks, &c., must be carefully protected. Any parcel containing eggs, or fragile or perishable contents, should be conspicuously marked "Eggs," or "Fragile—with care," or "Perishable."

(d.) The general regulation with regard to packing is that every parcel must be packed and enclosed in a reasonably strong case, wrapper or cover, fastened in a manner calculated to preserve the contents from loss or damage in the post, and to prevent any tampering therewith. The packing of a parcel must also be such as to protect other postal packets from being damaged in any way by it. Any parcel not so packed will, if tendered for transmission, be refused, and if discovered in transit, will be liable to be detained.

(e.) As to articles which can only be sent by registered post, see "Compulsory Registration," page 15.

Parcels to and from the Channel Islands and Isle of Man

10. Parcels addressed to or sent from the Channel Islands (Jersey, Guernsey, Alderney, Sark, and the adjacent inhabited Islets) are received from the public under the same general conditions with regard to weight and size, and at the same rates of postage, as parcels for all other portions of the United Kingdom; but as the Channel Islands, under the Customs laws of the United Kingdom, are practically in the same position as a Foreign country, such parcels are liable to Customs examination at the port of arrival, and the sender is required to make a declaration of contents, upon a form provided for the purpose, at the office where the parcel may be posted. Parcels for the Isle of Man are treated in the same way as parcels for places in the United Kingdom generally. They are liable to examination by the officers of Customs; but the sender is not (as in the case of the Channel Islands) called upon to furnish a declaration of contents. Practically, no articles liable to Customs duty can be sent by Parcel Post from the Isle of Man to Great Britain or Ireland, but there is no Customs restriction on parcels sent from Great Britain or Ireland to the Isle of Man. Parcels which are sent in contravention of the Customs regulations are liable to confiscation, and the senders to prosecution by the Board of Customs.

Parcels addressed to Post Offices—Demurrage.

11. Parcels may be addressed "to be called for" to any Post Office at which letters similarly addressed may be received (see p. 39), and under the same general regulations. Parcels addressed to a Post Office to be called for, or to a person residing beyond the free postal delivery, are kept three weeks. At the end of one week, if the parcel bears on the outside the sender's name and address, a notice of the fact that the parcel has not been delivered is sent to him. It should be borne in mind that, especially in large towns, the offices for parcels and for letters are sometimes quite separate. When, therefore, parcels are expected, care should be taken to call at the parcel office and ask distinctly for parcels.

12. A parcel addressed to a Post Office "to be called for," and such a parcel only, is liable to a charge called "demurrage," at the rate of 1*d.* for every day, or part of a day, during which it remains in the Office, not counting the day on which the parcel reaches the Office, or the day subsequent to it. Thus, a parcel arriving at any time on a Monday becomes liable to demurrage if not called for before the closing of the Office on Tuesday night, and if delivered on Wednesday the charge would be 1*d.* The maximum charge is 1*s.* 5*d.* No charge is made in respect of

Sundays, Christmas Day, Good Friday, or Bank Holidays in England or Ireland, nor in Scotland in respect of Sundays, Sacramental Fast Days, or the public holidays substituted for the Fast Days by the Local Authorities. No demurrage is charged on parcels addressed to persons residing outside the limits of free delivery, or to persons on board ship.

Private Parcel Boxes and Bags.

13. The fee for a private parcel box is the same as that for a private letter box (*see page 31*), and is chargeable upon any person renting a private letter box, who makes use of such letter box for parcels. The fee for a private parcel bag is also the same as that for a private letter bag, and is chargeable upon any renter of a private letter bag living within a town delivery, who sends parcels for the post in such letter bag, or desires parcels addressed to him sent out for delivery in it. Any renter of a private parcel bag may send parcels for the post in such bags. If a renter of a private parcel box living within a town delivery desires to have his parcels sent out for delivery in a private parcel bag, he must pay a fee of 1*l.* 1*s.* a year in addition to the rent of the private parcel box. The fee of 1*l.* 1*s.* is chargeable even if he already rents a private letter bag, and simply has parcels included in it. A renter of a private letter bag living within a rural delivery may send parcels for the post in such bags, and may have parcels sent out for delivery in such private letter bag without thereby incurring payment of the fee for a private parcel bag. Of course, only such parcels are sent out for delivery in the letter bag as there is room for after enclosing other postal packets, and in sending parcels for the post, the letter bag renter will not be allowed to use, in order to hold more parcels, a bag heavier than that for which he pays, or one which exceeds the limit of weight, when empty, for private letter bags carried by Rural Postmen on foot.

Re-direction of Parcels.

14. A charge at the full rate of postage originally payable is made for every re-direction of a parcel, unless the original address and the corrected address are in a delivery from the same Post Office, and the parcel is not at the time of re-direction lying at a Returned Letter Office, and the re-direction is made within the period of free re-direction. In such cases no additional charge is made. *See* regulations under the heading "Re-direction" pages 29 and 30. Parcels, like other postal packets, can only be re-directed by the Department upon receipt of an authority duly signed by the person to whom they are addressed. Persons desiring parcels to be re-directed, as well as other postal packets, should fill up two re-direction notices, one for parcels and one for other postal packets. If the ordinary request for the re-direction of letters (*see p. 30, par. 6*) be alone filled up, parcels will not be forwarded. All parcels are liable to charge for re-direction, Government parcels and parcels for soldiers and sailors not excepted.

Undelivered Parcels.

15. If a parcel which cannot be delivered bears on the cover the name and address of the sender, it is retained at the Head Post Office of the District, and a printed notice is sent thence to him by post, informing him that the parcel (if not claimed in the meantime by the addressee) will be given up to him or to any person whom he may direct to call for it at that office, or will be returned to him by post, or will be re-directed to a fresh address. If the sender wishes to have the parcel re-directed, or sent back to him by post, he must return the printed notice, with the necessary instructions, and with stamps to the amount of a fresh postage at the full rate,* and of any other charges to which the parcel may be liable. The parcel is then forwarded to him prepaid by stamps affixed thereto. If no reply

* If the parcel is re-directed to an address within a delivery from the same Post Office as the original address, and is not, at the time of re-direction, lying at a Returned Letter Office, no fresh postage is chargeable.

is received within six days after the date of the notice, or if the Postmaster has reason to believe that application is made for the parcel by a person who is neither the sender nor the addressee, nor duly authorised by either, or if the sender fails to pay the charges due on it, the parcel is sent to the Returned Letter Office of the District. For re-issue by post from a Returned Letter Office a second rate of postage is invariably charged.

16. If a parcel which cannot be delivered does not bear on the cover the name and address of the sender, it is sent to the Returned Letter Office of the District, where it is opened and examined. If upon such examination the name and address of the sender are ascertained, a printed notice such as is described in the foregoing paragraph is sent to him, and the parcel is treated in the same manner as a parcel upon the cover of which the name and address of the sender appears. If the name and address of the sender cannot be ascertained from the examination of the parcel, the name of the addressee of such parcel and the Post Office at which it was posted are entered on a list, which is exhibited in a conspicuous position, for inspection by the public, at such Returned Letter Office, where personal application for such parcels can be made.

17. In default of proper application and payment of any charges which may have accrued on them, undelivered parcels are liable to be finally disposed of three months after the date of arrival at a Returned Letter Office. If, however, at any time during this period, or during the period of retention at a Post Office, the contents of a parcel become or are likely to become worthless through natural decay, or are found to be offensive or injurious, they are liable to be disposed of forthwith.

Parcels with wrong or insufficient or no Address.

18. A parcel which is wrongly or insufficiently addressed is also treated in the way described above, when the mistake or omission in the address cannot be rectified with certainty from the knowledge of the officer dealing with it. If it is necessary to treat the parcel as undelivered, it is liable to a second rate of postage before it can be forwarded to a corrected address.

19. Parcels found without addresses are sent at once to the Returned Letter Office of the District in which they are found.

Collection by Rural Postmen.

20. Rural Postmen, whether on foot or mounted, are required to accept parcels from the public for despatch wherever they collect letters, subject to the following regulations :—

- (a.) A Rural Postman on foot must not accept from any one person a greater weight of parcels than 11lbs. in the aggregate, unless he shall have received notice on the previous day from such person of his intention to send a greater weight.
- (b.) A mounted Rural Postman is not required to accept a greater weight in the aggregate than 21lbs. from any one person, unless similar notice shall have been given to him.
- (c.) A parcel handed to a Rural Postman must be within the prescribed limits of weight and size, and must bear stamps to the full amount required for postage, the sender being held responsible that these conditions are complied with.
- (d.) A Rural Postman may, at the request of the sender, weigh a parcel, or check the postage, when his doing so does not interfere with the proper performance of his duties. He may refuse to accept a parcel which beyond all doubt, is above the limits of weight or size.
- (e.) A Rural Postman who has already as great a load as he can carry, and who is unable to obtain assistance, may refuse to accept more parcels.
- (f.) A Rural Postman may refuse to accept parcels tendered to him close to a Post Office.

See also rule 16, page 47.

Carriage of Private Parcels by Postmen, Mail Cart Contractors, &c.

21. Neither Mail Cart Contractors, nor their Drivers, nor Town or Rural Postmen, whether on foot or mounted, nor other persons employed in collecting or delivering postal packets, may carry parcels or packages of any kind or weight which have not passed through the post, whether they receive payment for the carriage of such parcels or packages or not. The exceptions to this rule are as follows:—

- (a.) Contractors for the carriage of Mails by *passenger* conveyance are not subject to any restrictions as to the parcels they convey.
- (b.) Mail Cart Contractors, or Mail Cart Drivers, and all Rural Postmen are allowed to carry, without permission in each case, light packets of medicine.
- (c.) They are also allowed, with the permission of the Department in each case, to carry parcels of newly published newspapers addressed from the publishing office of the newspaper in question to a newsagent, whether such parcels be above or below the Parcel Post limit of weight.
- (d.) In some very exceptional cases, Mail Cart Contractors, Mail Cart Drivers, and *Mounted* Rural Postmen are allowed, with the special permission of the Department in each case, to carry parcels or other packages which are above the limits of weight prescribed for postal parcels.

None of these exemptions are to be considered permanent or as matters of right. The Postmaster General will not grant any permission to carry newspapers, or parcels above the Parcel Post limit of weight, unless he is satisfied that the permission will not interfere with the efficient discharge by the person concerned of his official duties. Further, he reserves to himself the right of withdrawing these exemptions either generally or in any particular case, if they should be abused (for example, by sending as medicine articles which are not medicine, by sending packages of medicine of considerable weight, or by sending parcels containing newspapers not such as above described), or if they should be found to interfere with the efficient and punctual performance of the Postal Service. The public must make their own terms as regards the payment of Postmen, Mail Cart Drivers, or Contractors, who undertake such private services on their behalf.

Posting of Parcels in large numbers.

22. Any person who wishes to send off a large number of parcels, whether on a particular day, or at regular or irregular intervals, will facilitate the work of despatching them if he will acquaint the office where they will be posted with his intentions, and will give as early information as convenient of the number of the parcels, their average weight, and the dates and times at which he proposes to post them. He will also consult the convenience of the Department by sending the parcels to the post in batches, beginning as early in the day as possible.

23. The Department undertakes the collection of parcels at regular intervals from the premises of firms or private persons, when the number to be collected amounts to as many as 10 at a time, or 50 a week. Full particulars may be obtained on application.

General Application of Postal Rules to Parcels.

24. Save when provided to the contrary in these special rules as to the Parcel Post, the general regulations of the Post Office as to other postal packets apply to parcels, and matters connected therewith.

COMPENSATION FOR THE LOSS OR DAMAGE OF UNREGISTERED INLAND PARCELS.

1. The Postmaster General is not legally liable to make good any claim arising out of the conveyance of a parcel sent by post, but he will accept liability under certain conditions.

2. If the parcel is registered, compensation will be given under the rules and regulations contained in full under the heading of "Registration and Compensation."

3. If the parcel is not registered, the Postmaster General will accept liability up to 2*l.* without payment of any fee beyond the postage, provided that
- (1.) The parcel is posted in the manner prescribed for the posting of parcels by the regulations for the time being, and the postage prepaid.
 - (2.) A certificate of posting (*see* par. 8, page 8) is obtained at the time of posting from the officer accepting the parcel, and produced when required. This certificate must be filled up by the sender, and handed to the officer of the Post Office, who will sign and return it to him.
 - (3.) The parcel is properly packed and enclosed in a reasonably strong case, wrapper, or cover, fastened in a manner calculated to preserve the contents from loss or damage in the post, and to prevent any tampering therewith.
4. No compensation either for loss or damage will be given in respect of—
- (1.) A parcel containing anything which, according to the regulations for the time being, may not be sent by the Inland Parcel Post.
 - (2.) Any money* sent in a Parcel.
 - (2.) Any watch* or jewellery* sent in a parcel, unless the parcel is registered by the sender.
5. No compensation will be given in respect of damage to—
- (1.) A parcel containing eggs, soft fruit, or any liquid or semi-liquid.
 - (2.) A parcel containing any article of an exceptionally fragile character, or any other article which, from its nature, cannot, with reasonable safety, be sent by post.
 - (3.) A parcel containing any perishable article, where the damage arises from natural decay, and the parcel is delivered in ordinary course of post.

But in all such cases compensation will be given in respect of the loss of the parcel, or of any article contained therein.

6. In other respects the general conditions and regulations contained in paragraphs 11 to 25 under the heading of "Registration and Compensation" apply also to compensation in the case of ordinary Inland parcels.

7. The system of compensation up to 2*l.* for ordinary Inland parcels does not apply to foreign and colonial parcels. The rules as regards compensation for loss or damage of these parcels are set forth on pages 455-456.

REGISTRATION AND COMPENSATION.

The ordinary registration fee for each inland letter, parcel, or other postal packet, is 2*d.*

1. The Postmaster General will (not in consequence of any legal liability, but voluntarily, and as an act of grace), subject to the rules hereinafter mentioned, give compensation up to a maximum limit of £5 for the loss and damage of any Inland Registered packet upon which this fee has been paid, in addition to the postage. Subject to the same rules he will grant compensation beyond £5 and up to a limit of £120 upon prepayment of a fee in addition to the postage and the ordinary registration fee. These fees (which in each case include the ordinary registration fee of 2*d.*) and the respective limits of compensation are as follows:—

Fee.	Limit of Compensation.	Fee.	Limit of Compensation
2 <i>d.</i>	5 <i>l.</i>	9 <i>d.</i>	70 <i>l.</i>
4 <i>d.</i>	10 <i>l.</i>	10 <i>d.</i>	80 <i>l.</i>

* For definition of these terms, *see* paragraph 28, under heading "Registration and Compensation" (page 17).

Instructions for Registering.

2. Every article to be registered must be given to an agent of the Post Office, and a certificate of posting, bearing thereon an acknowledgment that the fee for registration and compensation has been paid, must be obtained. This certificate will be filled up and signed by the officer of the Post Office receiving the Postal Packet. The packet must on no account be dropped into a letter-box. If, contrary to this rule, a packet bearing the word "Registered," or any other word, phrase, or mark to the like effect, be dropped into a letter-box, it will, if directed to any place in the United Kingdom, be liable to a registration fee of 4d. (less any amount prepaid for registration), instead of the ordinary fee (see also par. 7, page 15).

3. The contents of the postal packet must be properly packed and enclosed in a reasonably strong case, wrapper, or cover, fastened in a manner calculated to preserve the contents from loss or damage in the post, and to prevent any tampering therewith. It is not necessary that every postal packet intended for registration should be sealed with wax, but, if wax is not used, such packets must be securely fastened with gum or some other adhesive matter. It is not sufficient merely to tie the packets with string.* If it be desired to secure compensation for damage to a postal packet (other than a parcel), such postal packet must bear the words "Fragile, with Care." These words should appear on the face of the cover above the address. Any officer to whom a postal packet is tendered for registration is instructed to refuse to register it if the packing thereof is in his opinion obviously such as to afford inadequate protection to the contents. But the Postmaster General does not assume any liability as a consequence of the registration of a postal packet afterwards found to have been imperfectly packed. Envelopes of an approved pattern for the transmission of registered letters are on sale at all Post Offices.

4. The packet must be marked with the word "Registered," and with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus:—

Registered, 2d. ; Registered, 3d. ; and so on.

5. When several postal packets are sent by the same person for registration, it is desirable that they should be accompanied by a list (in duplicate) of the addresses; one list to be retained at the Post Office, and the other, when signed, to be returned to the bearer.

Latest time for Registering.

6. Postal Packets can be registered at any time during the ordinary hours for business. When intended for despatch by a particular mail they should, as a rule, be presented for registration half an hour before the closing of the letter-box for that mail; and in the case of parcels, half an hour before the latest time for posting ordinary parcels. At all Provincial Head Offices, and at the Chief Offices in Edinburgh and Dublin, articles bearing a late fee of 4d., in addition to the ordinary registration fee, may be registered at any time within the half hour referred to, if the office is open to the public. At offices where the half-hour limit can be reduced without interfering with the due despatch of the mail, packets are registered on payment of the ordinary fee within that interval.

The Department undertakes the collection of Registered packets from the premises of firms or private persons in Town Districts, when the number to be collected amounts to as many as 50 at a time. Full particulars may be obtained on application.

Compulsory Registration.

7. The loss of a registered article (as it can be traced through its whole course) is a rare occurrence, nevertheless large sums of money or other articles of great value should not be sent through the post, even if registered, as the machinery of the Department is not arranged with a view to such transmission. If sent *unregistered*, valuable articles are exposed to risk; consequently, inland postal

* This does not, of course, apply to postcards or to book and newspaper packets prepaid at 4d. rate, which must be open for inspection whether registered or not.

packets which contain coin,* watches,* or jewellery,* and also all inland postal packets on the cover of which the word "Registered," or any other word, phrase, or mark to the like effect, is written or impressed, if posted without registration, are subjected to compulsory registration, and are charged on delivery with a fee of fourpence in addition to the ordinary postage, unless they are sent by special messenger all the way by means of the Express Delivery Service (see pages 17 & 18), in which case, if the sender does not desire to register, they can be accepted at the sender's risk without being registered, whether on an original service or on a reply or further service. Letters and parcels containing Postal Orders in which the name of the payee has not been inserted, uncrossed cheques and dividend warrants, bank notes, and postage-stamps to the value of more than a shilling, will, when found open in the post, or when opened in the Returned Letter Office, be subject to Registration, and be chargeable with a registration fee of 2d. Like treatment is applied to parcels containing articles (other than coin, watches, and jewellery) of considerable value, and to letters containing any article of a value exceeding one shilling. If they cannot be registered in time to be forwarded by the Mail for which they are posted, such packets are detained for the next despatch.

8. The compulsory registration referred to in paragraphs 2 and 7 gives no title to compensation.

Registration by Town and Rural Postmen.

9. No Town Postman is allowed to take a postal packet to be registered; but Rural Postmen will take postal packets for registration on their outward and inward walks, whenever it is practicable for them to do so.

Watches, Jewellery, and Money.

10. The registered Parcel Post is available for watches and jewellery. Money* may also be sent in a registered parcel, but no compensation will be given in respect of its loss or damage.

Conditions Regulating Compensation.

11. No compensation either for loss or damage will be given in respect of—

- (1.) A postal packet containing any article which may not be lawfully sent by post.
- (2.) Money,* unless it be sent by Letter Post, and then only on the following conditions being complied with:—
 - (a.) That the money be enclosed in a registered letter envelope provided by the Postmaster-General.
 - (b.) That any coins enclosed in the letter be packed in such a way as to move about as little as possible. (See also par. 12.)
 - (c.) That the number, amount, bank of issue, and (where necessary) the date of any bank-note enclosed, be supplied to the Postmaster-General when required.
 - (d.) That the amount and number of any postal order enclosed be supplied to the Postmaster-General when required.
 - (e.) That particulars sufficient to identify the document be supplied to the Postmaster-General in the case of any bill of exchange, bond, coupon, or other order or authority for the payment of money or security for money enclosed in the letter.
 - (f.) That the letter be duly registered by the sender.

12. The compensation given in respect of the loss or damage of coin shall not in the case of any letter exceed the sum of 2l., whatever be the amount of coin contained in such letter.

13. No compensation will be given in respect of damage to—

- (1.) A postal packet containing eggs, soft fruit, or any liquid or semi-liquid.
- (2.) A postal packet containing any article of an exceptionally fragile character or any other article which from its nature cannot with reasonable safety be sent by post.

* This term is defined in paragraph 23, page 17.

(3.) A postal packet containing a perishable article where the damage arises from natural decay, and the postal packet is delivered in ordinary course of post.

(4.) A postal packet (other than a parcel *) which is not marked "Fragile, with Care."

But in all such cases compensation will be given for the loss of the postal packet or of any article contained therein. A packet marked "Fragile, with Care" may be slightly delayed in transit, as it may be diverted from the quickest to some other route to ensure greater safety.

14. In every case it must appear that the loss or damage did not arise wholly or in part by the fault of the sender, and that it occurred while the postal packet was in the post.

15. The compensation given will in no case exceed the value of the article lost or the damage sustained.

16. Compensation for damage to the contents of a registered packet will be strictly in accordance with the fee paid and the amount of damage done, no matter what the original total value of the contents may have been.

17. The Postmaster General will in every case, either of loss or damage, if he thinks fit, reinstate the contents of a postal packet instead of giving pecuniary compensation.

18. Where compensation is given for the loss of a postal packet, or of any article contained in a postal packet, the Postmaster General will reserve the right to retain and dispose as he thinks fit of the postal packet or of the missing article, in case it should subsequently come into his hands.

19. In no case will the Postmaster General give compensation for injury or damage consequential upon the loss, damage, or delay of a postal packet or any article contained therein.

20. Without prejudice to any of the preceding rules, the Postmaster General will, if he thinks fit, refuse to give compensation for loss or damage on any ground on which a common carrier might in like case claim exemption from legal liability. The decision of the Postmaster-General upon all questions of compensation is final.

Manner of Claiming Compensation.

21. Every application for compensation—

(1.) Should be made either on a form to be obtained at any post office (in which case it may be handed to the postmaster) or by letter addressed to the Secretary of the Post Office, London, Edinburgh, or Dublin, and

(2.) Should be made within seven days after the date on which the postal packet was posted.

22. The certificate of posting must be produced when required.

23. Where the application relates to the damage of a postal packet, or to the damage or loss of any article contained therein, the postal packet should be retained for inspection as nearly as possible in the state in which it was delivered.

24. When the complaint is that the contents of a postal packet have been abstracted, the envelope must accompany the application.

25. Where a postal packet when delivered bears signs of injury, the recipient should call attention to the fact of such injury at the time of delivery, and, if possible, open the postal packet in the presence of an officer of the Post Office.

26. The compensation payable in respect of a registered parcel will be in substitution for and not in addition to any compensation which would have been payable in case the parcel had not been registered.

27. This scheme of registration and compensation does not apply to Foreign and Colonial registered postal packets. The regulations with regard to Foreign and Colonial registered letters are given at pp. 428–429, and with regard to Foreign and Colonial insured parcels at pp. 456–457.

* That is, a packet sent by Parcel Post, but whenever such packet requires to be treated with special care, the nature of its contents should be written on the cover.

28. In these Rules— Definition of Terms.

Acknowledgment of Delivery of Registered Postal Packets.

1. The sender of an inland registered letter, parcel, or other registered postal packet, may obtain an acknowledgment of its due delivery by paying in advance, at the time of posting, a fee of 2d. in addition to the postage and registration fee. He can also obtain an acknowledgment if he applies after posting and pays 2d. The sender must enter in the form provided for the purpose both his own name and address and the name and address of the person to whom the packet is sent, and he must also affix to the form a stamp of the value of 2d. in payment of the fee. No enquiry can be made as to the delivery of a registered packet without payment of this fee unless it can be shewn that there is reason to suppose the packet has been lost.

2. If an application for this form is made at a small office at which the forms are not kept in stock, or to a Rural Postman, the fee of 2d. should be paid in money or stamps, and a memorandum furnished giving the name and address of the sender of the packet. The proper form will then be subsequently made out by an officer of the Department, and forwarded with the packet to its destination.

EXPRESS DELIVERY SERVICES.

There are three systems by which Letters and Parcels can be specially delivered, namely:—

1. By Special Messenger all the way. This is the most rapid Service, and to secure it, Letters, &c. must be handed in at an Express Delivery Post Office.
2. By Special Messenger after transmission by post. For this Service a Letter may be posted in any Letter Box, from which it will be collected by a Postman and be expressed on reaching the proper office.
3. By Special Delivery in advance of the ordinary Mail. By this means any person may make an arrangement with the local Postmaster to secure immediate delivery of his own correspondence on its arrival.

SERVICE I. (Week-days only).**LOCAL. BY SPECIAL MESSENGER ALL THE WAY.**

In London Letters and Parcels for Express Delivery in Town and Suburbs are accepted at 268 Post Offices (for List see pages 372-373).

In the Provinces they are accepted at all Post Offices, with few exceptions, from which there is a delivery of telegrams, and are delivered in any part of the Town or Rural District, or in any neighbouring Town or Village, provided such place can be easily reached by Messenger, by means of public conveyance, or otherwise.

The Offices in question are designated Express Delivery Offices.

Articles of a dangerous or offensive character are prohibited.

Charges.

(a.) For a Letter, Packet, or other article the Express fee (inclusive of charges for omnibus, tramcar, railway, &c.) is:—

For every mile or part of a mile - - - 3d.
(Ordinary Postage is not charged.)

(b.) If the sender desires that a cab or other special conveyance be used throughout (i.e., from the place of posting to the place of delivery), or when such conveyance is required to be used under any of the regulations following, the actual fare or cost of such conveyance must be paid in addition to the Express fee.

(c.) If the distance exceeds two miles, and a public conveyance (i.e., railway, omnibus, or tramcar, &c.) is not available in both directions, or if the packet or packets to be delivered exceed 20 lbs. in weight (or 15 lbs. if a public conveyance be not available), the actual cost of a special conveyance must be paid in addition to the Express fees.

Exception.—Any Express Packet, Letter, or Parcel, *not exceeding 5lbs. in weight*, may be delivered by foot messenger up to a distance of three miles, if the sender does not wish to pay for a special conveyance. The Express fee chargeable in this case is 3d. per mile. For distances of more than 3 miles the cost of a special conveyance must be paid in all cases (if no public conveyance is available) in addition to the Express fee.

(d.) When several Packets are tendered for delivery to one person, or for conveyance to a Post Office or Mail Train at a Railway Station to catch an outgoing Mail, or to a Railway Station for despatch as Single Post Railway letters (see pp. 20 and 21), they should be tied by the sender so as to form one packet, which will be chargeable with the single Express fee of 3d. a mile. The aggregate weight of all the packets must not, however, exceed 20 lbs. (or 15 lbs. if a public conveyance be not available), in any case unless a special conveyance be used.

(e.) When several letters or packets are tendered by one sender for delivery by the same Messenger at different addresses, or to different persons at the same address, the Express Fee of 3d. a mile will be charged for the full distance to be traversed by the Messenger in the delivery of all the articles entrusted to him, and an additional fixed charge of 1d. for each article above one. The number of articles delivered by one Messenger must not exceed 10.

The aggregate weight of all the articles must not exceed 20 lbs. (or 15 lbs. if a public conveyance be not available), unless a special conveyance be used.

In calculating the distance charge, the whole mileage traversed up to the delivery of the last article will be charged for. The sender may determine the order in which the packets are to be delivered.

A Messenger engaged in this service may accept any further service from any one of the addressees according to the usual rule (see below, Reply and Further Services), subject to the condition that no such service is to be performed until after the delivery of every packet originally entrusted to him.

(f.) All charges must be prepaid in postage stamps to be affixed to a form provided for the purpose.

(g.) Money and other valuables are accepted in sealed or unsealed packets or loose for conveyance by express messenger all the way at the sender's risk without being registered, whether on an original service or on a reply or further service.

Posting and Distinctive Marking.

(a.) Every Packet must be handed in over the counter. In no case may it be placed in a letter box.

(b.) The words "Express Delivery" must be boldly and legibly written by the sender above the address in the left-hand corner of the cover.

Hours of Posting.

Week-days, during the hours which the offices are open for telegraph delivery, generally from 8 a.m. to 8 p.m. For offices open earlier and later see pages 49 to 280 as regards the Provinces, and pages 372-373 as regards London.

There is no Express Delivery by messenger all the way (Service L.) on Sunday, Good Friday,* or Christmas Day. For *Sunday Delivery of Express Mail Letters*, see page 22.

Reply and Further Services.

On the delivery of an Express Packet, the delivering Messenger may take a reply or perform a further Express delivery service within the authorised hours. The Express fee must be prepaid either by the sender of the first service or by the sender of the reply or further service.

When a reply or further service is required by the sender, the words "Wait Reply" or "Further Service" should be written by the sender above the address of the Packet, and the Messenger is allowed to wait for the reply 10 minutes free of charge, but after that time 2d. is charged for every quarter of an hour or part of a quarter of an hour during which the Messenger is required to wait.

When a Packet or a Reply or Further Service is taken to an address on the Messenger's homeward route, or to an address within a radius of half a mile of the Post Office from which the Messenger started on the original service, half only of the mileage rate is charged.

If more than one letter or packet be sent on a Reply or Further Service, and the charges are prepaid by the sender of the original service, a fixed charge of 1d. is made for each article beyond one in accordance with the regulation in par. (c), page 18.

Acceptance of Express Packets by Telegraph Messenger.

A Telegraph Messenger, on delivering a telegram, may, if desired, take back to the Post Office where he is employed a Postal Packet for Express Delivery. The charges must be prepaid by the sender. The Express fee for such service will be charged as from the residence of the sender and not from the Office where the Messenger is employed.

Acceptance of Telegrams by Express Messenger.

A Messenger on delivering an Express Packet may, if desired, carry a telegram to the nearest Telegraph Office for transmission. If the telegram is to be taken to his own Office no Express fee will be charged unless he be kept waiting for it more than ten minutes, in which case the usual charge for waiting will be made. If the telegram be taken to another Office the usual Express fee as for a Reply or Further Service will be charged and must be prepaid by the sender of the telegram.

Late Fee Letters Posted at Railway Stations.

Letters to be posted in the Late Fee Letter Boxes attached to the Mail Trains are accepted at any Post Office at which the Express Service is in operation, for immediate conveyance to the Railway Stations.† The Postage and Late Fee must be prepaid in stamps affixed to the letter, but the charge for the Express Service must be prepaid in stamps affixed to a Post Office form (see also page 18, par. d.).

If desired, late-fee letters can be met by an Express Messenger at the station of arrival and be delivered direct in the same way as Single Post Railway Letters,

* Scotland excepted as regards Good Friday.

† For Mail Trains and Stations in London, see pages 353 and 354.

which are specially delivered (*see below*), provided that the Mail Train (with Travelling Post Office attached) is due at the station during the hours that the Office of Delivery is open for Telegraph business, and that the sender telegraphs to the Postmaster of the nearest Postal Telegraph Office to the station of arrival, requesting him to send a Special Messenger to meet the train. Such letters should be marked "To be handed to Post Office Express Messenger at Station."

Single Letters Conveyed by Railway.

Railway letters, not exceeding 4 oz. in weight, for transmission by ordinary train or steamship (*vide* page 43), may be handed in at any Post Office at which the Express Service is in operation, for immediate conveyance to the Railway Stations by Special Messenger on payment of the Express fee of 3d. a mile, which must be prepaid in stamps affixed to a Post Office form (*see also* page 18, *par. d.*). The train by which the letter is to be transmitted must be specified by the sender.

Such Letters, after transmission by train, can, on reaching the Office of Delivery in the ordinary course of post, be sent at once to destination by Special Messenger, or, if desired, they can be delivered by Special Messenger either from the first Express Office which they reach or direct from the Station. In the latter case the sender must telegraph to the Postmaster of the nearest Postal Telegraph Office to the Station of Address requesting him to send a Special Messenger to meet the train. The sender is responsible for the time of arrival of the train being correctly stated in the telegram, which must be written by him. The Letter must in all cases be marked "Express Delivery" and with a perpendicular line, both on front and back. If it is to be delivered from the first Express Office which it reaches after being posted at the station, it must be marked "Express Delivery from first Express Office," and if direct from the station, with the words "Express Delivery. To be handed to Post Office Express Messenger at Station." The postage, the Express Fee, and any charge for special conveyance, except that for conveyance by Railway as a single Post Letter, must be prepaid on the letter in stamps by the sender.

In all cases the Railway Company's fee of 2d. must be prepaid in money.

If the Messenger has to wait at the Station more than 10 minutes owing to late arrival of the train, the usual charge for waiting, viz., 2d. for each quarter of an hour or portion thereof beyond the first 10 minutes, will be collected from the addressee, as in the case of a Reply or Further Service.

Letters and Parcels Posted by Express Messenger at the Last Moment.

Letters and Parcels which are too late for local posting can be taken by Express Messenger to the General Post Office, or other Post Office in London or to the Chief Offices in Provincial Towns, with a view to catch an outgoing Mail. The postage and late fee (if any) must be prepaid in stamps affixed to the Letter or Parcel, but

the charge for the Express Service must be prepaid in stamps affixed to a Post Office form (see also page 18, par. d.).

Express Services obtainable by Telephone or Private Wire.

Subscribers to the Telephone Exchanges of the Post Office or its Licensees, and Renters of private wires terminating at a Post Office, can use their wires for the purpose of summoning a Messenger for the Express Delivery of Letters or Parcels. The fees for such express service are charged to deposit account, and are calculated on the whole distance traversed by the Messenger from the Office from which he is summoned to the place of call and thence to the place of delivery.

For other express services obtainable by telephone see pages 535 and 536.

Telegrams Conveyed by Express Messengers from Football and Cricket Grounds, &c., to Post Offices for Transmission.

Reporters and other persons at Football and Cricket Grounds, Public Meetings and such like, by applying to the local Postmaster, can obtain an Express Messenger to convey their telegrams to a Telegraph Office for transmission, on payment of the mileage fee, which is calculated on the full distance traversed by the Messenger in going from his Office to the Football or Cricket Ground, or place of meeting, and thence to the Telegraph Office.

If several journeys are made in immediate succession for the same person between the Football or Cricket Ground, &c., and the Telegraph Office, they will be considered as one service, and be charged for according to the total distance covered by the Messenger in performing them all. If the Messenger be kept waiting for the telegrams more than 10 minutes in any case the usual charge for waiting, viz., 2d. for each quarter of an hour or portion thereof beyond the first 10 minutes, will be levied.

Live Animals, Liquids, and Persons.

Living animals can be accepted for express delivery, under this service, if confined in a suitable receptacle, subject to the ordinary mileage fee. A dog furnished with a proper collar and chain may also be, at the discretion of the Postmaster, taken to its address on payment of the mileage charge, in addition to any charge that may have to be paid for the dog in respect of its carriage by public conveyance.

Liquids are also accepted, although contained in glass bottles, provided the bottles are properly closed and that the packet bears some such label as "Liquid" or "Fragile, with care."

A person may also be conducted by Express Messenger to any address on payment of the mileage fee.

Supplementary Service.—Express after First Stage.

Express Packets, &c., may be handed in at any Post Office which is not an Express Delivery Office under the following conditions:—

The Packet, which must be of such a nature that it can be sent by the ordinary Inland Post, takes the ordinary course of post from the Office where it is handed in until it reaches the first Express Delivery Office on its route, and thence it is conveyed direct to destination by Express Messenger.

The Express fees are charged as from the Express Delivery Office and not from the Office of Posting, and must be prepaid by the sender.

It must be clearly understood that in such cases there may be some delay before the Packet reaches the hands of the Express messenger, so that where there is an Express Delivery Office within easy reach the sender is recommended to take his packet to that office.

SERVICE II.

EXPRESS DELIVERY AFTER TRANSMISSION BY POST.

Letters intended for Express Delivery from the Post Office of destination only, can be posted like ordinary letters, but they must be clearly marked "Express Delivery," and have a thick perpendicular line drawn on each side of the envelope. The fees must be paid in postage stamps at the following rates:—

1. (a.) In addition to the full ordinary postage the Express fee is:—

For every mile or part of a mile from the Office of							
Delivery	3d.

In London the fee for the Express delivery of a letter or parcel from the usual Delivery Office is in no case more than 3d., in addition to the ordinary postage, even when the address is more than a mile distant from the Express Office, but if the article is "expressed" from the General Post Office or from a Head District Post Office, to an address outside the ordinary Postal delivery of those offices then the full Express fee of 3d. a mile throughout is charged.

- (b.) If the Sender desires that a special conveyance be used, or if the distance exceeds two miles, and a public conveyance is not available in both directions, the actual cost of a special conveyance must be paid in addition to the Express fee and postage.

Exception.—Any Express Packet, Letter, or Parcel, not exceeding 5lbs. in weight, may be delivered by foot messenger up to a distance of 3 miles if the sender does not wish to pay for a special conveyance. The Express fee chargeable in this case is 3d. per mile in addition to the postage. For distances of more than 3 miles the cost of a special conveyance must be paid in all cases (if no public conveyance is available) in addition to the Express fee and postage.

- (c.) The Sender is responsible for the fee and charges. The fee is in no case less than 3d., and this and the postage must be prepaid by means of stamps affixed to the Letter or Parcel. When the distance exceeds two miles, or in any case where a special conveyance is required, at least one half of the amount payable in respect of fee and charge for special conveyance must be prepaid, and the deficiency, if any, will be demanded from the addressee.
- (d.) When more than one Express Letter or Parcel addressed to the same person, or to different persons at the same address, is received by the same Mail or by Mails arriving at or about the same time, and the Express Fees payable thereon are unpaid or not fully prepaid, such articles will be sent out for delivery by the same Special Messenger; one full Express Fee of 3d. a mile being charged upon one of the articles, and a fixed charge of 1d. upon each of the rest. In calculating such charges the value of any postage stamps affixed to the articles beyond the ordinary postage will, of course, be allowed for.
- (e.) If one half of the Express Fee and charge for special conveyance is not prepaid, the Letter or Parcel will not be delivered by Special Messenger, but will be treated as an ordinary Letter or Parcel.

Posting and Distinctive Marking.

2. (a.) The words "Express Delivery" must be boldly and legibly marked above the address on the left-hand side of the cover (whether of Letter or Parcel), and in the case of a Letter the cover must also be marked with a broad perpendicular line from top to bottom, both on front and back.
- (b.) Letters may be handed in at a Post Office, or to a Rural Postman, or, if not for registration, may be posted in a Letter box.
- (c.) Parcels and Registered Letters for this Service must be handed in at a Post Office, or to a Rural Postman.

N.B.—The Post Office does not undertake to ensure the special delivery of an Express Mail Letter which is not marked in the manner prescribed.

Delivery on Week Days.

3. (a.) By Messenger, during the hours in which the Office of Delivery is open for Telegraph business, but not, as a rule, between 11 p.m. and 7 a.m.
- (b.) To Callers, whether by day or by night, when the Postal Staff is in attendance, if the Letter or Parcel arrive too early or too late for delivery by Special Messenger, or if it be addressed to the Post Office "To be called for."

Delivery on Sundays.—Letters Only.

- (c.) By Special Messenger during the hours when the office of Delivery is open for Telegraph business, or to Callers for Letters.
- (d.) Express Mail letters for the London Postal District received in London on Sunday mornings by the Night Mails from the Provinces or posted in London too late for Express Delivery on Saturday night,

will be delivered from the General Post Office, provided that they are marked with a thick perpendicular line from top to bottom and with the words "*Express Delivery on Sunday*," and are properly prepaid.

The fees due in respect of each letter will be calculated according to the distance of the address from the General Post Office at the rate of 3d. a mile or part of a mile. (*See Table of Charges below.*)

Letters from places abroad are also delivered in London from the General Post Office on Sundays, provided that they bear the words "*Express Delivery on Sunday*," if possible in English or French, but if not, in the language of the country of origin, and that the ordinary express fee has been paid before posting.

The extra fee, if any, according to the distance from the General Post Office is collected upon delivery.

Charges to be made on Letters for Express Delivery in the undermentioned Districts and Sub-Districts in London on Sundays.

(This charge is in addition to the ordinary postage.)

There is no delivery of Parcels on Sunday either in London or in the Provinces.

Reply and Further Service.

On the delivery of a Letter or Parcel the Messenger may, if desired, take a Letter or Packet for Express Delivery under any of the Services herein described.

Special Delivery from Chief Offices.

Letters and Parcels transmitted by Mail in the regular course of Post from any Provincial Office to London can be delivered by Special Messenger from the General Post Office or other Chief District Office at which the bag containing the Letter or Parcel is first opened, thus gaining considerably in time of delivery. Similarly, Letters and Parcels addressed to any part of the Town or Rural District served from a Provincial Head Post Office, can, if desired, be sent out for delivery by Special Messenger from the Head Office.

Fee.

The Express Delivery Fee is chargeable subject to the same conditions as in the foregoing Service, and is calculated according to the distance of the address from the office from which delivery is actually made. In no case must a fee of less than 3d. be prepaid in addition to the Postage, and if the distance be over two miles, or in any case where a special conveyance is used, one half of the amount chargeable must be prepaid in stamps affixed to the Letter or Parcel.

Distinctive Marking.

The words "*Express Delivery from Chief Office*" must be boldly and legibly marked above the address on the front of the cover of Letters and Parcels, and Letters must in addition be marked with a perpendicular line from top to bottom both on the front and back. If the Letter or Parcel is intended to be delivered by Express Messenger from the General Post Office, or a Chief District Office in London, it should be marked "*Express delivery from General Post Office*" or "*Express delivery from Head District Office*," as the case may be.

SERVICE III.**SPECIAL DELIVERY OF LETTERS, &c., IN ADVANCE OF THE ORDINARY DELIVERIES, AT THE REQUEST OF ADDRESSEE.**

Persons or Firms who desire at any time to receive their Letters, or other Postal Packets of any kind (including Parcels, Book Packets, Newspapers, and Circulars), in advance of the ordinary delivery, may have them delivered by Special Messenger on payment of the following fees, viz. :—

The full Express Fee of 3*d.* a mile as for one Packet, and 1*d.* for every 10, or less number, of additional Packets beyond the first. If the Letters or Parcels have to be searched for at more than one delivery a charge of 3*d.* is made for each extra search in addition to the Express fees levied when the special delivery takes place.

Applications for such special delivery must be signed by the Person to whom, or Firm to which, the Letters or Postal Packets in question are addressed. Forms of application may be obtained at any Post Office from which Letters or Parcels are delivered, and also from the more important Branch and Town Sub Post Offices.

The applications should be addressed to the Postmaster or Chief Officer on duty at the Post Office from which the Letters are ordinarily delivered. Where possible, it should be delivered at the Office by hand; but where this cannot be done it may be handed in at any Post Office or posted in any Letter Box in the District served from the Office. In the latter case the postage should be prepaid by means of a penny stamp affixed to the outside of the form. Care should be taken, however, that the application reaches the Office on the previous evening, if it is intended to apply to the early delivery in the morning, and, if to other deliveries during the day, an hour at least before the time at which the delivery by Postmen commences.

The Express Fee on at least one Packet must be prepaid in stamps affixed to the application. All additional Fees must be paid to the Special Messenger on delivery.

If no Letters, &c., for the address given are found, a Special Messenger will be sent to inform the applicant to that effect, and the Express Fee will be retained to pay for this service.

In cases where a regular delivery by Special Messenger is required, either on one or more days of the week, or of Letters, &c., arriving by particular Inland or Foreign Mails, it will be sufficient if only one Form of Application, altered to meet the requirements, is filled up and left with the Postmaster. In such case the whole of the charges will be collected on the delivery of the Letters.

International Express Service.

Letters, &c. from these Countries, marked for Express Delivery, and prepaid an Express fee in addition to the postage, will be delivered by Express Messenger from the usual Delivery Office in London, or within a distance of one mile from the local Post Office in the provinces without further charge, but if Express delivery is required to be made from the General Post Office or from the Head District Office in London at an address outside the ordinary delivery of such Office, or beyond a distance of one mile from the local Post Office in the provinces, the charge will be at the same rate as for Inland Express letters, viz., 3d. a mile, and will be collected from the addressee, but in consideration of the fee prepaid by the Sender, 3d. will be deducted from the charge for the full distance.

Letters from abroad can be delivered in London on Sundays under the conditions shown on page 23.

In the undermentioned British Colonies, letters and other postal packets will be accepted for express delivery in this country, although there are in those Colonies no arrangements for delivering by special messenger correspondence from the United Kingdom, and consequently there can be no similar service in the opposite direction:—

British Honduras.	Grenada.	Sarawak.	Trinidad.

As to the Express Delivery of Foreign and Colonial parcels see page 455.

General Regulations.

Except where otherwise specified, the Express Delivery Services are subject to the existing Regulations governing the Inland Post.

Compensation according to the published scales is paid for loss or damage of Express Registered Letters and Registered Parcels, and, up to 2l., for loss or damage of an Unregistered Packet carried express throughout its whole course. Express Single Post Railway Letters (see page 20) cannot be registered.

ADDRESSES AND PETITIONS TO KING AND PARLIAMENT.

Petitions and Addresses forwarded to the King are exempt from postage. Members of either House of Parliament may also receive by post Petitions and Addresses to His Majesty, and Petitions addressed to either House of Parliament, not exceeding 2 lbs. in weight, exempt from postage, provided such Petitions and Addresses be sent without covers, or in covers open at the ends.

PARLIAMENTARY PROCEEDINGS.

Printed Votes or Proceedings of the Imperial Parliament, in open covers, having the words "Parliamentary Proceedings" written or printed thereon, are subject to no limits of size and weight, and are liable only to a rate of $\frac{1}{2}$ d. for every 2 ozs., whether prepaid or not.

PARLIAMENTARY NOTICES.

1. Parliamentary Notices may be posted at any Money Order Office in the United Kingdom.

2. On the address side of the cover of each notice must be printed or legibly written the words "Parliamentary Notice," and the name and address of the Solicitor or Agent issuing the Notice.

3. Notices which by the standing orders of either House of Parliament, or by the General Orders for the Regulation of proceedings under and in pursuance of the Private Legislation Procedure (Scotland) Act, 1899, must be served on or before the 15th December or the 15th April must be posted not later than the 12th December or the 12th April, as the case may be, or, if the 12th be a Sunday, not later than the 11th; and those Notices which, by the same Orders, may be served on or before the 21st December or the 21st April must be posted not later than the 18th December or the 18th April, as the case may be, or, if the 18th be a Sunday, not later than the 17th.

4. The postage—at the letter rate—chargeable on these Notices and the registration fee of 2d. on each must be prepaid by stamps. For re-direction they are liable to the same regulations as letters.

5. The Notices must be presented at the Post Office counter, accompanied by duplicate lists of the names and addresses of the addressees, and arranged for the convenience of comparison in the order of the lists. These lists will be examined by the officer in attendance at the counter; and if they correspond with the names and addresses on the Notices he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the Notices, and the other forwarded to the Secretary, General Post Office, London.

6. Any person presenting more than one Notice addressed to the same person at the same address must number such Notices consecutively, and enter the same on the duplicate lists in numerical order.

7. The hours for receiving such Notices are the same as those for the registration of ordinary letters, *unless they be presented at such a time as to interfere with the other duties of the office*; in which case the Postmaster may appoint any other time within the next twenty-four hours for receiving the same, provided that such arrangement do not delay the posting beyond the date prescribed in each case as the latest date of posting.

8. The senders of Parliamentary Notices should, if possible, arrange on the previous day, with the Postmaster, as to the most convenient time for posting them and state the probable number.

PARLIAMENTARY AND MUNICIPAL REGISTRATION NOTICES.

1. Notices of objection to persons in lists of voters in England and Wales, and Ireland, and other notices required to be given, under the Acts 6 and 7 Vict. c. 18; 13 and 14 Vict. c. 69; 41 and 42 Vict. c. 26; and 48 Vict. c. 15 and c. 17, may be served by the post, under the provisions of the above-mentioned Acts on prepayment of postage in stamps and of a registration fee of one penny. If admissible as circulars they can be sent at the halfpenny rate, otherwise letter postage must be paid. Such notices must be presented, duly directed, open, and in duplicate, to the Postmaster of a Money Order Office,* who will compare the notice and the duplicate, and if they agree, he will stamp and return the duplicate to the bearer.

2. As a general rule, the notices, when less than 100 in number, must be presented to the Postmaster at least an hour before the fixed times for posting ordinary letters. In London, and at Offices where the night mails leave at or about 8 p.m., the following are the latest times of posting:—

When the notices exceed	100 but not	500	4 p.m.
"	"	500	" 1,000 3 "
"	"	1,000	" 2,000 2 "
"	"	2,000	" 3,000 12 noon.
"	"	3,000	" 10 a.m.

Elsewhere than in London, &c., the above rule is to be adapted to the time at which the night mails are despatched.

When the notices are posted on the 20th of August the posting must be sufficiently early to admit of their being delivered in ordinary course of post on the same day. In London the latest times of posting for delivery in London will be:—

At District Offices	-	-	3 p.m.
At Branch Offices	-	-	2 p.m.
At Town Sub-Offices	-	-	12 noon.

*The posting of the above-named Notices and Jury Summonses is confined strictly to Post-Offices where Money Order business is transacted; consequently, whenever such business is temporarily suspended at any Office none of these notices can be received there.

3. For re-direction the notices are subject to the same regulations as letters.

4. The production of the stamped duplicate by the person who posted the notice is evidence of the notice having been given to the person at the place mentioned in the duplicate, on the day on which such notice would, in the ordinary course of post, have been delivered there. Care should be taken to post notices of objection in time for delivery in the ordinary course of post on or before the 20th August.

JURY SUMMONSES.

1. *Jury Summonses* may, in England and Wales, be sent through the post under the following regulations:—

(a.) They must bear the words “*Jury Summons*” on same side as address.

(b.) The postage, at the letter rate, together with a fee of 2d. for each *Summons* must be prepaid in postage stamps.

(c.) They must be posted only at Money Order Offices,* and each must be accompanied with a duplicate endorsed with the name and address of the person to whom the original *Summons* is directed. On receiving them the Postmaster will compare their addresses with those of the duplicates, and on being satisfied that they are alike, he will forward the originals in usual course of post, returning the duplicates to the person who brought them, duly marked with the Office Stamp.

(d.) These *Summonses* are received within such hours as may be previously agreed upon between the Sheriff or other proper Officer and the Postmaster, which must be so arranged as not to interfere with the current duties of the Office.

2. The production of the stamped duplicate by the person who posted the *Summons* is evidence of the *Summons* having been delivered at the dwelling-house of the person addressed, at the place mentioned in the address, on the day on which the *Summons* would in the ordinary course of post have been delivered; provided it shall appear that it was not returned by the Post Office as undelivered.

BALLOT-PAPERS.

No postage is payable on *Ballot-papers*, *Poll-books*, and other documents which have been used at a Parliamentary Election, and are presented at a Post Office by a Returning Officer for transmission by post to the Clerk of the Crown in Chancery. When so presented, an acknowledgment in writing of their receipt must be given by the Postmaster.

The above does not apply to *Ballot-papers* or other documents used at County Council, District Council, or Parish Council Elections, or at any other Elections; in any such case, if any documents are sent by post, the proper postage must be prepaid.

GLASS, LIQUIDS, GREASE, COLOURING POWDERS,

May be sent by post under the following conditions:—

1. Nothing inflammable, corrosive or explosive may be sent, nor anything having an odour so strong as to affect the contents of other packets in the Mails.

2. No article liable to Customs duty may be sent by letter post to or from the Channel Islands, or the Isle of Man.

3. The following regulations as to packing must be complied with:—

Glass must be securely packed (in boxes of metal, wood, leather or cardboard) in such a way as to prevent all risk of injury to the Mails or the Officers of the Post Office.

Liquids must be enclosed in glass bottles, firmly sealed; the bottles must be enclosed in a box of wood, leather or metal, and packed securely in the box by means of corrugated paper or other suitable material, a sufficient quantity of sawdust or some spongy substance being added to absorb all the liquid contents in case of the bottle being broken. Special attention must be paid to the packing round the shoulders of the bottle; and the box must open at one end only, and have a tightly-fitting lid or a screw lid if made of metal, and if made of wood a screw lid with india-rubber washer round the neck.

* See note, page 22.

Semi-Liquids and Greases must have an inner covering securely closed and an outer covering of metal, wood, or leather, sufficiently strong to prevent any risk of the contents escaping during transit.

Powders must have an inner covering securely closed, and a strong outer covering of metal, wood, leather, or cardboard.

4. Packets of all the classes named are admitted to the letter Mails at the sender's risk, the Postmaster-General accepting no liability in the case of either loss or damage, even if the packets are registered.

5. Packets of the classes named which are found to be insecurely packed will be stopped. The public are warned that such insecurely packed packets come within the category of articles "likely to injure other postal packets in course of conveyance or an Officer of the Post Office." Such articles are prohibited from being sent by post, and the senders thereof are liable to penalties under the Post Office (Protection) Act, 1884. These provisions will apply to insecurely packed packets of glass, liquids, grease, and colouring powders.

Although such articles are admitted to the Inland Letter Post, they can in all cases be sent more safely by Parcel Post.

If they are sent by Letter Post to or from places marked "a" in the List of Provincial Post Offices in the Post Office Guide, they should be registered and be marked "Fragile, with care," in order that they may be withheld from transmission in Mails transferred to or from trains in motion.

DELETERIOUS LIQUIDS OR SUBSTANCES.

Deleterious liquids or substances, though otherwise prohibited from transmission by Post, may be sent for medical examination or analysis, by Registered Letter Post under the following conditions:—

Any such liquid or substance must be enclosed in a receptacle hermetically sealed, which receptacle must itself be placed in a strong wooden, leathern, or metal case in such a way that it cannot shift about, and with a sufficient quantity of some absorbent material (such as saw-dust or cotton wool) so packed about the receptacle as absolutely to prevent any possible leakage from the package in the event of damage to the receptacle.

The packet so made up must be marked "Fragile, with care," and tendered at a Post Office for transmission by Registered Letter Post. It must on no account be dropped into a letter box, or sent by Parcel Post. These regulations will be rigidly enforced. Any postal packet of the kind found in the parcel post, or any postal packet of the kind, whether registered or not, found in the letter post not packed as directed will be at once stopped and destroyed with all its wrappings and enclosures.

Any person who sends by post a liquid or substance for medical examination or analysis otherwise than as provided by these regulations is liable to prosecution, even if he be a patient sending something to his medical adviser for his opinion, or a medical practitioner sending something to a laboratory or elsewhere.

No liquid or substance of the kind may, under any circumstances, be sent by post to or from any place outside the United Kingdom.

LIVE BEES.

Live bees are allowed to pass by Letter or Parcel Post within the United Kingdom, on condition that they are sent in suitable cases, and so packed as to avoid all risk of injury to Officers of the Post Office or to other packets.

ARTICLES NOT ALLOWED TO BE SENT BY POST.

1. No indecent or obscene print, painting, photograph, lithograph, engraving, book, card, or any article having thereon, or on the cover thereof, any words, marks, or designs of an indecent, obscene, or grossly offensive character; may be sent by Post at all, nor any explosive, dangerous, noxious, or deleterious substance; nor any filth, nor any sharp instrument not properly protected, nor any living creature except bees, nor anything likely to injure the contents of the Mails,

or any officer of the Post Office. If any such postal packet be tendered for transmission, it is refused, or, if detected in transit, it is detained. The contents of any such packet are liable to be dealt with in such manner as the Postmaster General may direct, and the sender of it is liable to prosecution by the Department. As to articles which may only be sent by registered post, *see* "Compulsory Registration," p. 15, par. 7.

2. China, crockery, eggs, fruit, fish, meat, etc., may not be sent by any Post but the Parcel Post (*see* p. 9, par. 9c), and, if so sent, must be packed with special care.

3. Any postal packet sent by Letter Post which cannot from the nature of its contents be transmitted thereby is, if admissible by Parcel Post, transferred to that Post, and treated and charged as a parcel posted out of course (*see* p. 8, par. 6). If inadmissible by Parcel Post, the packet is liable to be detained and dealt with as the Postmaster General may direct. Letter packets containing liquids, grease, glass or colouring powders which are not packed in accordance with the Regulations stated on pages 27-28 will be stopped.

4. No postal packet may contain an enclosure addressed to a name and an address differing from the name and address borne on the cover of the packet. If any packet is observed to contain such enclosures, each forbidden enclosure is liable to be taken out, and forwarded to the addressee thereof, charged with separate postage at the prepaid rate.

5. No postal packet may be sent by post which is of such a form or so made up for transmission as to be likely, in the opinion of the Postmaster-General, to embarrass the officers of the Post Office in dealing with the packet in the post.

PREPAYMENT OF LETTERS, ETC., IN MONEY.

As a rule, the prepayment of letters, and other postal packets, can only be effected by means of postage stamps, but in London at the General Post Office, the Head Offices of the principal Metropolitan Districts (W.C., W., Paddington, S.W., S.E., E., N., and N.W.); also at the Bedford St., Charing Cross, Gracechurch St., Lombard St., Ludgate Circus, Mark Lane, and Battersea Post Offices, as well as at the Head Offices in Edinburgh, Dublin, and certain large towns in the provinces, *Inland letters, post cards, book packets, and parcels* may be prepaid in money, provided the amount paid be in no case less than 1*l.*, and that the letters and packets be tied in bundles representing a postage of 5*s.* each (or, in the case of exceptionally bulky packets, 2*s.* 6*d.* each), with the addresses arranged in the same direction. Prepayment, however, cannot be made partly in money and partly with stamps, and the money must be paid at the time the letters, etc., are handed in at the Post Office. It must also be understood that the arrangement only applies to *Inland letters, &c.* *Newspapers sent at the registered newspaper rate and Foreign and Colonial Correspondence can under no circumstances be prepaid in money.*

At the District Post Offices in London, and at the Bedford St., Charing Cross, Gracechurch St., Lombard St., Ludgate Circus, and Mark Lane Post Offices, letters and book-packets must be presented at the counter between 9 A.M. and 3.30 P.M., Battersea Head Office, Lavender Hill, between 9 A.M. and 3 P.M., and at the Chief Office between 9 A.M. and 4 P.M. At provincial towns the hours of posting are from 10 A.M. to 4 P.M.

Postings of letters, &c., prepaid in money cannot be received on Sunday, Christmas Day, Good Friday, or any of the Bank Holidays.

RE-DIRECTION.

Conditions of Free Re-direction.

1. Letters, book packets, post cards, and newspapers are not liable to additional postage for re-direction, whether re-directed by an officer of the Post Office or by an agent of the addressee after delivery, provided in the latter case that the letters, etc., are re-posted not later than the day (Sundays and public holidays not being counted) after delivery, and that they do not appear to have been opened or tampered with.

2. Re-directed letters, &c., which are re-posted later than the day after delivery will be liable to charge at the prepaid rate. Any which appear to have been opened or tampered with will be chargeable as freshly posted unpaid letters or packets.

3. Whenever it may be thought necessary, a receipt may be required from the addressee of a re-directed letter or packet at the second address.

Parcels treated Differently.

4. Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where the original and corrected addresses are both within a delivery from the same Post Office, and the re-direction is made within the period of free re-direction. (*See page 10, par. 14.*)

Re-direction of Registered Packets.

5. Registered letters or packets, on being redirected, may not be dropped into a letter box, but must be taken to a Post Office to be dealt with as registered. No additional postage or registration fee will be charged upon them if they are presented for re-registration not later than the day after delivery; but if they are presented after that time they will be treated as freshly posted, and fresh postage and registration fees will be payable in respect of them.

If any registered letter or packet when redirected, instead of being given back to the Post Office to be dealt with as registered, is dropped into a letter box as an ordinary letter or packet (the word "registered" not having been erased, or having been erased in pencil only), it becomes liable to surcharge on delivery.

Notices of Removal.

6. **Notices of removal and Applications for letters, &c., to be re-directed**, must in all cases be duly signed by the persons to whom the letters are addressed. Printed forms can be obtained from the local Postmaster, and in London at any District or Branch Office, or from the Postman of the walk; and, when filled up and signed, they should be given to the Postmaster, or to the Postman; but it is desirable, for the prevention of mistakes, that persons who are about to change their residence should inform their correspondents beforehand of their intention, so that their letters may be directed in the first instance to their new address. A separate notice should be filled up if it is desired that parcels may be re-directed. The Post Office does not undertake to provide for the re-direction of letters, bookpackets, postcards and newspapers for a longer period than twelve months from the date of removal, but it is open to any person, after his correspondence has been re-directed for that time, to apply for an extension of the privilege on prepayment of a fee of 1s. a year for the second and third years. Letters, &c., cannot be re-directed for a longer period than three years after the change of address.

Cases in which Correspondence is not Re-directed.

7. The Post Office does not undertake the re-direction of letters, &c., for a person **temporarily leaving home**, unless the house be left uninhabited; nor, as a general rule, does it re-direct letters addressed to Clubs, Hotels, Boarding Houses, or Lodgings.

COLLECTION FROM PRIVATE LETTER BOXES.

Arrangements are made for the collection by Postmen of ordinary letters, &c. (**not registered letters or articles intended for transmission by parcel post**) from private letter boxes of approved pattern in provincial town districts

The charge for this accommodation is as follows:—

For one collection daily from a box on the ground floor, **3s. a year**

For each daily collection above one an additional **1l. a year**

For boxes above or below the ground floor an additional **1l. a year** in respect of every floor the collector has to ascend or descend to make the collections.

Pursuant to the terms of section 19 of the Post Office (Protection) Act, 1884, the following notice will be affixed to these boxes, viz.:—

"This is a PRIVATE POSTING BOX. Letters and Packets posted in it will be treated in all respects as Post Letters, but proof of such posting will not be accepted in legal proceedings as evidence of receipt by the addressee. By Order of the Postmaster General."

Applications in regard to the collections from private posting boxes should be made to the Postmaster of the town in which the accommodation is desired.

London.

Different arrangements, with a separate scale of charges, are experimentally in force.

	£	s.	d.
1. Initial fee, for which two collections are given daily (neither of the two being the General Post Collection)	1	0	0
2. Fee for each additional collection, not being the General Post Collection	0	10	0
3. Fee for General Post Collection	2	0	0

In special cases additional charges are levied, *e.g.*, in the case of a house at a distance from the Postman's walk.

Full information in regard to the arrangements and conditions can be obtained on application to the District Postmasters or to the Controller of the London Postal Service, General Post Office, E.C.

DELIVERY.

1. To facilitate the delivery of Letters, a Letter-box should be affixed to every house door.

2. Postmen are prohibited, whether on duty or not, from distributing any letters, newspapers, parcels, &c., except such as have passed through the Post.

3. No person living within an official delivery, unless he rent a private box, can have his letters, &c., or parcels delivered at the office if a delivery by Postman or a despatch by messenger is about to take place; but letters, &c., or parcels which arrive by a mail after which there is no immediate delivery by Postman may be obtained by any person on application at the office, so long as the office is open for delivery; and by paying a fee of 5s. a year any person, even although he does not rent a private box, may obtain at the Post Office registered letters addressed to him which in the ordinary course would fall into the first delivery, and also those which would fall into the second delivery when that delivery follows immediately upon the first. For special delivery of local letters in rural districts, *see* Rule 16, page 47.

4. When letters, &c., or parcels, directed to a Post Office for persons who reside within an official delivery, but who have no private box at a Post Office, arrive by a mail for which there is a delivery from house to house, a Postmaster may refuse to deliver them at the office, and may send them out by the Postmen; except such as are addressed to the military in barracks.

5. It is the rule to deliver all letters, &c., as addressed, but by payment of a fee of 1*l.* 1s. a year Firms or persons can have letters addressed to their offices delivered at their private address, and *vice versa*, provided that both addresses are served from the same delivery office.

PRIVATE BOXES AND BAGS.**Country Arrangements.**

1. At the larger Post Offices the charge for a Private Box varies from 2*l.* 2s. to 3*l.* a year; at the smaller offices the amount is 1*l.* 1s. a year. The charge for a Private Bag conveyed by Private Messenger is usually 1*l.* 1s. a year.

2. The following are the rules and scale of charges for Private Bags conveyed by Rural Postman, Mail Cart, or other Contract Service, *viz.* :—

I. For a bag not exceeding 1½ lbs. in weight when empty :

Fee for making up the bag once a day 1*l.* 1s. 0d. a year.

Fee payable for conveyance of bag by

each Rural Postman 0*l.* 15s. 0d. „

III. No bag weighing more than 2½ lbs. when empty is to be carried by a walking Rural Postman.

3. When a bag is made up more than once a day an extra half fee will be charged for each additional making up, and an additional half fee for conveyance.

4. In all cases in which a bag is conveyed in one direction only, the Postman or Contractor is only entitled to charge a half fee.

5. If a Private Letter Bag is sent by railway, the person owning the bag must make his own arrangements with the railway companies, but if a Post Office servant conveys the bag to and from the railway station he is entitled to receive the full fee for conveyance.

6. If a Sub-Postmaster provides for the delivery of a Private Bag at the owner's house, he is entitled to charge the half fee for conveyance, and if for both delivery and collection the whole fee for conveyance.

7. If the bag is left in charge of the Sub-Postmaster at a Sub-Office to be called for by the owner or by the postman who collects or delivers it, the Sub-Postmaster is entitled to charge a fee of 5s. a year for taking charge of the bag at his Office.

8. A Private Bag must be taken for a period of not less than twelve months, and the fees are payable on the 1st January in each year for the twelve months ending the 31st December following. If, however, the bag be taken at any time after the commencement of the year the proportionate fee may (for convenience of account) be charged for the unexpired period to the 31st December, so that the full fee for the next year may be payable on the 1st January.

Any person residing within a Town Free Delivery and having a Private Bag is required to pay the full fee for a Private Box as well as for a Private Bag.*

9. The conveyance of a Private Bag by Postman or Mail Cart Contractor, and the payment for the same, are matters of private arrangement between the Postman or Contractor and the Owner of the Bag, and the Department does not interfere beyond authorising the Postman or Contractor to convey the Bag, and fixing the maximum payment which may be demanded for the service. The Post Office will not in any case, therefore, be responsible for the loss of a Private Bag, or for any damage caused to it while being so conveyed. Private Letter Bags are not delivered by Town Postmen.

The rules which apply to private boxes and bags for parcels will be found at page 10, par. 13.

London Arrangements.

10. Private Letter Boxes may be rented at the General Post Office, at Lombard Street, Gracechurch Street, Ludgate Circus, Mark Lane, Threadneedle Street, and Bedford Street Branch Offices, and at Head District Offices, for 3*l.* a year, and at Sub-District Offices for 2*l.* a year, payable in advance.

11. The renter of a Private Box, on payment of 1*l.* 1*s.* a year in addition to the ordinary charge for a Private Box, can have a Private Bag (to be provided by himself) made up and locked at the Post Office for delivery to his own messenger.

Private Letter Boxes for Night Use.

12. Private Letter Boxes for use during the night may be rented at Post Offices at which a Night Staff is on duty, and at which there is a delivery of Letters to callers during the day. Under this arrangement a Renter of a Night Letter Box can, during the hours of attendance of the Night Staff, obtain letters arriving after the office is ordinarily closed to callers, which otherwise would not be delivered until next morning. Such letters must be enclosed in *red envelopes* clearly marked in the upper left-hand corner "Special Private Box Night De-

* When a town private bag is used for the posting of letters only, and not for their delivery, the fee is charged as for a bag only, and not for a private box as well.

livery," and it is recommended that they be handed in at a Post Office Counter, but when this cannot be conveniently done they may be posted in any Post Letter Box. The rent for a Night Letter Box will be *twice the amount charged for an ordinary Private Letter Box*, and if a Private Box is rented for use during the day, the ordinary rent for such a Box must also be paid.

Spoiled Stamps.

Payment of postage cannot be made by means of imperfect or defaced postage stamps, or of embossed, or impressed stamps, cut out from envelopes, cards, wrappers, or telegraph message forms (even although the stamps have not been before used).

In the term "defaced postage stamps" is included stamps marked by the purchasers with any written, printed, or stamped characters, but not those bearing initials of firms, etc., defined by perforations. See paragraph headed "Perforation of Postage Stamps" (page 36).

Applications for allowance on spoilt or unused postage stamps, embossed or registered envelopes, post cards, or newspaper wrappers, which have not passed through the post, or Inland Revenue Stamps should be made:—

In London to the Controller of Stamps, Somerset House, W.C.

In Dublin " " " **Dublin.**

In Edinburgh " " " **Edinburgh.**

In Provincial Towns to the local Stamp Office or, in the event of there being no Stamp Office, to the Head Postmaster.

Such applications, however, can only be entertained if the stamps or other articles have been spoilt or become useless within the period of two years preceding the date of application. In all cases the applications must be accompanied by the articles on which stamps have either been affixed or impressed intact, as no allowance can be granted on stamps if cut therefrom.

Stamps Bought from the Public.

All Postmasters in the United Kingdom at whose Offices Money Order business is transacted, and all Sub-Postmasters in the London District, are permitted, though not compelled, to purchase postage stamps from the public (provided the stamps be not soiled or otherwise damaged), at a charge of 2½ per cent.; the charge, however, never being less than one halfpenny. Under this arrangement the payments are as follows:—

For stamps not exceeding 1s. 8d. in value, the full price minus ½d.

" above 1s. 8d., but not exceeding 3s. 4d., the full price minus 1d.

" " 3s. 4d., " " 5s., " " 1½d.

" " 5s., " " 6s. 8d., " " 2d.

" " 6s. 8d., " " 8s. 4d., " " 2½d., and so on.

To prevent the temptation to steal stamps attached to letters, which might be afforded by facilities for selling them, single stamps cannot be purchased. They must in all cases be presented in strips of not less than two. No stamps will be purchased at any Post Office unless they can be conveniently checked and paid for at the time of presentation.

Perforation of Postage Stamps.

In consequence of representations made to the Post Office by various Firms that there is reason to believe that their postage stamps were purloined by persons in their employ, the Department has recommended that the initials of Firms, &c., be perforated through the stamps by means of a machine devised for the purpose, and Postmasters have been instructed not to purchase such stamps. The perforation of the stamps on post cards, newspaper wrappers, and embossed envelopes with initials is also not objected to.

Whenever adhesive stamps are used for denoting the stamp duty on a receipt or other document the perforation is not to be regarded as a cancellation of the stamp, but in all such cases the stamp must be cancelled by writing across it as is required by law.

Impression of Postage Stamps on Cardboard, &c.

Paper and Card-board can, on certain conditions, and when presented at the Inland Revenue Office, Somerset House, London, W.C., be impressed with postage stamps.

Special arrangements for this business are also made for the convenience of the public at the Inland Revenue Offices in Manchester, Liverpool, Newcastle-on-Tyne, Birmingham, Edinburgh, Glasgow, Dublin, Bristol, Leeds, Sheffield, Hull, Bradford, Portsmouth, Southampton and Belfast. Full conditions can be learnt at any of these Offices, but in every case the cost of carriage of the material to and from London, where alone the stamping is executed, will have to be paid by the owner.

INLAND REVENUE BUSINESS.

Inland Revenue Stamps.

Stamps issued solely for Inland Revenue purposes, whether impressed upon paper or parchment, or adhesive, can now be obtained through all Money Order Offices, and Postmasters are instructed to keep a stock of those classes of stamps for which there is a demand. The same regulation applies also to the supply of Fee Stamps of every kind. If application is made for an Inland Revenue or Fee Stamp other than is ordinarily kept in stock (provided the stamp be within the limit applicable to that particular Office (see next par.), and there is not a stamp distributor appointed by the Inland Revenue Authorities in the town), the Postmaster can obtain the stamp, if the applicant deposit in cash the value of the stamp required. The hours of sale for these stamps are generally those during which Money Order business is transacted.

Except at a few Head Post Offices,* no stamp of a value exceeding 200*l.* can be obtained, and in towns where there is a recognised Distributor or Sub-Distributor of Stamps, whether or not he be also the Postmaster, no stamp of a higher value than 5*l.* can be obtained at the ordinary Town Sub-Offices.

Ordinary Postage and Revenue Stamps available for certain documents.

Ordinary adhesive Postage and Revenue Stamps may be used for the purpose of denoting the Stamp Duties chargeable on the following documents :—

Agreements, under hand only, where liable to the fixed duty of 6d.	For any definite term less than a year :— (b) of a Furnished Dwelling-house or Apartments (duties, 6d., 1s., 1s. 6d., 2s., and 2s. 6d., according to the rent).
Bills of Exchange (including cheques) for the payment of money on demand (duty 1d.).	Letters of Renunciation (duties 1d. and 6d.).
Certified copies of, or extracts from, Registers of Births, &c. (duty 1d.).	Notarial Acts (duty 1s.).
Charter Parties (duty 6d.).	Policies of Insurance, not Life or Marine (duty 1d.).

Protests of Bills of Exchange or of Promissory Notes (duties, 1d., 2d., 3d., 6d., 9d., in agreement with the duty on the Bill or Note, and 1s. when the Bill or Note is stamped with 1s. or upwards).

Lease or Tack, or Agreement for a Lease or Tack, for any definite term not exceeding a year.	Receipts (duty 1d.).

One or more Postage and Revenue Stamps may be used to make up the Stamp Duties payable on any of the instruments above enumerated.

The Stamp or Stamps must be cancelled by writing the signature or initials and date across each stamp at the time the instrument is signed.

An agreement for a lease, or tack, or with respect to the letting of any lands, tenements, or heritable subjects, for any term not exceeding thirty-five years, is chargeable with the same duty as if it were an actual lease, or tack, made for the term and consideration mentioned in the agreement, and not with the duty of sixpence as an agreement under hand only. Adhesive Postage and Revenue Stamps cannot be used for denoting the Stamp Duty payable on an agreement for a lease, or tack, except in the instances above stated.

It is to be observed that the use of ordinary adhesive Postage Stamps is strictly limited to the documents above enumerated, and their use in respect of any other document would not afford protection from the penalties payable in consequence of the omission to stamp such other document within or at the time prescribed by Law for the purpose.

Stamping of Documents, &c.

On the prepayment of the proper duty, any executed or unexecuted documents or printed forms can be left at Money Order Offices, to be forwarded for stamping, without charge for transmission, provided that the value of the stamp on any document or form does not exceed the limit which may be in force at the Money Order Office concerned. Executed documents can, as a rule, be reclaimed the second day after being left, but if unexecuted documents and printed forms, in small quantities, are required so promptly, a representation to that effect must be made when they are left.

Forms for Probate, Administration, and Legacy Duties.

Forms of affidavit for Probate, Administration, Estate, and Account Stamp Duties, and forms for the payment of Legacy and Succession Duties, can be obtained through any Money Order Office in England and Wales outside the Metropolitan District.

SALE OF ORDNANCE SURVEY MAPS AT CERTAIN POST OFFICES.

By arrangement with the Board of Agriculture, the Post Office now assists in the sale of Ordnance Survey Maps of the United Kingdom to the following extent :—

Indexes and Specimen Maps are kept available for inspection by the public at upwards of 700 Head Post Offices, together with Forms of Order upon which purchasers may indicate the Map or Maps which they require.

On payment in advance of the cost of the Map, with an additional charge to cover postage, etc., the Order will be transmitted to the Ordnance Survey Office at Southampton or Dublin, as the case may be, whence the Map will be sent direct to the purchaser.

SALE OF PARLIAMENTARY PAPERS, ACTS OF PARLIAMENT, AND GOVERNMENT PUBLICATIONS.

Under an arrangement made between the Post Office and the King's Printers, Messrs. Eyre & Spottiswoode, the Post Office assists in the sale of Parliamentary Papers, Acts of Parliament, and Government publications, to the following extent :—

Catalogues are kept available for inspection by the public at about 70 Head Post Offices in England and Wales, together with Forms of Order in which purchasers may insert the name of the Paper or Act which they require.

The price of the Parliamentary Paper or Act required should be enclosed with the order form to Messrs. Eyre & Spottiswoode, and the postage of the order must be prepaid by the sender.

POSTE RESTANTE.

1. Letters, Parcels, etc., to be called for are, as a rule, taken in at all Post Offices excepting Town Sub Offices. They should have the words "to be called for" or "Poste Restante" included in the address.

2. The Poste Restante being intended solely for the accommodation of strangers and travellers who have no permanent abode in the town, letters or parcels for residents may not be addressed to the Post Office "to be called for." Even strangers may not use the Poste Restante for more than two months.

3. Letters or parcels addressed to initials, or to fictitious names, or to a Christian name without a surname, are not taken in at the Poste Restante, but are at once sent to the Returned Letter Office for disposal.

4. Letters or parcels may not be re-directed from one Poste Restante to another in the same town, nor from a private address to a Poste Restante in the same town.

5. All persons applying for Poste Restante letters or parcels must furnish the necessary particulars, to prevent mistakes, and to ensure the delivery of the letters or parcels to the persons to whom they properly belong. If the letters or parcels be for a subject of the United Kingdom he must be able to state from what place or district he expects them, and produce some proof of identity; and if he sends for his letters or parcels, the messenger, besides being furnished with this information, must have a written authority to receive them. If the applicant be a foreigner he must produce his passport or other evidence of identity; or if he send for his letters or parcels the messenger must produce such evidence

Subjects, however, of States not issuing passports are treated as subjects of the United Kingdom.

6. Letters from abroad addressed to the *Poste Restante, London*, are retained for two months, letters from provincial towns for one month, and letters posted in London for one fortnight; all such letters, at the end of these periods, being sent to the Returned Letter Office for disposal.

7. A letter addressed to a Provincial Post Office to be called for is, as a rule, retained one month. If not called for by the end of that time, it is sent to the Returned Letter Office for disposal. A letter addressed to a Post Office at a seaport town for a person on board a ship, expected to arrive at that port, is kept two months. When, however, letters, etc., addressed to a Post Office to be called for bear a request for their return within a specified time if not delivered, they are dealt with in accordance with such request.

DISPOSAL OF UNDELIVERED CORRESPONDENCE.

1. Every letter should bear the full name and address of the sender, in order to ensure its return in case of non-delivery.

2. An undelivered inland letter bearing the full name and address of the sender printed or written upon the outside is returned direct and unopened. Other undelivered inland letters are sent to the Returned Letter Office, where they are opened, and returned, if possible, to the senders; if they contain neither sender's address nor any enclosure of importance they are destroyed. Letters found to contain value are recorded, and, if returned, are registered. Letters from abroad are returned unopened to the country of origin, after a brief detention in the Returned Letter Office.

3. Book-packets (not exceeding 2 ozs. in weight), post-cards, and newspapers which cannot be delivered are disposed of as follows:—

(1.) Those bearing on the outside the name and address of the sender with a request for their return in case of non-delivery are sent back direct from the office of delivery, and are delivered to the sender on payment of a second postage.

(2.) Those bearing on the outside no request for return in case of non-delivery are disposed of at the Head Office of Delivery.

4. Senders of packets prepaid one halfpenny are desired—

(a) to print or write their name and address, with a request for return, on the outside of every packet which they wish to recover in case of non-delivery;

(b) to place such request upon the front of the packet in the upper left-hand corner, and in small type, in order that it may not be confounded with the original address of the packet;

(c) to word the request somewhat as follows:—

“In case of non-delivery, to be returned to
(name and address of sender).”

5. Undelivered parcels are dealt with as indicated at page 10, Rule 15.

ARTICLES OF VALUE.

1. Neither money nor any other article of value ought to be sent by post, except in a registered postal packet, or by means of a Money Order, or of a Postal Order duly filled up with the name of the Payee. Any person who sends money or any other article of value otherwise runs a risk of losing his property, and exposes to temptation everyone through whose hands the postal packet passes. (See also Rule 7, page 15—Compulsory Registration.)

2. Whenever bank notes are sent by post, even in registered letters, they should be cut in halves, and the second halves should not be posted till it has been ascertained that the first halves have been received; and further, in order to afford the means of identification, a memorandum should always be made of the number, date, and cypher of each bank note.

LATE-FEE LETTERS.

1. As a general rule, late letters, &c., are received till within five minutes of the despatch of the mail; although no office is kept open merely for this purpose after 10 o'clock at night. The times at which late letters can be posted at the Chief Office, St. Martin's le Grand, and at the principal Post Offices and Railway Stations in London, are given at pages 351-354.

2. No late letters, &c. (except Government letters), are forwarded by the mail preparing for despatch unless prepaid, by stamps, *including both the ordinary postage and the late letter fee.*

3. Letter boxes for the receipt of late letters bearing an extra $\frac{1}{2}$ d. stamp are affixed to all Mail Trains to which Travelling Post Offices or sorting carriages are attached.

SUNDAY AND HOLIDAY ARRANGEMENTS.

1. At all offices in the Provinces which are open on Sunday the public are allowed to purchase postage stamps, and to have letters registered, during the time such offices are open. The same regulation applies to Christmas Day and Good Friday. The hours at which telegraph business is attended to are, as a rule, from 8 to 10 A.M.; but no Money Order, Savings Bank, Insurance, or Annuity Business is transacted on those days, nor in Scotland on Sacramental Fast Days.

2. At offices in London which are open during certain hours for the transaction of Telegraph business (see pages 523-525), Postage Stamps are sold and letters are accepted for registration on Good Friday and Christmas Day. Letters cannot be registered in London on Sunday, except at the offices and in the Sorting Carriages at the Railway Stations mentioned at pages 355 and 356.

3. At all towns in England and Ireland where Bank Holidays are observed as public holidays, the public counters of the Head Office and of the Branch Offices will be closed at 12 noon on those days for all business excepting telegraph business (for information concerning the offices at which Telegraph Money Order business is transacted on Bank Holidays, see page 479), the acceptance of parcels, the sale of postage stamps, and the registration of letters, and all Village Post Offices not being Telegraph Offices will be closed at noon. On Bank Holidays there is only one delivery of letters, and, as a rule, only one despatch. At offices served by Rural Postmen the despatch of letters is, as a general rule, made on Bank Holidays, Sundays, Christmas Day, and Good Friday, early in the day. Town Sub-Offices which are not Telegraph Delivery Offices are as a rule closed entirely on Bank Holidays. At no provincial town in England or Ireland is there more than one delivery of letters on Sundays, Christmas Day, or Good Friday. Towns which have no Sunday delivery are indicated at pages 286, &c.

4. In Scotland few towns have any delivery by Postmen on Sundays; but in the majority of cases letters can be obtained at the Head Post Office. (See list at page 334.) On Sacramental Fast Days, where still observed, and on holidays fixed by local authorities, there is generally only one delivery by Postmen.

5. Any person can have his letters, &c., retained in the Post Office on Sunday by addressing to the Postmaster a written request, duly signed, to that effect; and such request will be held to include newspapers, and all other postal packets, even such as may be marked "immediate," as no distinction can be allowed; but no letters, &c., the non-delivery of which by the Postman on Sunday has been directed, can be obtained from the Post Office on that day.

6. Private box-holders have the option of applying for letters at the office while it is open for delivery on Sunday, or of abstaining therefrom; but no person can be permitted to engage a private box for Sunday only.

7. Applications for the general discontinuance of the delivery of letters on Sunday in Town Districts or other changes of Sunday service can only be entertained provided that they are supported by the local town authorities, and that satisfactory evidence is afforded that the inhabitants are unanimous, or substantially unanimous, in desiring the change.

8. The regulations as to the establishment, discontinuance, or alteration of Sunday Posts in Rural Districts are as follows :—

(a.) A Sunday Post cannot be established unless the circumstances are such as to warrant the extra cost involved.

(b.) Before a Sunday Post can be established or discontinued, or existing Sunday arrangements altered, evidence must be adduced that the change is desired by the inhabitants generally. In most cases such evidence may be furnished by the Parish Council or other local authority having jurisdiction in the district, provided that the Council pass a resolution in due form by a majority of not less than two-thirds of those present, and give an assurance that the resolution represents the views of the inhabitants generally on the subject. If the district affected is within the jurisdiction of more than one Parish Council, similar evidence must be furnished by each of the Parish Councils concerned.

(c.) A Rural Postman is usually allowed to return to his starting point on Sundays about an hour after the completion of his delivery. Applications for Sunday afternoon or evening collections of letters are, therefore, not as a rule entertained.

EXCLUSIVE PRIVILEGE OF THE POSTMASTER GENERAL.

1. Any person conveying, otherwise than by the Post, a letter (which by law includes a packet) not exempted from the exclusive privilege of the Postmaster General, or who performs, otherwise than by Post, any services incidental to conveying letters from place to place, whether by receiving, or by taking up, or by collecting, or by ordering, or by despatching, or by carrying, or by recarrying, or by delivering a letter not exempted from such privilege incurs, by law, a penalty of 5*l.* for every letter, and 100*l.* for every week the practice is continued. A person sending, or causing to be sent, otherwise than by post, a letter not exempted from such privilege, is also liable to similar penalties.

2. The following letters are exempt from the Postmaster General's exclusive privilege :—

1st. Letters sent by a private friend, on his way, journey, or travel, to be delivered by such friend to the person to whom they shall be directed :

* The letters referred to in the 4th section above, if handed over to the Post Office on arrival in the United Kingdom, will be delivered on payment of the postage as on prepaid Inland Letters, provided that the Owners, Charterers, or Consignees are described as such on the Address and Superscription.

5th. Letters concerning goods or merchandise sent by common known carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

3. No person, however, is authorised to make a collection of such excepted letters for the purpose of sending them in the manner above described.

4. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same :—

- 1st. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack horses; and owners, drivers, or guards of stage coaches;
- 2nd. Owners, masters, or commanders of ships, vessels, steam boats, or boats called or being passage or packet boats, sailing or passing coastwise or otherwise between places within Great Britain or Ireland, or between, to, or from ports within His Majesty's Dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board;
- 3rd. Passengers or other persons on board any such ships, vessels, steam boat, passage or packet boat;
- 4th. The owners of or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other of His Majesty's dominions.

Manner of Posting.

1. Every Letter intended for transmission as a Railway Letter must be taken to a Passenger Station of the Railway Company over whose line it is to be sent, and tendered, during such hours as the Station is open to the public, to a servant of the Railway Company in the Parcel Booking Office, or, if that office be closed, in the Passenger Booking Office. No such Letter can be accepted at a Post Office, or by an Officer of the Post Office, unless it be handed in at an *Express Delivery Office* for immediate conveyance by special messenger to a railway station. See Regulations of Express Delivery Services, p. 18.

Mode of Address.

2. (a.) A Railway Letter can either be addressed to a Passenger Station to be called for (*see example (b)*), or to the actual residence of the addressee, with the addition of the name of the Railway Station to which it is to be transmitted (*see example (c)*). A Letter addressed as in example (b) will be retained at the Station of Address for a period not exceeding seven days from the date of arrival. In order to obtain delivery, the addressee or his agent must apply for it at the Parcel Booking Office, or if that Office be closed, at the Passenger Booking Office, during such hours as the Station is open to the public. A Letter addressed as in example (c) will be transferred to the Post Office receptacle nearest to the Station of Address for delivery in due course of post by the Post Office. Any Letter not plainly addressed to a station to be called for, will be so transferred to the post.

(b.) Example of a Letter addressed to a Railway Station to be called for:—

T. Jones, Esq.,

(To be called for.)

* Insert full name of station here.

(c.) Example of a Letter addressed to the actual residence of the addressee:—

T. Jones, Esq.,

*

*

To†

Station.

(To be posted on arrival.)

* Insert full postal address here,

† Insert name of station to which letter is to be transmitted here.

3. Any Railway Letter addressed to a Station to be called for and not called for within seven days from the date of arrival, will be handed over to the Post Office for disposal in the same way as an ordinary undelivered Inland Letter.

Payment of Postage and Fee on Railway Letters.

4. Upon every Railway Letter a fee of 2d. in addition to postage at the ordinary rate of 1d. for a Letter not exceeding 4 oz., will be charged. The total charge of 3d. will defray the whole cost of transmission. No servant of a Railway Company will be entitled to make a further charge on the delivery of a Railway Letter,

not any servant of the Post Office, unless it should be discovered to have been accepted contrary to the regulations of the Post Office.

5. Before a Railway Letter can be accepted by a servant of a Railway Company, the sender must affix to the cover, in the same way as to an ordinary post letter, a postage stamp (or stamps) of the value of 1*d.*, which should, on acceptance of the Letter, be obliterated by the railway servant, and must in addition pay to such servant the sum of 2*d.* in cash, no more and no less. The railway servant will affix and obliterate an adhesive label issued by the Railway Company. This label will simply indicate that the sum of 2*d.* has been paid to the Railway Company.

Legal Conditions in Regard to Railway Letters.

6. **Railway Letters**, that is to say, Letters transmitted under the arrangements just described, will be deemed to be in all respects Letters sent by post. The Railway Companies, in carrying such Letters, will act and will be deemed to act solely as agents, and at the sole risk and responsibility of the Postmaster General, but the Companies will take all reasonable care for the security of the Letters while under their charge.

Except in the case of a Letter exempted from the exclusive privilege of the Postmaster General (*see* page 42), no Letter can legally be sent by railway otherwise than in His Majesty's mails, or in the manner above described.

7. Save where repugnant to the preceding rules the ordinary conditions and regulations of the Post Office will apply to Railway Letters and matters connected therewith.

Mode of Transmission of Railway Letters.

8. A Railway Letter will be forwarded, and afterwards passed on by each Company in succession (if the case requires it), by the next available train or steamship, to the station of address, whether such Station be on the line of the Company by which the letter has been accepted, or on the line of any other Company party to this arrangement. For example, a letter handed in at Birmingham Station for Barrow-in-Furness Station would be transferred from the London and North-Western line to the Furness line at Carnforth.

Letters, &c., Excluded from Transmission as Railway Letters.

9. No letter may be accepted for transmission as a Railway Letter which either—

- (a.) Exceeds four ounces in weight; or is
- (b.) Addressed to a Foreign Country, or to a Colony or British Possession; or which
- (c.) From any words or marks thereon appears to be intended for Registration; or which
- (d.) Contains or appears to contain a watch, coin, or jewellery, or any article or thing which, if sent by Post unregistered, would be subjected to Registration by the Post Office; or which
- (e.) Contains or appears to contain any article or thing which may not, under the regulations for the time being, be sent by the Inland Letter Post. (*See* p. 28.)

10. (a.) Any Railway Letter found by an Officer of the Post Office to have been accepted contrary to Rule 9 (a) will be charged with double the deficient postage, at the Inland Letter rate. Similarly, any Railway Letter found by an Officer of the Post Office to have been accepted contrary to Rules 9 (c) and 9 (d) will be charged with a fee of 4*d.*

(b.) Any Railway Letter accepted contrary to Rules 9 (b) and (e) will be handed to an Officer of the Post Office, and will be dealt with in such manner as the Postmaster General may direct.

MISCELLANEOUS REGULATIONS AND SUGGESTIONS

Non-liability of the Post Office.

1. The Post Office is not legally liable for any loss or inconvenience which may arise from the damage, delay, non-delivery, mis-sending, or mis-delivery of any letter or other postal packet, but liability for actual loss or damage is accepted on certain conditions in the case of parcels and registered packets.

Postmasters and the Public.

2. Postmasters are not allowed to return any letter, parcel, or other postal packet to the writer or sender, or to anyone else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

3. Postmasters are not bound to give change, nor are they authorised to demand it; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

4. Postmasters are not bound to weigh for the public letters, books, packets, or newspapers, brought for the post, but they *may* do so, if their duty be not thereby impeded. This rule does not apply to parcels, which are tested both as to weight and size before being accepted.

5. No information can be given respecting letters or any other postal packets except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

6. If any postal packet be forwarded under cover to any Postmaster with a request that he will re-post it at his office, the postal packet, on being re-posted, will be endorsed with the words "posted at —, under cover, to the Postmaster of —."

Information from Headquarters.

7. Applications for information should be addressed to the Secretary of the Post Office.

Addressing Correspondence.

8. Letters, &c., should be clearly and legibly addressed. When writing to a place where there is a *Sub-Post Office only*, the name of the *Post-town* (or *County* in some cases) should be added.

The name of the *Post-town*, as a rule, completes the address, but in certain cases the name of the *County* is required, as, for instance, where there are two or more places of the same name in the United Kingdom; or where there is an important town bearing a similar name in a British Colony or foreign country.

Abbreviated addresses registered for Telegrams should not be used for letters.

9. In the case of letters or other postal packets for places abroad the name of the *country* as well as the town should be given in full. For example, a letter intended for Boston (U.S.A.), London (Canada), or Halifax (Nova Scotia), should be so addressed.

Advertisements, &c. on Envelopes and Cards,

10. Nothing may be written or printed on the address-side of any postal packet which, either by tending to prevent the easy and quick reading of the address, or by inconvenient proximity to the postage stamps, or in any other way, is likely to embarrass the Officers of the Department in dealing with the packet. Any packet which is posted in contravention of this regulation will be liable to be withheld from delivery. As regards newspapers see par. 6, page 4.

Time of Posting Shown on Date Stamp.

11. In certain cases the time of posting is indicated approximately in the date stamp in clock time. It is intended that the arrangement shall be extended gradually.

Circulars.

12. Circulars should be tied in bundles, with all the addresses in one direction, and should be posted early in the day to secure due despatch.

Verifying a Surcharge.

13. When a person to whom a letter has been delivered has reason to think that it has been improperly charged as overweight, the letter should be taken to a Post Office to be weighed before being opened. Unless this course is followed, no question as to the correctness of the surcharge can afterwards be entertained.

Exceptional Detention of Certain Postal Packets.

14. The Postmaster General has power to delay the despatch or delivery of Book Packets, Post Cards, and Parcels, when it is necessary to do so in order to secure the due despatch of the letter mails, and also to delay parcels when he considers it expedient for their safety and protection to do so. He is likewise empowered to detain packets of every description which from their size, weight, or character are unsuitable for transfer by Mail Bag Apparatus, and to forward them by mails for which the apparatus is not employed.

Postmen and the Public.

15. Town Postmen are not allowed to take charge of letters for the post, but Rural Postmen may accept letters handed to them on their route, except in the vicinity of a Letter Box.

Delivery of Local Letters, &c., in Rural Districts.

16. Rural Postmen are instructed to accept for delivery ordinary postal packets, on which the postage is fully prepaid by means of stamps, if addressed to any house which they will have to pass in the usual course of their duty. This arrangement does not extend to registered postal packets.

Mixed Postal and Telegraph Service.

17. Information on this subject will be found on page 520.

LONDON POSTAL DISTRICTS.

1. London and its environs are divided into Eight POSTAL DISTRICTS. The following are their names, with abbreviations, viz. :—

Eastern Central	E.C.	North Western.....	N.W.	Western	W.
Eastern	E.*	South Eastern	S.E.	Western Central.....	W.C.
Northern	N.	South Western.....	S.W.		

2. By the addition of the initials of the Postal District to the address of a letter for London or its neighbourhood, increased security is afforded against misdelivery or delay. The District initials for every important street or place are given in the Street List, page 374.

* The old North Eastern District, including Bethnal Green, Chingford, Clapton, Hackney, Homerton, Leyton, Leytonstone, Walthamstow, Woodford, and South Woodford, is now incorporated with the Eastern District, and on correspondence for delivery in those localities the initials "N.E." or "E." may be used as preferred.

HOURS FOR BUSINESS.**In the Country.**

1. All Provincial Post Offices, whether in towns or country districts, are open for every description of business on week days, from 8 A.M. to 8 P.M. (For Bank Holidays *see* page 41.)

2. At all offices (whether Head Offices or Country Sub-Offices) which are open to the public for a longer period, the sale of postage stamps, the registration of postal packets, and the acceptance of parcels is carried on during the extended hours, unless the offices are open for telegraph business only, in which case the sale of postage stamps only is continued.

3. At all Money Order Offices postal orders are sold and paid, and at offices where postal orders are sold only, the sale is carried on during the whole time that the offices are open; with the exception that no postal order can be sold or paid before 7 a.m. or after 10 p.m.

In London.

4. At the Chief Office, St. Martin's le Grand, Postal Order, Money Order, Savings Bank, Investment and Sale of Government Stock, Annuity and Insurance, etc., business is transacted, and postage stamps, etc., sold on week-days between the hours of 6.45 a.m. and 10 p.m.

5. At other offices in the London District the hours for all general business are from 8 a.m. till 8 p.m. Certain offices, shown on pages 524 and 525, are open beyond these hours for Telegraph business, and postal orders are issued and paid on weekdays, and stamps, &c., are sold, during the time the office is open.

6. All Post Offices in the London District are closed on Sundays with the exception of those mentioned at pages 523 to 525, which are open for the receipt and despatch of telegrams and for the sale of stamps during the hours stated on those pages.

For late fee posting in London and for Sunday posting with an extra fee, *see* pages 351 to 356.

For posting arrangements at London Railway Termini, *see* pages 353 to 356.

* Where one afternoon in the week is observed as a half-holiday Town Sub-Offices are in many cases closed early.

LIST OF PROVINCIAL POST OFFICES IN THE UNITED KINGDOM.

(Including those in the Isle of Man, and the Orkney, Shetland, Scilly, and Channel Islands.)

A list of Provincial Town Sub-Offices, except such as neither transact Money Order nor Telegraph business will be found at page 262. A list of places where Telegraph business is transacted, but not at Post Offices is given at page 259. A list of Money Order and Telegraph Offices in London will be found at page 357.

For the rules governing the portage charges on Telegrams, see page 518.

In this list the exceptional Telegraph hours refer to week days, except when preceded by Sun. (Sunday). S.O. denotes an office which receives part of its correspondence from some office other than its own Head Office. R.S.O. denotes a Railway Sub-Office; that is, a Sub-Office which receives correspondence from a Travelling Post Office.

T. † denotes an Office at which Telegrams can be handed in only, and at which Telegraph Money Orders are issued but not paid.

The usual hours of Telegraph business at Town Sub-Offices are from 8.0 a.m. to 8.0 p.m. on week-days only. Exceptional hours on week-days and the hours of all Sunday attendance are shown in brackets in the following list.

Town Sub-Offices are, in some cases, closed on the afternoon of the local early-closing day. As, however, in that case all the work is dealt with at the Head Office, the early closing is not indicated in the following list.

MAILS BETWEEN PROVINCIAL POST OFFICES AND LONDON.

Mails from London.

The latest time of posting at the General Post Office, St. Martin's le Grand, is shown in the first column, and the approximate time of delivery in the second column referring to each Mail. Where two times of posting appear which are not preceded by any of the symbol letters (the meanings of which are explained below) the first posting time is to be regarded as affording the surer connection with the delivery specified. Where no posting at the General Post Office is shown there is no Mail from London in connection with the delivery. Letters, &c., for the Provinces can be posted at the new office at Mount Pleasant fifteen or thirty minutes later than at St. Martin's le Grand.

The corresponding hours of posting at Offices in the Town Districts of London other than the General Post Office will be found on pp. 282 and 283.

When the time of delivery is shown in brackets, it denotes a delivery to callers only.

LATE FEE POSTING.

For letters addressed to the undermentioned towns in England and Wales, posted after 6 p.m. in the LONDON Town Districts, a late fee of 3d. is necessary to secure inclusion in the first delivery the following morning, and a similar fee is necessary to ensure inclusion in the outgoing Night Mails for Scotland and Ireland. The Late Fee Posting Time is 7.0 p.m. at most offices. The exceptions are shown on pages 351 to 353.

For other towns a later posting without late fee is allowed. The times up to which posting may be effected are shown on pages 281 to 332. Some of the trains, however, by which the later Mails are conveyed are not Mail trains, and there is, to some extent, a risk of irregular arrival, particularly at the more distant towns. Letters *paid late fee* are included in despatches by Mail trains if posted within the "late posting" times.

Late Fee required for first Morning Delivery in both Town and Rural Districts.

On Christmas Day and Good Friday and on Bank Holidays the Postal and Telegraph arrangements in London are of an exceptional character, and due notice is given of them by means of Notices to the public exhibited at Metropolitan Post Offices.

Inquiries for Missing Letters, &c., should be made at the Secretary's Office, G.P.O. North, between 10 A.M. and 5 P.M. (Saturdays between 10 A.M. and 1.30 P.M.).

The Returned Letter Office is at Mount Pleasant, E.C.

The Money Order Office is at Nos. 18—20, Fore Street, E.C.

The Post Office Savings Bank is at No. 144A, Queen Victoria Street, E.C.

For "Late Fee" posting in London, and for Sunday posting with extra fee, see pages 349 to 356.

For Posting Arrangements at London Railway Termini, see pages 353 to 356.

PRINCIPAL STREETS, LOCALITIES, &c. IN THE LONDON DISTRICT.

Prefixed to each Street or Place in the following List is a Reference Number corresponding with that given in the List of Money Order Offices at page 357; so that any person wishing to remit money either by ordinary Money Order or by Telegraph Money Order Service to any place in the London District can readily ascertain on which Office the Order may conveniently be drawn.

To keep this List within convenient limits, it has been necessary to omit the names of many streets, &c. These are such as, in the address of a letter, are generally followed by another name—that of some well-known main street or road in the immediate neighbourhood, or the general name of the locality. When, therefore, a street, &c., cannot be found in the List, the Postal District to which it belongs can be ascertained by referring to the name of the neighbouring main street, or to the general name of the locality. Where the main street is in one district, and certain smaller streets near to it are in another, the smaller streets themselves are inserted in the List, with the proper district initials.

Streets, &c., formerly comprised in the North-Eastern District, now incorporated in the Eastern District (see page 47), are shown in this List as N.E., and these initials may, if preferred, be adopted in the addresses of letters, &c.

1. Letters posted unpaid, or insufficiently prepaid, for any country to which prepayment is compulsory, are sent to the Returned Letter Office. Letters so posted for other countries are forwarded, but are charged on delivery with double the deficiency.

2. Unpaid letters from British Possessions to which penny postage applies are charged 2*d.* per $\frac{1}{2}$ oz., and partially paid letters are charged double the deficient postage within a limit of 2*d.* per $\frac{1}{2}$ oz. Unpaid letters from all other places are charged 5*d.* per $\frac{1}{2}$ oz., and partially paid letters are charged double the deficient postage within a limit of 5*d.* per $\frac{1}{2}$ oz.

Limits of Size.

3. No letter for a Colony or Foreign Country may exceed 2 feet in length or 1 foot in width or depth.

Letters for Russia.

4. The addresses on letters for Russia should be very plainly written; the name of the town, and of the province in which it is situated, should also be added in English, French, or German.

Exceptional Conditions.

5. To a few countries exceptional conditions apply, such as compulsory prepayment of postage, the collection of an additional charge on delivery, or the absence of arrangements for the complete or even partial registration of letters. For particulars see Table on page 416.

Letters, &c., irregularly marked with Declaration of Value.

6. Letters, &c., bearing on the outside a declaration of the value of the contents cannot be transmitted by post to places abroad unless they are insured (see page 429).

POST CARDS.

7. Official Post Cards, single and reply, are transmissible to all parts of the World. Single cards are issued with impressed stamps of 1*d.*, and Reply Cards bearing stamps of the value of 1*d.* on each half.

Inland Post Cards are also transmissible abroad if the additional postage required is supplied by means of postage stamps affixed to the cards on the address side.

Private Post Cards.

8. Private Post Cards bearing on the address side adhesive stamps of the value of one penny, and private reply cards with adhesive stamps on the address side of the value of one penny on each half, may be sent as post cards to places abroad, provided that they are in conformity with the official post cards. They must be of the same size and substance as the official cards, and must have the words "Post Card" printed or written on the address side.

The reply halves of private double cards must bear the words "Post Card—Great Britain and Ireland" and "Reply."

Plain cards without any inscription cannot be sent abroad as Single or Reply Post Cards.

Unpaid Post Cards from places abroad are charged 2d. each.

Partially paid cards are charged double the deficient postage within a limit of 2d.

Rules applying to Official and Private Post Cards.

9. Engravings or advertisements, provided they do not interfere in any way with the clear indication of the address or with the stamping or marking of the Postal Service, may appear on the front of a Post Card in addition to the stamps required for postage, postal directions (such as "Registered," "Acknowledgment of Delivery," &c.), the name and address of the recipient in writing or on a gummed label not exceeding in size 2 inches by $\frac{1}{2}$ inch, and the name and address of the sender indicated in writing, or by means of a hand stamp, stamping machine, or any typographical process. Nothing whatever may be attached to a Post Card except adhesive postage stamps, or an address label as described above.

A Post Card must not be folded, cut, or otherwise altered.

10. Post Cards not in accordance with the regulations as to indications, size, &c., are treated as insufficiently paid letters.

The sender of a Post Card with reply paid may indicate his name and address on the address side of the reply half.

The reply halves of double Post Cards, whether official or private, are available only when they have been received attached to the corresponding halves for transmission to the country of origin, and to that country alone. If addressed to other countries they are treated as unpaid Post Cards. Ordinary international Post Cards of one country posted in another are treated as unpaid Post Cards.

PRINTED PAPERS AND COMMERCIAL PAPERS.

1. The Articles which are entitled to be sent at the rate applicable to PRINTED PAPERS are mostly impressions or copies obtained upon paper, parchment, or cardboard, by means of printing, lithography, engraving, photography, or any other mechanical process easy to recognize.

This description includes the undermentioned articles wholly printed:—Newspapers, books (stitched or bound), periodical works, pamphlets, sheets of music, visiting cards, address cards, proofs of printing, plans, maps, catalogues, prospectuses, announcements, circulars, notices, engravings, photographs, and designs.

Besides these articles, there are some others which are admitted, though not really printed matter, as, for instance, manuscript intended for the press (when sent with the proofs of the same), papers impressed for the use of the blind, albums containing photographs, and cardboard drawing models stamped in relief.

Anything, not being of glass, usually attached or appurtenant to any of the before-mentioned articles, in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post, may also pass at the rate applicable to such articles, provided it is contained in the same packet.

Postage stamps, whether obliterated or not, and in general all printed articles constituting the sign of a monetary value are excluded from transmission at the reduced rate of postage to countries of the Postal Union.

The products of the copying press and typewriter are not admitted at the rate for printed papers; nor, as a rule, are printed papers the text of which has been

modified after printing, either by hand or by means of a mechanical process, so as to constitute a conventional language. Nevertheless, manuscript additions of the kinds specified below are admitted :—

Printed circulars may be dated in manuscript or by a mechanical process, and the signature of the sender, his trade or profession, and his address may be added.

On printed visiting cards the address or title of the sender, or conventional initials, such as "p.p.c.," may be written, and also good wishes, congratulations, thanks, condolences, or other formulas of courtesy, expressed in not more than five words.

On printed circulars corrections and insertions may be made in manuscript or by a mechanical process in regard to names of commercial travellers, dates of their journey, and the places they intend to visit, dates of departure of ships, names of persons invited to meetings, and the place, date, and object of the meetings.

Printers' proofs may be corrected in manuscript; additions which relate to accuracy, form, and printing may be made, and in case of want of space additional sheets may be used; the author's manuscript may be enclosed; printers' errors in other printed documents may also be corrected, and figures may be inserted or corrected in prices current, tenders for advertisements, trade circulars, prospectuses, and stock and share lists.

Packets of books, papers, music, photographs, engravings, and Christmas and New Year's cards may contain also the invoices relating to the articles sent; a book may have a presentation inscription written in it; and a Christmas or New Year's card may be inscribed to the person it is sent to.

In forms of order or subscription for books printed on cards, the works required or offered may be indicated in manuscript.

To cuttings from newspapers and periodical publications may be added in manuscript or by a mechanical process the title, date, number and address of the publication from which the article is extracted.

Circulars which are in other respects admissible, but which are printed or lithographed in characters resembling those of the typewriter, or are produced by means of any mechanical process from type-written originals, will be admitted to the privilege of the rate for printed papers, provided that they are posted by being handed in at the counter of some Head Post Office or District or Branch Post Office, that special attention is called to their nature, and that at least *twenty copies* are posted at the same time. Such circulars are also accepted provisionally at Town Sub-Offices and at certain of the more important Rural Sub-Offices subject to their being found to be in order when examined at the nearest Head or District Office to which they will be sent.

Blank paper, note paper or envelopes (with or without printed address), and all other articles of stationery, pure and simple, are inadmissible at the rate applicable to printed papers.

2. "COMMERCIAL PAPERS" comprise all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal written on stamped or unstamped paper, Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public Companies, all kinds of manuscript Music, the manuscript of Books and other literary works, and pupils' exercises with corrections but without any comment on the work, and other papers of a similar description.

Rate of Postage.

3. The rate of postage to be prepaid in the United Kingdom on Printed papers for all places abroad is $\frac{1}{2}d.$ per 2 oz. The postage on Commercial papers is $2\frac{1}{2}d.$ for the first 10 oz. and $\frac{1}{2}d.$ per 2 oz. thereafter. If not fully prepaid double the deficiency will be charged on delivery. Unpaid packets will be

stopped. The stamps intended for prepayment of postage must be affixed at the right hand corner above the address.

N.B.—If there be any mixture of Commercial and other papers in the same packet the whole is treated as Commercial papers.

Printed papers from places abroad of which the postage is insufficiently prepaid will be charged on delivery with double the deficient postage within a limit of 1d. per 2 oz. In like manner insufficiently prepaid commercial papers will be charged double the deficient postage within a limit of 5d. up to 10 oz., and of 1d. per 2 oz. for heavier weights.

Limits of Size and Weight.

4. The limits of size for packets addressed to British Colonies or Possessions or to non-Union countries or colonies are 2 feet in length by 1 foot in width or depth; but to foreign countries in the Postal Union the length is limited to 18 inches. If in the form of a roll the limits of size in either case are 30 inches in length and 4 inches in diameter. The limits of weight are 5 lb. for British Colonies or Possessions, and for non-Union countries or colonies; and 4 lb. for foreign countries in the Postal Union.

Must be sent Open.

5. Printed papers and commercial papers may be posted either without a cover (in which case they must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise) or in any ordinary letter envelope left wholly unfastened or a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination. For the greater security of the contents, however, the packets may be tied at the ends with string; but the string must be easy to unfasten.

In order to secure the return of packets which cannot be delivered, the name and addresses of the senders should be printed or written *outside*: thus "From—— of ——."

Exceptional Treatment of Printed Matter in some Foreign Countries.

6. All books and printed matter imported into the UNITED STATES through the post, however small the value, are subject to a duty of 25 per cent. of that value. The undermentioned articles are still exempt from Customs duties:—

a. Newspapers and periodicals already exempt from duty.

b. Photographs and printed papers, other than books, received in the UNITED STATES in such small quantities as to suggest that they are intended for personal use and not for sale.

c. Books, engravings, photographs, etchings, maps, charts, and music, which have been printed more than 20 years, publications printed for private circulation or issued for subscribers, or exchanges by scientific and literary associations or academies, books and music in raised print for the use of the blind, and works printed exclusively in any other than the English language.

7. Books and periodicals addressed to the REPUBLIC OF COLOMBIA are liable to Customs duties unless intended for the personal use of the addressees. Books for URUGUAY, whether bound or sewn, are liable to Customs duties, except when the whole value of those sent to any one addressee is less than 100 francs (£4). All books for VENEZUELA are prohibited save unbound books relating to science, arts, or crafts.

8. Bound books sent to PORTUGAL or Portuguese Colonies by post are subject to Customs duty. The wrapper should bear an indication of the nature of the contents, and also the words "a soumettre à la douane." Unless these conditions are complied with the books will be liable, on delivery, to a fine in addition to the duty.

9. Although books sent to ITALY, whether bound or unbound, are in strictness liable to Customs duties, they are admitted by book post provided they are not sent in considerable numbers to any one person.

10. In Belgium books, newspapers, periodicals, maps, charts, printed music, prints, and artistic engravings and lithographs are allowed to be imported by post; but other printed papers are subject to Customs duty; and

their transmission by post is prohibited, unless they are sent singly or in small quantities, as specimens.

11. In Canada advertising pamphlets, circulars and catalogues are liable to customs duty. In Victoria these articles, as well as diaries and cut paper patterns, are also dutiable; and they can only be sent thither by Parcel Post.

12. In Queensland, advertising matter other than catalogues and prices current is liable to Customs duty.

13. In Spain all books, printed or manuscript music, chromo-lithographs, engravings of all kinds and industrial products (*if bonâ fide samples*) received by post are liable to the ordinary Customs duties only.

14. In India works of art (including photographs), ruled and printed forms, account and manuscript books, labels, advertising circulars, sheet or card almanacks and calendars, Christmas, Easter, and other cards, and toy books, are liable to Customs duties, unless sent in small quantities by private individuals for private use; any such articles considered by the Indian Post Office to be merchandise will be delivered only on payment of Customs charges.

15. A customs duty of 8 per cent. *ad valorem* is charged on the delivery in Egypt of all packets of books containing more than a single copy (in one or more volumes) of the same work, and the same duty is levied even on single copies when these are addressed to anyone in the book trade.

SAMPLES.

Definition.

1. The use of the Sample Post to and from Foreign Countries and the Colonies is intended to be restricted to (a) *bonâ fide* Trade Samples of Merchandise without saleable value, and (b) natural history specimens, dried or preserved animals and plants, geological specimens, and scientific specimens generally when sent for no commercial purpose. Packets containing goods for sale, or consigned in execution of an order (however small the quantity), or articles sent by one private individual to another, which are not actually trade samples or scientific specimens, cannot be forwarded by Sample Post.

Rate of Postage.

2. The rate of postage to be prepaid in the United Kingdom is $\frac{1}{4}$ d. per 2 oz., except that the lowest charge is 1d., for which sum, however, a weight of 4 oz. may be sent. Unpaid packets will be stopped. Insufficiently prepaid sample packets from places abroad will be charged double the deficient postage within a limit of 2d. up to 4 oz. and of 1d. per 2 oz. for heavier weights.

Limits of Size and Weight.

3. The limit of weight for packets of samples for British Colonies or Possessions (see page 417), or for non-Union countries is 5 lb., but for foreign countries in the Postal Union the limit is 12 oz.

4. A packet of samples sent to any British Colony or Possession or non-Union country must not exceed 2 feet in length by 1 foot in width or depth, but to any foreign place comprised in the Postal Union a packet must not exceed 12 inches in length, 8 in width, or 4 in depth, unless it be in the form of a roll, in which case the limit of size is 12 inches in length and 6 inches in diameter.

Transmission of Liquids, Glass, &c.

5. Packets containing liquids, glass, greasy substances, colouring powders, and live bees, can be sent by sample post from the United Kingdom to Countries in the Postal Union (for list see page 417). No deleterious liquid or substance may, in any circumstances, be sent by post to or from any place outside the United Kingdom (see page 28).

Mode of Packing and Addressing.

6. Samples must be sent in such a manner as to be easy of examination, and, when practicable, must be sent in covers open at the end. But samples of seeds, drugs, and similar articles, which cannot be sent in covers of this kind, may be posted enclosed in boxes, or in bags of linen, or other material, fastened in such a manner that they may be readily opened. Packets containing liquids, glass, greasy substances, colouring powders and live bees, must conform to the conditions as to packing, &c., applicable to those articles when intended for

Inland transmission (*see pages 27 & 28*); but they must also be made up so that they can be easily opened for purposes of inspection, with the exception of packets containing live bees, which must be enclosed in boxes so constructed as to allow the contents to be ascertained without opening. In order to secure the return of packets which cannot be delivered the names and addresses of the senders should be printed or written *outside*; thus, "From _____ of _____."

7. There must be no writing or printing upon or in any sample packet for non-Union countries except the address of the person for whom it is intended, the address of the sender, a trade mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. A sample packet for a country in the Postal Union may contain, besides these particulars, any Printed Papers; and, if the rate applicable to Commercial Papers be paid, it may also contain Commercial Papers.

Saleable and Dutiable Articles.

8. Though, under the regulations of the Postal Union, the public are not entitled to send articles liable to Customs Duty by any other Post than the Parcel Post, varying degrees of relaxation of this rule are permitted according to the internal laws of the various Union Countries. In the United Kingdom samples liable to Customs Duty are, as a general rule, not objected to when sent in quantities so small as to have practically no saleable value; but no guarantee can be given that they will be delivered in the country of destination without payment of Customs Duty, or that they will be delivered at all. Packets of samples of tea are in general admissible if they do not weigh more than eight ounces; but when addressed to France such packets must not contain more than twenty grammes (a little less than three-quarters of an ounce) of tea; and any for the United States containing more than three ounces are admitted only on payment of Customs Duty. The importation of tobacco by Sample Post into the United Kingdom is prohibited, with the sole exception of packets of type samples of unmanufactured tobacco not exceeding four ounces in weight, which are delivered on payment of 9d. Customs Duty.

Dangerous Articles.

9. Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, are eligible for transmission by Sample Post, provided that they are *bonâ-fide* samples without saleable value, and are packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the Officers of the Post Office, while at the same time they may be easily examined. Explosives are *absolutely prohibited*.

LETTERS, ETC., FOR AND FROM OFFICERS, NON-COMMISSIONED OFFICERS, SOLDIERS AND SEAMEN IN HIS MAJESTY'S SERVICE.

1. Letters, etc. for the Officers and crews of His Majesty's ships are as a rule forwarded in accordance with lists of addresses furnished from time to time by the Admiralty, but any superscribed "*To be sent as addressed*" will be so forwarded.

Rates of Postage.

2. The postage payable on letters addressed to H.M. ships abroad is 1d. per $\frac{1}{2}$ oz., and the same postage is payable in British stamps on letters sent in the bags made up on board H.M. ships when such letters are addressed to the United Kingdom or to any colony or protectorate to which the ordinary postage from the United Kingdom is 1d. the $\frac{1}{2}$ oz. (*See list on page 416.*)

3. In other cases than those provided for in the preceding paragraph, non-commissioned officers, schoolmasters, schoolmistresses, private soldiers, seamen, writers in His Majesty's Navy, whether serving at sea or on land, at home or abroad, the Cape Mounted Rifles, and enrolled pensioners in Canada, can send and receive prepaid letters not exceeding half an ounce in weight for a postage

of 1d., on condition that the name of the seaman or soldier, with his class or description, appears in the direction, and that the ship or regiment, corps or detachment to which the seaman or soldier belongs is specified, the name of the ship or the regiment being stated in full. It is further necessary in the case of letters sent by a soldier or seaman under these conditions that the covers should bear the signature of the officer having the command.

Specimens of the form of address are given below:—

From A.B., Sergeant, &c. — Regt. _____
(Here the direction of the Letter to be inserted)
 G.D., Colonel (or other Commanding Officer),
 Regt. _____

To A.B.,
 Private (or Sergeant, Corporal, &c.) — Regt. _____
(Here the direction to be finished.)

4. Except when special arrangements are made to meet exceptional circumstances, letters, etc. for Commissioned Officers or Warrant Officers in the Army are liable to the same rates of postage as those for the general public. (See page 416.)

Letters Not Conforming to Regulations.

5. If any letter posted in the United Kingdom, for a place abroad, under the provisions of paragraph 3, be unpaid or insufficiently paid, or if the class or description of the soldier or seaman be not written in the address, it will be detained and returned to the writer for payment of the full postage.

Exceptions to the Foregoing Regulations.

6. The restrictions imposed in paragraph 3, as to weight, prepayment and mode of address, do not apply when the privileged rate of postage for soldiers and seamen offers no advantage over the rate for the general public, namely, in the case of inland letters, transmissible at the rate of 1d. for the first 4 oz. and $\frac{1}{2}$ d. for each additional 2 oz., and in the case of letters transmissible for a postage of 1d. per $\frac{1}{2}$ oz. up to any weight, between the United Kingdom and any one of the British Possessions mentioned in the first paragraph of page 416, or between any two of those Possessions.

LETTERS FOR PASSENGERS ON BOARD MAIL PACKETS.

1. Special arrangements are made for the delivery of letters addressed to passengers on board the packets for the United States calling at QUEENSTOWN, the Canadian Packets calling at LONDONDERRY, the Pacific Steam Navigation Company's packets for Brazil, &c., calling at LISBON, the Peninsular and Oriental packets from BRINDISI with mails for Egypt, connecting at Port Said with the packet for India, Australia, China, &c., and the Orient packets from NAPLES with mails for Australia. Such letters may be posted in any part of the United Kingdom up to the time at which ordinary registered letters to go by the same packets are received, but they must be registered, the postage and registration fee must be fully prepaid, and they must be addressed to the care of the Commander of the packet. (For hours of posting in the East Central District, London, see page 285.)

Mode of Address.

2. The letters should be addressed thus: "Mr. _____, on board the mail packet _____, for _____, at Queenstown, Londonderry, Lisbon, Brindisi, or Naples, care of Commander of the packet."

LETTERS, ETC., BY PRIVATE SHIPS.

Letters intended to be sent by Private Ship must be addressed "By Private Ship;" and if by a particular vessel, the name of the ship must be added.

The Postage and conditions of transmission of letters, &c., by a Private Ship are the same as by Mail Packet.

21. *British Central Africa*.—Packets containing seeds of plants must be accompanied by a sworn declaration stating the countries of origin and varieties of the contents; such packets should be paid at the rate applicable to commercial papers.

REGISTRATION.

Fee charged.

1. The fee chargeable for Registration to places abroad is 2*d*. There are a few countries where no arrangements for Registration exist, as shown on the table on page 416. To some countries, as shown in that table, an article can be registered only to the port of arrival; it being left, in those cases, to the Postal authorities of the country to which that port belongs to continue the Registration or not as they may think proper.

Articles which may be Registered.

2. Registration is applicable equally to letters, post cards, newspapers, book packets, and patterns addressed to places abroad, except in the cases specially mentioned at page 416. As to parcels, see pages 452 and 456–457.

Acknowledgment of Delivery.

3. The sender of a registered article addressed to any Foreign Country or British Colony in the Postal Union (for list see page 417), may obtain an acknowledgment of its delivery on paying a fee of 2½*d*. as well as the registration fee, in advance. He can also obtain an acknowledgment if he applies after posting and pays 2½*d*. The name and address of the sender must be left at the Post Office at which the article is registered. For enquiries as to the delivery of registered articles a fee of 2½*d*. must be paid, unless it can be shown that there is reason to suppose the article has been lost.

Conditions of Registration.

4. No article addressed to initials or in pencil is admitted to registration.
5. Every letter presented for registration must be enclosed in a strong envelope, securely fastened.
6. It is prohibited to send to a country of the Postal Union any registered article marked on the outside with the declared value of the contents unless it is insured (see page 429), and Postmasters are instructed to refuse to receive articles which are so marked.
7. Registered articles must be prepaid as regards both postage and registration fee.
8. Articles to be registered must be given to an agent of the Post Office, and a receipt obtained for them; they should on no account be dropped into a letter box.
9. As it is forbidden to send coin, jewellery, or precious articles through the post to those countries of the Postal Union the names of which are marked with an asterisk on page 417, no letters or packets addressed to those countries and containing such articles can be accepted for registration.
10. Letters or packets containing coin for any of the British Colonies not in the Postal Union can be registered, and if they are posted without being registered they are treated in the same manner as inland letters under similar circumstances.

† The amount to be insured is limited to 50l.

§ Letters for places in the Soudan can be insured as far as Wady Hajja or Suakin only.

|| Bagamoyo, Dar-es-salaam, Kilwa, Lindi, Mitcindami, Mohorro, Pangani, Saadani, and Tanga.

2. Insured letters will have all the safeguards of the registration system ; and, subject to the following regulations, compensation will be paid if they or any of their contents are lost in the Post.

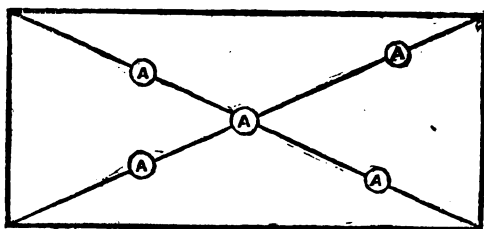

3. Postcards or packets of "Printed Papers" or "Commercial Papers" or Sample Packets cannot be insured. The letters to which the insurance system is specially applicable are those which contain bank notes, bonds, coupons, securities, &c.

4. Letters intended for insurance must be presented at the counter of a Post Office. They cannot be posted at Railway Stations and must not be dropped into a letter box or handed to a postman or mail cart driver.

5. Insured letters may not contain coin, anything made of gold or silver, precious stones, jewellery or any article liable to Customs duty in the country of destination.

6. Insured letters must not be addressed to initials or in pencil.

7. Every letter packet tendered for insurance must be enclosed in a strong cover, which must be securely fastened and sealed with fine wax, in such a way that it cannot be opened without either breaking the seals or leaving obvious traces of violation. Envelopes with black or coloured borders must not be used. Seals must be placed over each flap or seam of the cover of a packet ; and if the packet is tied round with string or tape, a seal must be placed on the ends where they are tied. The seals on an ordinary envelope should be placed as shown below :—

8. All the seals on a letter must be of the same kind of wax, and must bear distinct impressions of the same private device. Coins must not be used for sealing ; and the device must not consist merely of straight, crossed, or curved lines which could readily be imitated.

9. If a letter tendered for insurance does not, in the opinion of the officer of the Post Office to whom it is tendered, fulfil the foregoing conditions as to packing and sealing, it is his duty to refuse to insure it. Nevertheless the onus of properly enclosing and sealing the letter lies upon the sender ; and the Post Office assumes no liability for loss arising from defects of the cover or the seals which may not be observed at the time of posting.

10. The amount for which a letter is insured (which must not exceed its actual value) must be written by the sender both in words and in figures at the top of the address side of the cover, thus :—" Insured for fifteen pounds (£15), 378 francs." No alteration or erasure of the inscription is allowed. If a mistake is made, the entry must be completely obliterated and an entirely new one made by the sender.

11. The sums payable for insurance are as follows :—

Fee.	Limit of Compensation.		
s. d.			£
- 5	.	.	12
- 7½	.	.	24
- 10	.	.	36
1 0½	.	.	48
1 3	.	.	60

Fee.	Limit of Compensation.		
s. d.			£
1 5½	.	.	72
1 8	.	.	84
1 10½	.	.	96
2 1	.	.	108
2 3½	.	.	120

12. The fee (which includes the registration fee) must be prepaid, in addition to the full postage, by means of postage stamps, which the sender must affix to the cover of the letter.

13. As few stamps as possible should be used to prepay the postage and insurance fee. They must not be folded over the edge of the cover, and when more stamps than one are used, they must be affixed with spaces between them.

14. A certificate of posting must always be obtained by the sender of an insured letter. He may also obtain an acknowledgment of the delivery of the letter under the same conditions as those applicable to registered letters (see page 428, paragraph 3).

15. Letters which, although addressed to a country or place to which the insurance system does not extend, have been irregularly insured, will be forwarded as registered letters; and if they or their contents are lost in the Post, the regulations as to the compensation payable in the case of registered letters will be applicable.

16. When an insured letter is redirected from one country to another, a fresh insurance fee becomes payable for each such transmission. If this fee is not prepaid, it is collected from the addressee on delivery. Insured letters can only be redirected to countries which have adopted the insurance system.

17. Compensation for the loss in the Post of a letter or its contents will not exceed the amount of the actual loss, and will not be paid at all for a letter containing any prohibited article, or for any letter which has been delivered without external trace of injury and has been accepted without remark by the addressee; nor does it follow as a matter of course that compensation will be given when loss arises from tempest, shipwreck, earthquake, war, or other causes beyond control. No claim for compensation will be admitted if made more than a year after the letter was posted.

18. No legal liability to give compensation in respect of any letter for which an insurance fee has been paid attaches to the Postmaster General, either personally or in his official capacity. The final decision upon all questions of compensation rests with the Postal Administration of the country in which the loss has taken place.

19. The insurance system also applies to letters from the places mentioned at page 429, § 1, but letters to or from other places abroad cannot be insured.

20. Any insurance effected with the Post Office contrary to the foregoing regulations is invalid.

RE-DIRECTION.

1. The principle of free redirection, which is adopted throughout the Postal Union for letters, postcards, newspapers, book packets, and sample packets, does not exempt from additional postage letters, etc., which, though fully prepaid for the first transmission, are redirected to a country to which the postage is higher than that originally prepaid. Thus a letter or packet prepaid at the inland rate, sent from one place to another in the United Kingdom, and afterwards redirected to a place abroad, should have additional stamps affixed to it representing the difference between the inland and the foreign rate of postage, otherwise the difference will be charged on delivery. The same treatment would be adopted with a letter or packet fully prepaid for the inland service of a foreign Country or Colony and redirected to the United Kingdom. But a fully paid letter or packet coming here from abroad, and redirected under the conditions specified in paragraph 2, would not be chargeable for redirection unless the postage from the place of origin to the final destination were higher than the postage from the place of origin to this Country. Letters originally posted unpaid, and letters or packets posted insufficiently paid, and subsequently redirected, though not chargeable for redirection, are subject to the ordinary charge of double the deficient postage on delivery.

2. Letters etc. redirected after delivery at the first address, must be re-posted not later than the day (Sundays and public holidays not being counted) after delivery, otherwise they will be charged as freshly posted unpaid letters or packets

and the same course will be followed in the case of any letters etc. which may appear to have been opened. Whenever thought necessary a receipt may be required from the addressee of a redirected letter or packet at the second address.

3. All parcels sent by parcel post are chargeable with fresh postage if redirected.

4. All registered letters or packets, on being redirected, must be taken back to the Post Office to be dealt with as registered, and must not be dropped into a letter box as ordinary letters or packets. If brought later than the day (Sundays and public holidays not being counted) after delivery, a fresh registration fee as well as fresh postage will be required.

5. Letters for commissioned officers, non-commissioned officers, private soldiers, or seamen in the Army or Navy on actual service, are exempt from any charge for redirection, and are not subject to the usual restriction as to time for re-posting.

6. Letters, &c., returned to the senders that they may rectify or complete the address are not, when re-posted, treated as redirected, but as liable to fresh postage.

UNDELIVERED CORRESPONDENCE.

Undelivered correspondence of all kinds returned to this country from places abroad is disposed of in the same manner as inland correspondence. (See page 40.)

FOREIGN AND COLONIAL PARCEL POST.

GENERAL REGULATIONS.

Postage, Dimensions, and Weight.

1. For postage, maximum dimensions, and weight, see Table of Rates of Postage, etc., pp. 459-475.

Prepayment, Address, Method of Posting, Certificate of Posting.

2. The rules as to the method of address, as to the method of posting, and as to certificates of posting are similar to the rules for Inland parcels given on page 8, pars. 5, 7, and 8 respectively, with the exceptions that the postage upon Foreign or Colonial parcels must be fully prepaid according to the Table on pp. 459-475, and cannot be prepaid in money. Parcels for places abroad, together with the necessary forms, may be handed to rural postmen and mail cart drivers under the same conditions as Inland parcels, on the understanding that the parcels will not be considered as finally accepted until they have been examined at a Post Office and found to be in order. Rural postmen and mail cart drivers will not be responsible for giving information as to the postage to be prepaid or the regulations of the Post, nor are they required to supply blank forms of Customs declarations or despatch-notes.

3. Foreign and Colonial parcels cannot, like other postal packets, be registered. See, however, the rules for the insurance of such parcels given at pages 456-457.

Customs Declaration and Despatch-Note.

4. Parcels are subject to Customs regulations, and the sender of each parcel is required to make, for Customs purposes—upon a special form or forms, which can be obtained at any Post Office—an accurate statement of the nature and value of the contents and other particulars. *Undervaluation of the contents or failure to describe them fully may result in seizure of the parcels.* The net weight or quantity of the various articles contained in a parcel should, if possible, be stated, and any other particulars which would facilitate the assessment of Customs duty, such as, in the case of clothing, the material of which it is composed, and whether it is new or has been worn. In the case of articles returned to the country where they originated, the fact should be stated. The forms for Foreign parcels should, when possible, be filled up in both English and French. The Customs declarations of parcels for Switzerland must be filled up in French. Those relating to parcels for Russia must be very carefully prepared. Each article contained in parcels for that country must be fully described, and the materials of which it is composed specified. The value of each article must be given, both in Russian and in English currency, and also the net weight, as well as the gross weight of each article in grammes. Failure to comply with these regulations will lead to the rejection of the parcel by the Russian Customs authorities, and its return forthwith to the sender.

5. Two forms of Customs declaration are in use (except at a few offices):—

(1) An adhesive form, intended to be affixed to the cover of the parcel, which is used with parcels for British Colonies and Possessions generally, and for Beyrout, Constantinople, Egypt, Mexico, Persia, Salonica, Siam, and Smyrna; and (2) a form which is used with parcels for nearly all Foreign Countries. A number of identical copies of the latter form have in many cases to be made out, see Table on pages 459-475—column headed "Customs Declaration Form"—in which the use of the adhesive form is indicated by "A," and of the non-adhesive form by "C." The figure following "C" shows the number of such forms to be made out in each case.

6. When a non-adhesive form "C" is used, the sender must also fill up a despatch-note, which is supplied at all Post Offices in England and Wales, and at the more important offices in Scotland and Ireland. One despatch-note and one set of Customs declaration forms "C" will suffice for two or three (not more) uninsured parcels *from the same sender to the same addressee*, except that each parcel for Italy and Venezuela must have its own Customs declaration. Each insured parcel must have a separate set of forms.

Customs Duty and Charges on Delivery.

7. All parcels are liable to be opened for Customs examination; and their contents are subject to Customs duty according to the laws of the country or colony of destination. Such duty cannot be prepaid, but is collected from the addressee on delivery, except in the case of parcels sent under the arrangements explained in par. 9 on the next page. In most Foreign countries and British Colonies the articles which are not subject to Customs duty on importation are comparatively

few. The Post Office can give no information as to the Customs tariff or procedure of particular countries; nor does it accept any responsibility for loss, delay, or charges arising from the Customs or sanitary regulations to which the contents of parcels are subject.

8. In addition to Customs duty, a charge of 6*d.* per parcel for stamp duty, clearance, &c., is levied on all dutiable parcels entering the Cape Colony, Natal, and the Transvaal. This charge is increased to 1*s.* 6*d.* in the case of those for Rhodesia and the Orange River Colony. In most European countries and some others a fee not exceeding 2½*d.* per parcel is leviable for delivery and Customs formalities. In Honduras and Salvador the fee is 1 centavo for each 4oz., with a minimum of 5 centavos. As to the charges on parcels for the Argentine Republic, for the Congo Free State, and for Uganda, *see* pages 459, 463 and 475 respectively.

9. Arrangements have been made whereby persons sending parcels to the under-mentioned countries and places can take upon themselves the payment of the Customs and other charges ordinarily payable by the addressees:—

FOREIGN COUNTRIES.

Algeria.	Dahomey.	French Guiana.	Ivory Coast.	Montenegro.	Sweden.
Annam.	Denmark.	French Guinea.	Italy.	New Caledonia.	Switzerland.
Austria-Hungary.	Egypt.	Germany.	Luxemburg.	Obock.	Tahiti.

BRITISH POSSESSIONS.

Antigua.	Falkland Islands.	Lagos.	Nevis.	St. Kitts.	Tasmania.
Barbados.	Gambia.	Malta.	New South Wales.	St. Lucia.	Tobago.
Cape Colony.*	Grenada.	Mauritius.	New Zealand.	St. Vincent (West Indies.)	Tortola.
Cyprus.	Hong Kong.	Montserrat.	Seychelles.		Victoria.

The sender must pay a fee of 6*d.*, must sign an undertaking to pay on demand the amount due, and must make a deposit on account of the charges at the rate of 1*s.* for each 10*s.* or fraction of 10*s.* of the value of the parcel. A final settlement will take place as soon as the amount of the charges due has been ascertained from the country of destination. Parcels intended to be sent under these arrangements must, as a rule, be handed in at a Head or Branch Post Office.

Forbidden Articles, Enclosures, &c.

10. No article which is inadmissible by the Inland Parcel Post (*see* page 8, par. 9, and pages 28 and 29) may be sent by the Foreign and Colonial Parcel Post, nor any enclosure which bears an address different from that placed on the cover of the parcel (*see* page 29, par. 4).

11. No letter, even if addressed in the same way as the parcel in which it is enclosed, may be sent in a parcel addressed to any Foreign Country or to Australia, the British Central Africa Protectorate, Cape Colony, Natal and other parts of South Africa, Fiji, Jamaica, Mauritius, New Zealand, Rhodesia (North-Eastern), Seychelles, Straits Settlements and Trinidad. Parcels for other British Possessions may contain a letter for the addressee; but packets of letters must not be sent by Parcel Post to any place abroad. An invoice in an open envelope, giving simply particulars of the goods contained in the parcel, may be enclosed in any parcel.

12. Further, no parcel is admissible which contains base or counterfeit coin, articles infringing trade-mark or copyright laws, any article or substance liable to become offensive or injurious through natural decay during the time ordinarily occupied in transmission (for example, butter, &c., addressed to a tropical or sub-tropical country, or having to pass through the tropics in course of transmission) unless enclosed in a hermetically sealed tin, or any article or substance specially prohibited from importation into the country or colony to which the parcel is addressed. For a list of such special prohibitions, *see* table of postage, &c. (pages 459-475.) The Post Office can accept no responsibility for the correctness and completeness of this list, although efforts are made to secure accuracy.

13. Many perishable articles, even though in good condition at the time of posting, may become offensive and worthless owing to the length of the journey, although delivered in proper course of post.

14. Plants are not in ordinary conditions admitted into most of the countries of Europe, owing to the fear that the phylloxera pest might be introduced with

them. There are, however, special conditions in which parcels of plants (except vines) are admitted into some of these countries, the chief conditions being that the plants must be packed securely but in such a way that they can be easily examined, and that they must be accompanied by a declaration of the sender, attested by some competent authority, that there has been no vine in or near the piece of ground from which the plants come. In the case of plants for Germany, the declaration must state that the sender undertakes to bear the cost of examination by an expert, and authorizes the addressee or someone else resident in Germany to pay the fee on his behalf. Parcels of plants tendered for transmission by Parcel Post to Austria-Hungary, Belgium, Bulgaria, France, Germany, Holland, Italy, Roumania, Russia, Spain or Switzerland, and accompanied by the necessary certificate, will be accepted. The certificate should either be attached to the Customs declaration or should be placed inside the parcel, the Customs declaration being in that case marked "certificate enclosed." The Post Office can give no advice to the senders of parcels as to the preparation or attestation of the certificates, and can accept no responsibility for the treatment of the parcels abroad or for any charges which may arise.

15. Parcels for Ascension, St. Helena, South and Central Africa, and uninsured parcels for Egypt and Zanzibar may not exceed 50*l.* in value.

16. No parcel containing coin (unless clearly intended for purposes of ornament) or bullion exceeding 5*l.* in value will be accepted for transmission from this country to places abroad.

17. *Parcels containing coin, watches, jewellery, or any article of gold or silver, cannot be sent by Parcel Post to any Foreign Country or British Possession included in the insurance system (for list of such places see pp. 456-457), unless they are insured for at least part of their value, and are packed and sealed in accordance with the special regulations given on p. 457.*

Packing and Sealing.

18. The rules as regards articles which require to be packed with special care (see page 9) must be observed in the case of Foreign and Colonial parcels. More careful and substantial packing is necessary for such parcels than for Inland parcels, owing to the much greater distance over which, as a rule, the former have to be conveyed, the very different conditions of transit, and the influences of climate. Light and bulky parcels, containing straw hats or other fragile articles, should be packed in strong wooden cases. No compensation will be paid for damage sustained by articles insufficiently packed. Parcels for Greece, Persia, Roumania, and Russia must be packed in some material stronger than paper or cardboard. In Canada all parcels, even those containing fragile articles, are conveyed in the ordinary mail bags. They should accordingly be very strongly packed, in order to prevent injury.

19. For parcels containing liquids and substances which easily liquefy, the following method should be adopted:—Two receptacles should be used, and between the inner one, which contains the liquid, and the outer one, which should be of wood or metal, space should be left all round, and this space should be filled with bran, sawdust, or other absorbent material.

20. Further, a parcel for a Foreign Country should be so sealed by the sender that it cannot be opened without breaking the seals or leaving an obvious trace of violation. The seals should bear the impression of a private mark of the sender.

21. As to the packing and sealing of insured parcels, see p. 457.

Parcels for His Majesty's Ships.

22. Parcels for His Majesty's ships cannot, as a rule, be accepted for transmission unless the name of the particular place, to which in each case the parcel is to be forwarded, forms part of the address. Parcels addressed and prepaid as follows are, however, accepted:—

Addressed to the	"China Station,"	and prepaid at the postage for Hong Kong.
"	"Mediterranean Station"	"Malta.
"	"Cape of Good Hope and West Coast of Africa Station"	"Cape Colony.
"	"East Indian Station"	"Aden.

Parcels addressed to His Majesty's ships are liable to charges for redirection, &c.

Delivery of Parcels.

23. In many Colonies and Foreign Countries parcels are not, like letters, delivered at the residences of the addressees. Notice of the arrival of a parcel is sent to the addressee, who must then claim the parcel at the Post Office, Railway Station, or Custom House, where it is lying.

24. In Belgium, France, and Spain parcels are delivered by the Railway Companies, and not by the Post Office; and parcels intended to be called for should be addressed not to a Poste Restante in those countries, but to a Railway Station (*en gare*).

Express Delivery.

25. Persons sending parcels to the under-mentioned countries can have them delivered by special messenger on arrival at the place of destination, by prepaying a fee of 5*d.* in addition to the postage:—Algeria, Austria-Hungary, Azores, Belgium, British Guiana (Georgetown and New Amsterdam only), Denmark, Egypt, France (including Corsica), Germany, Holland, Luxemburg, Madeira, Montenegro, Portugal (direct service), St. Lucia, Sierra Leone (Freetown only), and Switzerland.

In Montenegro, only those parcels can be specially delivered which are addressed to persons residing within the limits of the postal delivery, and the contents of which are not liable to customs duty.

26. The word "Express" must be written boldly on the cover of such parcels above the address, and also in the left-hand top corner of the despatch-note.

27. The special fee of 5*d.* must be prepaid by means of stamps affixed by the sender to the cover or label of the parcel.

28. This fee will cover the express delivery of parcels addressed to houses in the neighbourhood of the Post Offices of destination; but when the place of address is beyond the limits of the ordinary parcel delivery, an additional charge will be levied in the country of destination at its inland express rate, allowance being made for the 5*d.* prepaid by the sender. In some places only an advice of the arrival of an express parcel is delivered by special messenger.

29. Parcels from places abroad, marked for express delivery, on which an express fee has been prepaid in addition to the postage, are delivered in this country under similar conditions.

30. In the undermentioned British Colonies parcels are accepted for express delivery in this country, although there are in those Colonies no arrangements for delivering by special messenger correspondence from the United Kingdom, and consequently there can be no similar service in the opposite direction:—

Bahamas.	British Honduras.	Gibraltar.	Natal.	Sarawak.
Barbados.	Cape Colony.	Grenada.	Queensland.	Seychelles.
Bermuda.	Ceylon.	Hong Kong.	St. Helena.	Straits Settlements.
	Cyprus.	Malta.	St. Vincent.	Trinidad.

The express fee of 5*d.* should be prepaid by the sender; and there will be no charge for delivery to be paid by the addressee, unless he resides more than a mile from the delivering office.

Undelivered Parcels.

31. If a parcel cannot be delivered as addressed, or is refused, the sender is communicated with by the Post Office as to its disposal, provided that his address is given on the parcel or on the forms which accompany it.

32. Parcels which cannot be delivered are kept for a reasonable time before they are finally disposed of.

Re-direction and Return of Parcels.

33. Parcels arriving in this country and re-directed from one address to another in the United Kingdom are treated and charged under the regulations which govern the treatment and charge of re-directed parcels by the Inland Parcel Post. (*See* page 10, par. 14, and page 29.)

34. A parcel which is returned or re-directed from one country to another is charged the full postage.

35. Parcels re-directed to the United Kingdom from Spain, Portugal, and Turkey are, in addition to the postage, charged with the Customs duty leviable in the country from which they are re-directed; and the whole charge must be paid by the addressee or the person authorizing the re-direction.

Compensation for Loss or Damage.

36. The Postmaster General will (not in consequence of any legal liability, but voluntarily, and as an act of grace) give compensation for the loss or damage of uninsured parcels sent by Parcel Post between the United Kingdom and the under-

mentioned British Possessions and Foreign Countries, when such loss or damage takes place while the parcels are in his custody, and does not arise from any fault or neglect of the senders or from the nature of the contents:—

Regulations.

2. The fee (which is for insurance and registration) must be prepaid by means of postage stamps, which the sender must affix to the cover of the parcel. A certificate of posting must always be obtained by the sender of an insured parcel.

2. No parcel can be insured for more than the sum set in the list given on this and the preceding page against the name of the Country or Colony to which it is addressed, or for a sum above the real value of the contents. A parcel of which the contents have no saleable value may however be insured for a nominal sum in order to obtain the safeguards of the registration system. *Over-insurance is a bar to compensation.*

3. The sum for which a parcel is to be insured must be entered on the cover thus:—"Insured for £ s. d." It must also be inscribed in the place provided on the Despatch-note, if one is used. The number of pounds should be entered in words. No alteration or erasure of the entry is permitted.

4. Every insured parcel must be packed carefully and substantially, with due regard to the nature of the contents and the length of the journey, and must be sealed with wax or lead in such a way that it cannot be opened without either

* Parcels for British North Borneo can be insured as far as Sandakan only.

† No compensation is given for the loss in Cyprus of parcels containing watches or jewellery.

‡ Parcels for the Falkland Islands can be insured as far as Stanley only.

§ Parcels addressed to Goa or to the Indian Post Offices on the Persian Gulf and in Turkish Arabia mentioned on page 466, can be accepted for insurance only as far as Bombay.

|| Insurance confined to parcels for Malacca, Penang, Province Wellesley, and Singapore.

** No compensation is given for the loss or damage in this Colony of liquids, semi-liquids, perishable or fragile articles.

†† No compensation is given for the damage of parcels in Tasmania.

††† Parcels for other places in British East Africa may be insured as far as Kilindini, Mombasa, or

breaking the seal or leaving obvious traces of violation. For instance, seals must be placed over each join or loose flap of the covering of a parcel; and, if string be used in packing, a seal must be placed on the ends of the string where they are tied.

5. All the seals on a parcel must be of the same kind of wax or lead, and must bear distinct impressions of some device; and this device must be the same on each seal and must not consist merely of straight, curved, or crossed lines. Coins must not be used for sealing; and it is strongly recommended that, when possible, an impression of the seal used on the parcel should be made on the counterfoil of the Despatch-note.

6. Parcels containing coin or bullion (not to exceed £5 in value, except in the case of coins clearly intended for purposes of ornament), watches, jewellery, or any article of gold or silver, must be enclosed in strong boxes or cases, which must be sewn up, or otherwise fastened, in wrappers of linen, canvas, strong paper, or other substantial material. In such cases the seals must be placed along the edges of each join or loose flap at distances not more than three inches apart. The address of such parcels must be written on their actual covering.

7. If a parcel tendered for insurance does not, in the opinion of the officer to whom it is tendered, fulfil the foregoing conditions as to packing and sealing, it is his duty to refuse to insure it; but the onus of properly packing and fastening the parcel lies upon the sender; and the Post Office assumes no liability for loss or damage arising from defects of packing or fastening, which may not be observed at the time of posting.

8. Unless parcels containing coin, watches, jewellery, or any article of gold or silver, are insured for at least part of their value, they cannot be sent by Parcel Post to the places mentioned on pages 456, 457, paragraph 41. Any such parcel posted uninsured will generally be returned to the sender. A compulsory registration fee of 4d. will be collected on the delivery of every uninsured parcel received from the places above-mentioned, and found to contain coin, watches, jewellery, or any article of gold or silver.

9. When an insured parcel is re-directed from one country to another, a fresh insurance fee becomes payable for each transmission. If this fee is not prepaid, it is collected from the addressee on delivery. Insured parcels can only be re-directed to countries which have adopted the insurance system.

10. Compensation for a parcel lost or damaged in the Post will not exceed the amount of the actual loss or damage; and no compensation at all will be paid for a parcel containing any prohibited article, or for a parcel which has been delivered without external trace of injury and has been accepted without remark by the addressee; nor does it follow as a matter of course that compensation will be given when loss or damage arises from tempest, shipwreck, earthquake, war, or other causes beyond control. No claim for compensation will be admitted if made more than a year after the parcel was posted. The sender has the first claim to any compensation which may be payable; but he may waive his claim in favour of the addressee.

11. No legal liability to give compensation in respect of any parcel for which an insurance fee has been paid attaches to the Postmaster General, either personally or in his official capacity. The final decision upon all questions of compensation rests with the Postal Administration of the country in which the loss or damage has taken place.

12. The insurance system also applies to parcels from the places mentioned at pages 456 and 457; but parcels to or from other places abroad cannot be insured.

13. Any insurance effected contrary to the foregoing regulations is invalid.

General.

Where not repugnant to the foregoing rules, the general regulations of the Inland Parcel Post apply to Foreign and Colonial Parcels.

* For parcels sent *vid* Brindisi or Marselles, 7 days less than *vid* Gibraltar.

† For parcels sent *vid* Hamburg, about 2½ days longer.

‡ This is the time occupied in transmission by way of France. See footnote ** to page 475.

N.B.—The times given above do not include the interval between the arrival of a Parcel at its place of destination and its delivery to the addressee. Moreover, owing to Customs examination in the country of destination a parcel not unfrequently occupies in transit a longer time than is stated in the foregoing Table.

MONEY ORDERS (INLAND SERVICE).

General Information.

1. Money Orders are issued and paid at all Money Order Offices between the hours of 8 a.m. and 8 p.m. The Chief Money Order Office (18-20, Fore Street, London, E.C.) is open for enquiries between the hours of 9.30 a.m. and 4.30 p.m. (Saturdays 9.30 a.m. to 1 p.m.)

2. Money Orders may be made payable to a particular person (designated either by name or by an official title or description) or to a firm or business undertaking or corporation or society or joint stock company, and may be made payable at any Money Order Office. A Money Order when issued is handed by the Postmaster to the Remitter to be transmitted by him to the Payee, and a separate Advice is sent from the Issuing Office to the Paying Office, containing information as to the amount and as to the name of the Payee and of the Remitter.

3. Unless the Order be presented through a Bank, the person presenting it for payment must furnish the Remitter's name for comparison with the advice.

4. No Order may contain a fractional part of a penny.

Rates of Commission.

5. With the exception mentioned in paragraph 6 no single Money Order can be issued for a sum exceeding 10*l*.

The commission on ordinary Inland Money Orders is:—

For sums not exceeding 1*l*. 2*d*.

„ above 1*l*. and not exceeding 3*l*. 3*d*.

„ „ 3*l*. „ 10*l*. 4*d*.

For rates of Commission on Telegraph Money Orders see par. 25, page 479.

For rates of Commission on Foreign and Colonial Orders see par. 5, page 481.

Free Money Orders for Inland Revenue Purposes.

6. Money Orders for Amounts not exceeding 50*l*. are issued, free of charge, in favour of "The Commissioners of Inland Revenue," when required for the remittance of Income Tax, Inhabited House Duty, Land Tax, or Legacy and Succession and Death Duties, or Excise License Duties (in the latter case only where the Licenses are not obtainable at Money Order Offices). The official notice to pay must, in each case, be presented for inspection when the Order is applied for, and the conditions stated in the notice must be complied with.

Mode of application for Money Orders.

7. (a) When applying for Money Orders the public should use the printed requisition form which is supplied gratuitously at all Money Order Offices.

(b) If the Order is to be made payable to a person by name, the applicant should furnish his Surname, and at least the initial of one Christian name. If the Christian name of the payee be not known, an Order can be issued at the remitter's risk.

(c) If the Order is to be made payable to a person in his official capacity, the applicant should state his official rank, title, or description.

(d) If the Order is to be made payable to a firm or business undertaking or Corporation or Society or Joint Stock Company (or to the Proprietor, Secretary, or Manager thereof), the applicant must furnish the proper designation of such firm or business undertaking, &c.

(e) In all cases the remitter's name must be given, and it is desirable that his address should also be given.

8. (a) The remitter of an Order to be paid in the United Kingdom may request at the time of issue that the Order be crossed like a cheque thus "_____ & Co.," in order that it may be paid only through a Bank.

(b) In the case of crossed Orders the remitter may, at his pleasure, give or withhold the payee's name or description.

Transmission of Order to Payee.

9. (a) To guard against payment of an Order being obtained by an unauthorised person the remitter is recommended, when he is well known to the payee, to sign the letter enclosing the Order with his initials only.

(b) When this is not the case advantage may be taken of the power to defer payment for any period not exceeding 10 days (see par. 16) or to cross the Order for payment through a Bank (see pars. 13 & 14).

Cashing of Orders.

10. Payment of an order other than a Telegraph Order cannot under any circumstances be made on the day of issue.

11. If, when an order is presented for payment (otherwise than through a bank), it is properly receipted, and the name of the remitter, as furnished by the applicant, is in agreement with the advice, it will be paid, **unless** the Postmaster have good reason for believing that the applicant is **neither** the rightful claimant, nor deputed by him. In the case of a Money Order payable to any company, corporation, or society, the Money Order must be stamped in the receipt space with the name of the company mentioned in the advice as the payee. In cases where no stamp is used the person presenting the Order must receipt the Money Order by writing the name of the company in the receipt space, and also signing his own name and designating his official position in the company.

12. Money Orders do not require a receipt stamp.

Payment through a Banker.

13. The holder of an Inland Money Order may direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted.

14. When an order is presented through a bank duly crossed with the name of such bank, by a person known to be in its employment, the formalities observed on presentation in the ordinary way will be dispensed with.

Stoppage of Payment.

15. If it be desired to stop payment of an inland order, a notice, in which fourpence commission in postage stamps must be enclosed, must be sent to the office where the order is payable.

Deferring Payment.

16. If the remitter of a Money Order, issued and payable in the United Kingdom, is desirous of delaying payment for any period not exceeding ten days, he must, at the time of the issue of the Order, fill up and sign the request printed at the foot of the Money Order, and inform the Postmaster, in order that a note may be made on the advice for the information of the office of payment. An Order deferred for ten days and issued (say) on the 1st day of a month would become payable on the 11th.

Repayment to Remitter.

17. The Postmaster-General has power to refund to the remitter the amount of a Money Order, and is free in such case from all liability to the payee. In the case of a deferred Order (*see par. 16*) the remitter is entitled to have the amount repaid to him if he stops payment before the expiration of the deferred period.

Payment can be Refused.

18. If payment of an order be refused, in consequence of the remitter's name not being furnished correctly, or in consequence of the signature on the order not corresponding with the entry on the advice, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing Postmaster.

Alteration of Name. Transfer of Payment.

19. If alteration in the name of the payee or remitter of an inland Money Order be required, application, accompanied by a penny postage stamp, must be made by the remitter to the Postmaster of the office at which the order was issued. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application enclosing the order must be made to the Postmaster at whose office the order is payable. He will transmit, in exchange, a new order payable at the place desired, deducting the amount of a second commission. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office. Whenever, on complaint being made, it is found that the payment of a fresh commission has been rendered necessary by the fault of an officer of the Post Office, the charge will be remitted.

Loss of an Order. Issue of a Duplicate.

20. In case of the miscarriage, or loss, of an inland Money Order in transmission through the post, a duplicate will be granted, free of charge, on a written application, with the necessary particulars, being forwarded to the Controller of the Money Order Office in London, or to the Accountant in Edinburgh or Dublin, according to the country in which the original order was issued. Should an order be lost by

the remitter or payee, an additional commission of sixpence (which should be forwarded in postage stamps, with the application for a duplicate order) will be charged.

Lapsed Orders.

21. At the end of twelve months from the month in which it was issued, a Money Order, if still unpaid, becomes legally void, but, when a good reason can be given for the delay in presenting it, an application for payment, subject to a deduction of 6d., is entertained.

Non-liability of Postmaster-General after payment of an Order.

22. After once paying a Money Order, by whomsoever presented, the Postmaster-General is not liable to any further claim, nor can he entertain any application for compensation for loss or injury arising out of the delay of a Money Order, or out of any other irregularity in connection therewith.

TELEGRAPH MONEY ORDERS (INLAND).

Offices Transacting Telegraph Money Order Business and Hours of Attendance.

23. Money may be transmitted by Telegraph Money Order from any Money Order Office in the United Kingdom which is also a *despatching* office for telegrams, and may be made payable at any Money Order Office which is also an office for the *delivery* of telegrams. At those offices which forward but do not deliver Telegrams, Telegraph Money Orders can be issued but cannot be paid. The ordinary hours for the issue and payment of Telegraph Money Orders are from 8 a.m. to 8 p.m., but certain Sub-Offices close early one day in the week. On Bank Holidays, Telegraph Money Order business is transacted in the Provinces at Head Offices and Country Sub-Offices (but not at Branch Offices or Town Sub-Offices), and in London at the following places:—Chief Office (St. Martin's-le-Grand, E.C.), Charing Cross, W.C., and at the Head Office of each of the London Postal Districts.

Telegraph Money Order business is not transacted on Sundays, Good Friday, or Christmas Day.

Limit of Amount.

24. No single Telegraph Money Order can be issued for a greater amount than 10*l*.

Scale of Commission.

25. The commission is—	s.	d.
For sums not exceeding 3 <i>l</i>	—	0 4
„ above 3 <i>l</i> . and not exceeding 10 <i>l</i>	—	0 6

In addition to the commission, a charge is made at the ordinary Inland rate for the Official Telegram authorising payment at the Office of Payment, the minimum being 6d. If the Order is to be delivered at the Payee's address the proper charge for portage, if any, must be prepaid.

Delivery.

26. The remitter of a Telegraph Money Order is required to state whether the Order is to be delivered at the payee's address or to be called for at the Office of Payment. In the former case he must furnish on the printed Requisition Form (*see* paragraph 7, page 477) a sufficient address of the payee to ensure delivery without difficulty; in the latter case it will be sufficient to give as the payee's address the word "Postoffice." If the Order is to be kept till called for, the remitter should inform the payee of its despatch and of the name of the Post Office at which he must apply for it, unless this is already known to the payee. The remitter should also bear in mind that, unless an Order is presented through a Bank, the regulations require that the person applying for payment should furnish the name of the remitter.

Crossing for payment through a Bank.

27. The remitter may give directions for the Order to be crossed for payment through a bank, in which case he must pay for the insertion of the word "crossed" in the Telegram of Advice. If this be done the name of the remitter will be communicated to the payee at the time of the delivery of the Order.

Private Messages from Remitter to Payee.

28. The remitter of a Telegraph Money Order is allowed, on paying for the additional words required, to have a short private communication for the payee added to the Official Telegram of Advice. The communication must be in plain words, and must be written by the remitter in the space provided for the

purpose in the Requisition Form. If desired the private message may include the remitter's own name, which is not in ordinary course communicated to the payee unless the Order is crossed for payment through a Bank (see preceding paragraph). On the arrival of the Telegram of Advice at the Office of Payment a copy of such private communication will be enclosed with the Money Order and delivered to the payee at the address given in the Telegram or handed to him at the paying office as the case may be.

Certificate of Issue.

29. A Certificate of Issue is handed to the Remitter of every Telegraph Money Order, and this Certificate should accompany any enquiry respecting the Order.

Identification of Payee.

30. Except in cases in which Telegraph Money Orders are delivered at the Payee's address (see paragraph 26), any person expecting such a remittance must furnish satisfactory evidence that he himself is the person entitled to receive the money. He, or someone on his behalf, must attend at the office to obtain payment. Whenever doubt is entertained by a postmaster as to the authority, expressed or implied, of a person to receive payment on behalf of the Payee, he may require such person to produce an authority in writing from the Payee for the payment of the money to the applicant.

Orders payable at the Smaller Offices.

31. In the case of a Telegraph Money Order payable at one of the smaller Offices, there may be some delay in effecting payment, if sufficient funds are not in hand.

Repayment or Transfer of Payment.

32. Should repayment of a Telegraph Money Order be required by the Remitter, he must make application to the Controller, Money Order Office, General Post Office, London, or to the Accountant in Edinburgh or Dublin, according to whether the Order be remitted from an Office in England and Wales, Scotland, or Ireland. He must enclose the Certificate of Issue with his application, and also the Money Order prepared for the payee's signature, should such Order have been sent out to the payee. A new Order will then be issued, less the ordinary Commission, payable at any Money Order Office named for the purpose.

33. Should transfer of payment from one office to another be required by either Remitter or Payee, he must make application to the Controller, Money Order Office, General Post Office, London, or to the Accountant in Edinburgh or Dublin, as the case may be, furnishing particulars of the Order, and stating the name of the office at which payment is desired, and must enclose the Money Order prepared for the payee's signature, should such order have been sent out to the payee.

34. In other respects, Telegraph Money Orders are subject to the regulations which govern the transmission of ordinary Money Orders.

MONEY ORDERS (FOREIGN AND COLONIAL SERVICE).

Applications for Money Orders.

1. When applying for Money Orders payable abroad, the public should use the special Requisition Forms which are supplied gratuitously at all Money Order Offices.

2. The applicant must furnish, in full, the surname and at least the initial of one Christian name, both of the remitter and the payee, and the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe, or Caste, and the Father's name, should also be furnished, and in the case of a native of British Central Africa the Tribe, or Caste, of the payee must be given.

3. In any case in which the name of the Payee is not known, the Remitter must make a note to that effect on the front of the Requisition Form, and give such description of the Payee as will be sufficient to identify him or her to the Paying Officer. The Order will then be issued at the Remitter's risk.

4. As the advices of Orders drawn on places abroad have to be examined in the London Office before the particulars are advised to the paying country, such Orders should be taken out a day or two before the dates fixed for the despatch of the Mails.

1. Postal Orders for certain fixed sums from 1s. up to 1l. are now issued in the United Kingdom, at the British Post Office at Constantinople, and in Malta, Gibraltar, India, Straits Settlements, Hong Kong, and Newfoundland. Such Postal Orders are paid at all Money Order Offices in the United Kingdom, and at the British Post Office, Constantinople. Payment is also made in Malta and Gibraltar, provided the Orders were issued in the United Kingdom or at the British Post Office, Constantinople.

Amounts and Poundsage.

2. The following are the amounts for which Postal Orders are issued, together with the Poundsage payable in respect of each Order:—

Amount of Order.	Poundsage.	Amount of Order.	Poundsage.
s. d.	d.	s. d.	d.
1 0	-	4 6	-
1 6	-	5 0	-
2 0	-	7 6	-
2 6	-	13 0	-
3 0	-	10 6	-
3 6	-	15 0	-
4 0	-	20 0	-

Broken amounts, but not fractions of a penny, may be made up by the use of British Postage Stamps not exceeding fivepence in value affixed to the face of any one Postal Order. *Perforated stamps cannot be accepted for this purpose.*

3. After the expiration of three months from the last day of the month of issue, a Postal Order will be cashed only on payment of a Commission equal to the amount of the original poundsage, with the addition (if more than three months have elapsed since the said expiration) of the amount of the original poundsage for every further period of three months which has so elapsed, and for every portion of any such period of three months over and above every complete period. The Commission thus paid must be affixed in Postage Stamps to the back of the Order. Postal Orders presented for payment more than six months after the month of issue are not paid until reference has been made to the Chief Office in London.

Hours of Business.

4. Postal Orders are sold and paid at all Money Order Offices during the hours in which such offices are open on week days.

Special Notice to Sender and Payee.

5. The person to whom a Postal Order is issued *must*, before parting with it, fill in the name of the person to whom the amount is to be paid, and *may* fill in the name of the Money Order Office at which the amount is to be paid. The person so named *must*, before payment can be made, sign the receipt at the foot of the Order, and *must* also fill in the name of the Money Order Office, if that has not been already done. *The insertion of the name of the paying office affords a safeguard against payment being made to a wrong person.* A Postmaster may require the person presenting the Order to sign his name on the Order before its payment, although the receipt has been already signed.

6. Every person to whom a Postal Order is issued should keep a record of the number and cypher to facilitate inquiry if the Order should be lost.

Miscarriage or Loss.

7. In case of the miscarriage or loss of any Postal Order, unless proof can be given to the satisfaction of the Postmaster General that the name of the payee was inserted in the Order before the holder parted with it, and unless the number of the Order can be furnished, the Postmaster General cannot undertake to trace the Order with a view to accounting for the miscarriage or loss thereof.

8. After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster General will not be liable for any further claim.

Payment through Bankers.

9. If a Postal Order be crossed, payment will only be made through a Banker, and if the name of a Banker is added, payment will only be made through that Banker.

10. No Postal Order will be paid, even though presented for payment by a Banker, unless the name of the payee be inserted in the body of the Order.

11. A Postal Order presented by, or through, a Banker for payment will not (in the absence of an express arrangement between such Banker and the Postmaster General to the contrary) be paid until after such Order has been examined at the Chief Office in London.

Deferring Payment.

12. The holder of a Postal Order may, in writing, on the face thereof, direct that payment be deferred for any period not exceeding 10 days; but in such case the name of some Money Order Office at which the Order shall be paid must be inserted in the body. Payment of the Order will then not be made until the period specified by the holder has elapsed.

13. The Regulations under which Postal Orders are issued allow the Postmaster to delay or refuse the payment of an Order, but he must at once report his reasons for so doing to the Postmaster-General.

Erasures or Alterations.

14. If any erasure or alteration be made, or if the Order is cut, defaced, or mutilated, payment may be refused.

POST OFFICE SAVINGS BANK.

GENERAL RULES.

1. Post Office Savings Banks are open from 8 a.m. to 8 p.m. on week days. See also information on page 48 as to Hours for Business generally.

Persons by whom Deposits may be made.

2. Deposits may be made:—

(A) By persons of full age, and not under legal disability.

(B) By married women.

(C) By children 7 years old and upwards.

(D) On behalf and in the names of children under 7 years old. Money so deposited is not withdrawable until the children attain the age of seven years, and is then payable to their signatures only.

(E) On behalf of insane persons by the committees of their estates.

(F) By two or more persons jointly on their own behalf, provided no one of them has any other account in a Savings Bank (see clauses 14 and 27, pages 489-491).

(G) By one person as Trustee for another person also named in the account (see clauses 14 and 27, pages 489-491). A person may act as Trustee in any number of accounts, and at the same time have an account in his own name.

(H) By a duly registered Friendly Society upon the application of all the Trustees of such Society.

(I) By a duly registered Industrial and Provident Society, not chargeable with Income Tax (see Industrial and Provident Societies Act, 1893, sections 39 and 24).

(J) By a Charitable or Provident Society, Penny Bank, or similar Institution, through the Trustees or Treasurer.

(K) By Corporate Bodies (subject to the approval of the Postmaster General).

(L) By Vicars and Rectors of Parishes in England and Wales, and by other official persons, being corporations sole (subject to the approval of the Postmaster General), the accounts being opened in their official titles.

(M) In the name of the Registrar of a County Court.

When it is desired to deposit under (H), (I), (J), (K), or (L), application must first be made for authority to the Controller of the Savings Bank Department. A copy of the Rules should accompany the application, except in cases under paragraph (L).

3. On opening an account a person must state his Christian name or names and surname, occupation and residence. He must also sign a declaration to the effect

that he takes no benefit from any other account in the Post Office Savings Bank, or in a Trustee Savings Bank (unless it be as the personal representative of a deceased depositor, or as a member of a Friendly or Charitable Society, or in respect of deposits made in the name of the Registrar of a County Court pursuant to Statute). This declaration must be witnessed by the officer receiving the deposit, or by some person known to him, or by some other officer of the Post Office, or by a Minister of any religious denomination, a Justice of the Peace, or a Commissioner to administer Oaths. If the declaration is not true all sums illegally deposited will be liable to forfeiture, in accordance with law. It is not necessary that a person desiring to become a depositor should attend at a Post Office Savings Bank for the purpose of opening an account, as the declaration, when duly signed, can be presented at the Office on his behalf by another person, together with the money to be deposited.

Deposits of Married Women.

4. All deposits standing in the sole name of a married woman domiciled in England or Ireland are deemed, unless and until the contrary is shown, to be the separate property of such married woman; and the fact that any deposit is standing in the sole name of a married woman is *prima facie* evidence that she is entitled to withdraw and receive the same, without the concurrence of her husband.

Payment of deposits by a married woman domiciled in Scotland is subject to the provisions of the Married Women's Property (Scotland) Act, 1881. The deposits of married women domiciled in the Channel Islands or in the Isle of Man are repayable consistently with the laws in force in those Islands respectively.

Any woman who marries while she is a Depositor should forward to the Controller of the Savings Bank Department a certificate of her marriage, together with her Deposit Book, and the deposits will thereupon be entered in her married name. Upon application to the Controller, she will be supplied with a form by means of which she can obtain a certificate for the sole purpose of her account at the reduced fee of one shilling.

Small Savings.

5. Forms to which stamps may be affixed are supplied at all Post Offices for the assistance of children and others unable to save more than a penny or two at a time. Any such person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny saved a penny stamp, and affixing it to one of these forms. Perforated stamps cannot be accepted. Full instructions are printed on the form.

6. Special facilities are provided for assisting managers of Penny Banks, and for the saving of pence by children attending elementary schools. Information on the subject will be furnished on application to the Controller of the Savings Bank Department.

How much may be Deposited.

7. Any sum from one shilling upwards, but excluding pence, is accepted as an ordinary deposit, subject to the limits prescribed by law. These limits are 50*l.* a year (ending 31st December), and 200*l.* in all (including interest and Stock dividends, if any). They are, however, subject to the following modifications:—

- (a) In regard to these limits Stock dividends are not reckoned during the year in which they are credited to a depositor's account.
- (b) A person, besides depositing 50*l.* in any year ending 31st December, may deposit in the same year one sum or several sums for the purpose of replacing in whole or in part the amount of any one (but not more than one) withdrawal previously made in that year.
- (c) Ordinary deposits made in any year ending 31st December, and applied to the purchase of Stock or to Annuity or Life Insurance purposes during the same year, are not reckoned in regard to the annual limit of deposits; and further deposits within the prescribed limits may be made to replace them.
- (d) Money transferred from the account of a deceased depositor is not reckoned in regard to the annual limit of deposits in the account to which the transfer is made.

When a depositor has 200*l.* to the credit of his deposit account he cannot make any further ordinary deposit. But if he reduces his balance by a with-

drawal, a transfer to another account, a Stock investment, or by applying part of the money to Annuity or Insurance purposes, he can make further ordinary deposits, subject to the annual limit of 50*l.*, until the total limit of 200*l.* is again reached. See also clause 12, page 489.

Information as to deposits for immediate investment in Government Stock will be found at page 493; and as to deposits for annuity and insurance purposes at page 495.

8. The limits of ordinary deposits in the accounts of Societies, Penny Banks, Corporate Bodies, and Funds specially authorised to be invested are as follows:—

- i. Registered Friendly Societies, or Registered Industrial and Provident Societies not chargeable with Income Tax, are allowed to make deposits without limit.
- ii. Charitable or Provident Societies, Penny Banks or similar Institutions, can deposit to the extent of 100*l.* in any one year ending the 31st December, and 300*l.* in all exclusive of interest. If the consent of the National Debt Commissioners be obtained deposits may be made without limit.
- iii. Incorporated Building Societies can make deposits, provided the whole amount, exclusive of Government Stock, credited to the Society at any one time does not exceed 300*l.*
- iv. Corporate Bodies, other than Incorporated Building Societies, and Corporations Sole may make deposits within the limits prescribed for individual depositors.
- v. Deposits may be made—
 - (a) Under the Workmen's Compensation Act to the extent of 300*l.*
 - (b) In the case of trust moneys, through a County Court, to the extent of 500*l.*, and
 - (c) In equitable proceedings, through a County Court, without limit.
 - (d) In any other proceedings, in which the money was paid into a County Court and ordered by the Judge to be invested for the benefit of any infant or person of unsound mind, without limit.

Except in the case of Corporate Bodies and Corporations Sole deposits in all these accounts may include pence.

Cheques, crossed Money Orders, and Postal Orders are accepted for deposit provided they are not crossed to a particular Bank. Cheques and crossed Money Orders are received subject to the conditions stated in clauses 10 and 14.

Receipt for Deposits.

9. Every deposit must be entered in the Depositor's book by the Postmaster or other person receiving it, who must affix to the entry his signature (or his initials) and the stamp of his office. A depositor should carefully examine his book before leaving the office to ascertain that the entry is correct, and he should keep his book in his own possession.

10. In addition to the receipt in the book, the Depositor receives an acknowledgment by post from the Savings Bank Department in London, and this should reach him within four clear days, exclusive of Sundays and Bank Holidays, if the deposit be made in England or Wales, or within six days if it be made in Ireland or Scotland, except that where a deposit is made by cheque or crossed Money Order the acknowledgment is not to be despatched until a period of twelve days has elapsed, including the date of the deposit. The acknowledgment should be quite free from erasure, and should state the exact amount of the deposit, and the day on which the deposit was made. If the acknowledgment does not reach the Depositor in proper time, or if, when it reaches him it shows any signs of erasure or does not agree with the entry in his book, the Depositor should immediately apply to the Controller of the Savings Bank Department by letter, and should renew his application again and again until he obtains a satisfactory reply (see clause 33, page 492).

It is not necessary that an acknowledgment should be addressed to a Depositor's place of residence, as it can be sent to a Post Office to be called for, or to any other address that may be furnished for the purpose at the time the deposit is made. When making a deposit, the Depositor should always inform the Postmaster to what address the acknowledgment is to be sent.

11. A Depositor may add to his deposits at, and withdraw the whole or any part of them from, any Post Office Savings Bank without change of Deposit Book.

Interest on Deposits.

12. Interest at the rate of 2l. 10s. per cent. per annum (which is at the rate of sixpence a year, or one halfpenny a calendar month, for each complete pound) is allowed on ordinary deposits, and also on any interest or dividends already credited to a depositor's account. The interest is calculated from the first day of the calendar month next following the day on which a pound has been deposited, or completed, up to the last day of the calendar month preceding that in which a warrant for repayment is issued; and after each 31st December it is added to the principal (so long as the account remains open); but when, by the addition of interest or dividends, or by transfer from the account of a deceased person, the sum due in a deposit account is raised above 200l., interest is allowed on 200l. only, and the excess over that sum, when it amounts to 5l., is applied to the purchase of Stock for the depositor unless he otherwise directs. This restriction as to interest has reference only to those accounts to which the limit of £200 is applicable.

13. Once in each year, on the anniversary of the day on which his first deposit was made, the Depositor should forward his book to the Controller of the Savings Bank Department, in order that it may be compared with the books of the Department, and that the interest to the previous 31st December may be inserted in it.

An envelope for the transmission of the book can be obtained at any Post Office Savings Bank on satisfying the Postmaster that the proper time for forwarding the book has arrived.

How to withdraw money.

Ordinary Withdrawals.

14. When a Depositor wishes to make a withdrawal from his account he should fill up and forward to the Savings Bank Department a notice of withdrawal, which he can obtain at any Post Office Savings Bank. He will then receive by post a warrant, which he should present, together with his book, at the Post Office where payment is to be made, and the Postmaster will take from him a receipt on the warrant, which receipt should be signed in the presence of the Postmaster (or other paying officer).

No application to withdraw the whole or any portion of the amount of a deposit should be made until the acknowledgment of such deposit has been received. (See paragraph 10 as to acknowledgments of deposits made by cheque or crossed Money Order.)

When an application for the withdrawal of money is made by more persons than one, they may request that the sum to be withdrawn may be paid to any one or more of them to the exclusion of the others, and in such case the warrant will be made out in the name or names of the person or persons specified in such request, and his or their receipt will be deemed to be the receipt of all the applicants.

15. Payment of a warrant is made only to the person named therein, or upon the production of an authority from such person, which may be given either by means of the prescribed form of order obtainable at any Post Office Savings Bank, or by power of attorney under seal. An order for such purpose must be signed in the presence of any responsible officer of the Post Office, other than the paying officer, or a Minister of any religious denomination, a Justice of the Peace, a Notary Public, a Commissioner to administer Oaths, or the Medical Attendant. If the person named in the warrant be resident abroad, the signature must be verified by a Notary Public or the British Consular Authority, or the duly appointed British Chaplain, or some constituted authority of the place in which the payee resides.

16. Where the person to whom a warrant is made payable cannot write, he must, when he presents the warrant for payment, affix his mark to the receipt at the foot of the warrant in the presence of some person, known to the paying officer, who can identify the person applying for the money as the person named in the warrant, and who must attest the mark by his written signature.

17. Deposits made through a County Court under the County Courts Acts, the Workmen's Compensation Act, or the County Officers and Courts (Ireland) Act, are repayable in the manner provided by the Act under which the moneys were deposited.

Withdrawals by telegraph and by return of post.

18. A depositor may obtain payment from his account of any sum not exceeding 10*l.* on the same day on which notice is given by defraying the cost of the necessary telegrams to and from the *Controller, Savings-Bank, London.*

While every effort is made at the Chief Office to expedite the despatch of telegrams of advice, it is pointed out that payment by telegraph is defined by the regulations, framed under Act of Parliament, as payment on the day on which a depositor gives notice of withdrawal, and not within a certain limit of time on that day.

He may also, at a less cost for telegraphing, obtain payment from his account on the day after giving notice (i.e., by "return of post") of any sum not exceeding 20*l.* The return of post warrant is addressed to the depositor at the Paying Office "to be called for" unless other directions are given in the telegram of withdrawal.

Application for withdrawal by telegraph should be made between the hours of 9 a.m. and 4 p.m. (Saturdays 9 a.m. and 1 p.m.) at any Post Office Savings-Bank which is also a Telegraph Office, but payment on the same day cannot be made at offices where telegraph business is restricted to the despatch of telegrams.

Notice in the prescribed form must be given at the Post Office by the depositor in person, or by someone duly authorised on his behalf, and the deposit book must be produced at the time.

Nominations to receive money at Depositor's death.

19. A Depositor of the age of 16 years or upwards may nominate any person to receive any sum (not exceeding 100*l.*) due to such depositor at his death. Every nomination must be in writing in the proper form (*which may be obtained from the Controller of the Savings Bank Department*). It must be signed by the Depositor in the presence of a witness, and must be sent, for registration, to the Controller of the Savings Bank Department *during the depositor's lifetime.* When registered it will be returned to the Depositor. *Note: No person who witnesses the signature of a Depositor to a Nomination can take any benefit under the Nomination.*

The marriage of a Depositor domiciled in England, Wales, or Ireland, contracted on or after the 1st August, 1900, revokes any nomination made by such Depositor before marriage.

The marriage of a Depositor domiciled in Scotland does not, under any circumstances, revoke a nomination made by such Depositor. This rule also applies to Depositors domiciled in Jersey, Guernsey, Alderney, and Sark. But, as regards a Depositor domiciled in the Isle of Man, a nomination is revoked by a marriage contracted on or after the 1st August, 1900, when there is issue of the marriage.

In the case of a marriage contracted before the 1st August, 1900, if the amount of the deposits at the time of the Depositor's death does not exceed 100*l.*, a nomination executed prior to such marriage will hold good and the money will, notwithstanding the Depositor's marriage, be payable to the person or persons who may have been named to receive it; but, if the balance at the date of death be more than 100*l.*, inasmuch as the nomination takes effect as regards any sum to which it relates, not exceeding 100*l.*, as if it were a Will, it is invalidated by the subsequent marriage.

Payment at death of Depositor.

20. Where at the time of a Depositor's death the amount standing to his credit (inclusive of Stock standing in his name in the Government Stock Register of the Post Office Savings Bank and the dividends thereon and of any amount payable or returnable in respect of an Annuity) exceeds 100*l.*, and the Depositor has left no Nomination, it is necessary, in order to obtain payment, that Probate of the Will of the Depositor, or, if he left no Will, Letters of Administration to his estate, should be obtained from the Probate Division of the High Court of Justice, and forwarded to the Savings Bank Department for registration.

21. If the Depositor has in the prescribed form nominated any person to receive payment of his deposits, and the Nomination is in force at the time of the Depositor's death, the Nomination will

take effect as a Will as regards any sum or sums to which it relates, but no more, and payment will be made accordingly. It should be mentioned, however, that duty is chargeable on the whole of a Depositor's estate, according to law, including, of course, any sum passing under a Nomination. A Nomination made by a Depositor domiciled in Jersey will only take effect as regards that portion of his deposits over which he has power of testamentary disposition according to the law of Jersey.

22. Expressions referring to the Probate of the Will or to Letters of Administration to the estate and effects of a deceased Depositor, are, in the case of a Depositor domiciled in Scotland, deemed to refer to Confirmation of Executors according to the law of Scotland; and in the case of a Depositor domiciled in the Isle of Man, or in the Channel Islands, to Probate or Administration granted according to the law of the Isle of Man, or of Jersey or Guernsey, as the case may be.

23. Where a claim is made under a Nomination executed by a Depositor in the prescribed form and in force at his death, the Nominee must furnish evidence of the death and of his identity as the person named in the Nomination. The Nomination and Deposit Book will also be required.

24. Where the whole amount standing to the credit of a Depositor at the time of his death, inclusive of Stock and any amount due in respect of an Annuity, does not exceed 100*l.*, payment will be made:—

- (i.) To the person or persons nominated by the Depositor, so far as any such Nomination extends, and provided the persons nominated have attained the age of 16 years, or upon their attaining that age;

Failing a Nomination or so far as any such Nomination does not extend:—

- (ii.) To the Executor of the Depositor's Will, or the Administrator of his estate upon the production of the Probate or Administration at the Chief Office;

In default of Probate or Letters of Administration payment may be made:—

- (iii.) To any person who has paid the funeral expenses of the Depositor;
- (iv.) To creditors of the Depositor;
- (v.) To the widow or widower of the Depositor;
- (vi.) To the persons entitled to the effects of the deceased according to the Statutes of Distribution;
- (vii.) To any other person establishing to the satisfaction of the Postmaster General a claim in accordance with the Statutes and Regulations relating to the Post Office Savings Bank.

25. The receipt of any of the above-mentioned persons shall be a good discharge to the Postmaster General for the sum paid, and any such receipt may be signed by any Widow, Widower, Nominee, or next of kin, above the age of 16 years, notwithstanding that she or he has not attained the age of 21 years.

26. Expressions referring to the persons entitled to the effects of a deceased Depositor according to the Statutes of Distribution, are, in the case of a Depositor domiciled in Scotland, the Isle of Man, Jersey, or Guernsey, deemed to refer to the persons entitled to share in the distribution of the movable or personal estate of such Depositor, according to the law of Scotland, the Isle of Man, Jersey, or Guernsey, as the case may be.

27. In the event of the death of any of the parties to a trust or joint account, payment of the balance, of whatever amount, will be made to the survivors or survivor on proof of the death being furnished, but in any case where a name of another person has been added to the account, except as a trustee, the Postmaster General will require proof that duty, if any, has been paid on the deposits. Where, however, the survivor is an infant under seven years of age, the money is not payable until he attains that age. Upon the death of the last surviving party to a trust or joint account the deposits are payable as in the case of an individual Depositor.

28. The person claiming the deposits should make application to the Controller of the Savings Bank Department by means of Form S.B.—No. 4, which is supplied for the purpose to all Post Office Savings Banks.

Addition of Name. Transfers from one account to another.

29. Any Depositor may apply to the Controller of the Savings Bank Department for the addition of the name of another person in the title of his account, or for the transfer of deposits standing in his name into the name of any other person entitled to deposit in the Post Office Savings Bank, the amount transferred being regarded as a deposit (subject, of course, to the prescribed limits), and similar transfers may be made from the account of one society, or branch of a society, to that of another. Forms of application may be obtained from the Controller.

Transfers to and from Trustee Savings Banks.

30. A person may transfer his deposits from a Trustee Savings Bank to the Post Office Savings Bank, or *vice versa*, by obtaining a certificate of transfer, which will be accepted as a deposit of the amount therein set forth. Forms of application for certificates of transfer to a Trustee Savings Bank can be obtained at any Post Office Savings Bank.

Loss of Deposit Book.

31. No charge is made for the books at first supplied to Depositors, or for books issued to them in continuation thereof; but if any Depositor loses his book, he should immediately give notice to the Controller and state the circumstances in which the book has been lost. The Controller should also be informed at what Post Office Savings Bank, and in what year the account was opened, and what amount is believed to be due therein; the number of the book should also be stated, if possible. If the depositor desires a new book, he must enclose Postage Stamps, or a Postal Order, of the value of one shilling to pay for the new book should the application be granted.

Deposit book not to be used for obtaining loans.

32. A deposit book is not a proper security for money lent, and no claim by any person holding a deposit book in respect of a loan can be recognised by the Department. Deposits in the Post Office Savings Bank are not liable to "Attachment," or to its Scotch equivalent "Arrestment."

Free Postage.

33. A Depositor residing within the United Kingdom need not pay any postage when communicating with the Controller on Savings Bank business, or when transmitting his book for examination.

Secrecy.

34. The officers of the Postmaster General engaged in the receipt or payment of deposits are not allowed to disclose the name of any depositor, or the amount deposited or withdrawn by him, except to the Postmaster General, or to such of his Officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Act.

Disputes.

35. If any dispute arises between the Postmaster General and any Depositor, or any person claiming any deposits standing in the name either of a living or a deceased Depositor, the matter in dispute must be referred in writing to the Registrar of Friendly Societies, and the Award made by the Registrar is to be binding and final without any appeal. But in England or Ireland questions between husband and wife as to deposits claimed to be the wife's separate property may be tried in a Court of Law, as indicated by the Married Women's Property Acts.

Further Information.

36. A full statement of the Regulations of the Post Office Savings Bank, which are framed under Act of Parliament, may be seen at any Post Office Savings Bank, and detailed information with regard to—

(A) The repayment of the deposits of Depositors who have become insane, or who are from other causes unable to act for themselves;

(B) The deposits of Friendly, or Charitable, or Provident Societies, or Penny Banks;

may be obtained by writing to The Controller, Savings Bank Department, General Post Office, London, from whom also may be obtained information upon any other point connected with Savings Bank business. An Office for personal inquiries is open at the Savings Bank Department (144A, Queen Victoria Street, E.C.) from 9 a.m. to 4 p.m.; Saturdays, 9 a.m. to 1 p.m.

GOVERNMENT STOCK.

Investments.

37. A Depositor in the Post Office Savings Bank who desires to invest in Government Stock must send to the Controller of the Savings Bank Department, General Post Office, London, an application signed by him on a form to be obtained at any Post Office Savings Bank. Such investments can be made in Two and Three Quarters per Cent. Consolidated Stock (1903), Two and Three Quarters per Cent. Annuities (1905), Two and a Half per Cent. Annuities, and Local Loans Three per Cent. Stock; and they can be made either by means of moneys deposited specially for the purpose, or by means of ordinary deposits made previously; or partly from the one and partly from the other.

The deposit book is also required in the Savings Bank Department, but where a deposit is made for the purpose of immediate investment, the book need not be sent with the application to invest, but can be held over until the acknowledgment of the deposit is received.

Within seven days from the receipt of such application, provided the Stock can be obtained, the investment will be made at the current price of the day on which the Stock is purchased, as certified to the Postmaster General by the National Debt Commissioners, and the Depositor's account will be charged with the cost of the investment and the commission, the necessary entries relating to the transaction being made in the Depositor's Book. The Depositor will also be credited in the Government Stock Register of the Post Office Savings Bank with the equivalent amount of Stock, and a certificate of the investment will be sent to him by post.

38. Any amount of Stock, from one shilling upwards, may be purchased, subject to the prescribed limits, viz. :—

The annual limit for such investments (as regards the amount that may be credited to a depositor in any year ending 31st December) is 200*l.* Stock; but, in addition to this amount, a Depositor may purchase Stock to replace Stock previously sold in one entire sum during that year.

The total amount of Stock standing to a Depositor's credit at any one time must not exceed 500*l.* Stock; but if, having this amount, a Depositor reduces it, either by sale, or by a transfer to the Bank of England, or by obtaining a Stock Certificate with coupons annexed (*see* clauses 41, 44, and 46, page 494), he will then be at liberty to make further investments (subject to the annual limit) until he again has 500*l.* Stock to his credit.

Societies and Clubs, other than Building Societies, which have accounts with the Post Office Savings Bank, may invest in Government Stock, through the agency of the Post Office, in the same way as individual Depositors, viz., to the extent of 200*l.* Stock in one year, and 500*l.* Stock in all.

Societies incorporated under the Building Societies Acts may also invest in Government Stock, and are not subject to the annual limit of 200*l.*, but only to the provision that the total amount of Stock credited to the Society shall not exceed 500*l.* at any one time.

39. For the purpose of an immediate investment in Government Stock a deposit, or deposits, to an amount not exceeding the value of 200*l.* Stock with the commission may be made in any year ending the 31st December, irrespective of the limits for ordinary deposits.

40. Deposits for immediate investment can be made in the account of a minor under 7 years of age, the application to invest being signed at the time the deposit is made by the person who, if the deposit were a first deposit, would be required to make the declaration. Minors over the age of 7 years may make investments and sell Stock in the same manner as persons of full age.

Sales.

41. A Depositor who desires to sell the Stock standing to his credit, or part of the Stock (not being less than a shilling), must send to the Controller of the Savings Bank Department, together with his deposit book and investment certificate, an application signed by him on a form to be obtained at any Post Office Savings Bank.

Within seven days of the receipt of such application the sale is effected at the current price of the day of sale, and a warrant is forthwith sent to the Depositor for the amount realised, less the commission.

Dividends.

42. The dividends in respect of Government Stock standing in a Depositor's name are credited to his deposit account as they become due. The dividends are due quarterly on the 5th January, 5th April, 5th July, and 5th October. They are entered in the depositor's book when it is received in the Savings Bank Department for the annual examination.

Commission.

43. The commission chargeable upon investments in Stock (including the receipt of dividends), and on the sale of Stock is as follows:—

					s.	d.
On Stock not exceeding 25 <i>l</i>	0	9
„ exceeding 25 <i>l</i> . and not exceeding 50 <i>l</i>	1	3
„ „ 50 <i>l</i> .	„	„	75 <i>l</i>	1	9
„ „ 75 <i>l</i> .	„	„	100 <i>l</i>	2	3
„ „ 100 <i>l</i> .	„	„	200 <i>l</i>	2	9

with a further charge of 6*d*. in respect of every 100*l*. or part of 100*l*. Stock above 200*l*.

Stock Certificates.

44. A depositor who desires to obtain a Stock certificate with coupons for dividends annexed under the National Debt Act, 1870, must send to the Controller of the Savings Bank Department, together with his deposit book and investment certificate, an application signed by him on a form to be obtained at any Post Office Savings Bank. The amount of Stock for which any one Stock certificate is obtainable is 100*l*., or a multiple of 100*l*., in the case of Two and Three Quarters per Cent. Stocks, and either 50*l*. or a multiple of 50*l*. in the case of Two and a Half per Cent. Stock, or Local Loans Three per Cent. Stock. The dividend coupons are payable to bearer at the Bank of England.

The Stock certificate is delivered to the Depositor on his attending at the Post Office Savings Bank named in his application and giving a receipt for the same. A Depositor over the age of 21 years who is unable through infirmity, illness, or other sufficient cause, established to the satisfaction of the Postmaster General, to attend personally, may, however, by an order under his hand, authorise the bearer of such order to receive the Stock certificate on his account, and the receipt of such person shall be a good discharge to the Postmaster General.

Stock certificates cannot be issued in the accounts of minors under seven years of age. Minors over that age can only receive Stock certificates on attending personally at a Post Office Savings Bank.

When a Stock certificate has been obtained it cannot subsequently be disposed of through the agency of the Post Office, but it is negotiable through the ordinary channels.

45. The commission on procuring a Stock certificate with coupons annexed is the same as on sale of Stock (see clause 43), and this commission, in addition to the fee of 2*s* per cent. payable to the Bank of England, will be charged to the Depositor's account.

Transfer of Stock to the Bank of England.

46. A Depositor of full age can transfer the whole or a portion of his Stock into his own name in the books of the Bank of England on making application on the proper form, which can be obtained at any Post Office Savings Bank, the commission being the same as for a sale of Stock, see clause 43.

Transfers to and from Trustee Savings Banks.

47. When a Savings Bank Depositor having Stock standing to his credit transfers his account to another Savings Bank, the authority of that Bank inscribes a memorandum accordingly on the investment certificate.

Loss of Investment Certificate.

48. On proof to the satisfaction of the Postmaster General of the loss or destruction of an investment certificate, a new certificate may be obtained.

Miscellaneous.

49. By the expression "current price" is meant, in the case of an actual purchase or sale of Stock, the sum given or realised by the National Debt Commissioners, irrespective of commission; and in other cases it means the average price certified for the day on which the application for purchase or sale is received by the National Debt Commissioners from the Savings Bank Department.

50. **Sundays and Bank Holidays are excluded in computing time for the purpose of the Regulations.**

51. Subject to the Regulations under the Savings Banks Acts, 1880, 1887 and 1893, all Enactments and Regulations for the time being in force relating to the Post Office Savings Bank so far as is consistent with the tenor thereof are construed to apply to Stock standing to the credit of any depositor in the Post Office Savings Bank as if such Stock were a deposit.

GOVERNMENT ANNUITIES AND LIFE INSURANCES.

Limits.

52. Immediate or Deferred Annuities from 1*l.* up to 100*l.*, may be purchased through the Post Office on the life of any person over 5 years of age. These Annuities are payable by equal half-yearly instalments on the 5th January and the 5th July, or on the 5th April and the 10th October, according to the date of purchase.

53. Life Insurances, from 5*l.* to 100*l.*, can be granted to persons between 14 and 65 years of age. Children between 8 and 14 years of age can be insured for 5*l.*

54. If the amount of the Annuity or Insurance purchased is less than 100*l.*, further Annuities and Insurances may be purchased from time to time until the total amount of Annuities depending on the life is 100*l.*, and the total sum insured is 100*l.*

Security.

55. The persons to whom Annuities are granted or whose lives are insured by the Postmaster General have direct *Government security* for the payment of the money at the proper time.

Proposals.

56. Forms of proposal for the purchase of Annuities and the Insurance of lives may be obtained at any Post Office Savings Bank.

Evidence of Age.

57. Persons proposing to purchase Annuities must furnish a certificate of birth or baptism as evidence of their age. Proposers for Life Insurance furnish a statement, giving full particulars of their age, upon a form which will be supplied by the Postmaster with the form of proposal.

If such Statement, after receipt in the Savings Bank Department, can be verified by the Registrar General, London, no further evidence of age will be required, but if not, proposers must provide, at their own cost, such certificates of birth or baptism, or other evidence of age, as shall be required of them.

When the age has once been proved, further contracts are granted without requiring any further evidence of age.

Tables of Premiums and how they are payable.

58. The Insurance and Immediate Annuity tables and some of the Deferred Annuity tables are given on pages 500-517, and any further information as to cost can be obtained from the Controller, Savings Bank Department, London. The Deferred Annuity Tables are framed for the grant of such Annuities either with or without the return of the purchase money. These Annuities can be deferred for any period from 10 to 50 years. Under the purchase money returnable system, in the event of a desire to discontinue paying the premiums, or of death before the Annuity commences, the whole of the premiums are returned, without interest. The premiums for Deferred Annuities are lower under the not returnable system, but, as in the case of Immediate Annuities, the purchase money is not returnable in any event.

59. The premiums are payable through the medium of Savings Bank deposit accounts, and are accepted in addition to ordinary deposits and deposits for immediate investment in Government Stock. *See also* paragraph 7 (c), page 487.

An Annuity or Insurance contract is issued on payment of the purchase money if a single payment, or of the first annual premium in full. Provision can be made for the payment of premiums by increasing the money in the Bank by deposits of not less than 1s. at any Post Office Savings Bank, and by the use of the Stamp Deposit Forms, the provision can be made in sums of 1d. at a time.

So long as there is a sufficient sum standing to the credit of the deposit account, each premium is deducted therefrom as it becomes due without the Depositor being troubled in the matter, and notice is sent as evidence that the premium has been paid. If the balance in the account is insufficient to cover any premium due, the Depositor is informed accordingly, in time to make a deposit, which may be done at any Post Office Savings Bank. If desired, the premiums can be transferred from the account of any person other than the Annuitant or Insurant with the consent in writing of the Depositor.

Members of Friendly or Provident Societies may pay their premiums through such Societies, by arrangement with the Postmaster General and the Societies. The premiums in connection with contracts granted to the employes of Firms and Public Bodies can be paid in instalments by arrangement with the Postmaster General.

Payment of Insurances and Annuities.

60. All amounts due in respect of Annuities or Insurances are credited to the Annuitants' or Insurants' Savings Bank accounts, and are paid at any Post Office Savings Bank in the United Kingdom by means of Warrants drawn on those accounts.

On the death of an Annuitant a single payment equal to one-fourth part of the annuity is made to the representatives, if claimed within two years.

Nominations.

61. Any person, not under the age of 16 years, to whom an Insurance is granted may nominate any person or persons to receive the money due at death, and a form of nomination, with full instructions as to filling it up, can be obtained upon application to the Controller, Savings Bank Department, General Post Office, London. (As to the effect of marriage on a nomination, *see* Clause 19, page 490.)

Husband and Wife. Married Women.

62. Husband and Wife may each purchase an Annuity of 100l., or they may purchase an Annuity of such an amount on their joint lives, and may each be insured to the full amount of 100l.

63. The following provisions apply to Annuities and Insurances purchased or effected by persons domiciled in England or Ireland.

A. As to Annuities :—

- (1.) All Annuities which on the 1st January, 1883, are standing in the sole name of a married woman, will be deemed, unless and until the contrary is shown, to be the separate property of such married woman; and the fact that any Annuity is standing in the sole name of a married woman is *prima facie* evidence that she is beneficially entitled thereto for her separate use, so as to authorise and empower her to receive the same without the concurrence of her husband.
- (2.) All Annuities which, on or after the 1st day of January, 1883, are granted in the sole name of any married woman, are deemed, unless and until the contrary is shown, to be her separate property, and payment of such Annuity will be made to the receipt of such married woman alone, without the concurrence of her husband.
- (3.) Where any Annuity stands on the 1st day of January, 1883, or is at any time thereafter made to stand in the name of a married woman jointly with any other person or persons, whether such married woman is expressed to be a trustee or not, such married woman will be deemed entitled to such Annuity, so far as her interest therein extends, as her separate property, and the concurrence of her husband in any receipt or other proceeding relating to such Annuity will not be required.
- (4.) Any woman who marries after an annuity has been granted to her, should forward to the Controller of the Savings Bank a certificate of her marriage, together with her Annuity contract, and the Annuity will thereupon be made to stand in her married name, but she will not by so doing lose any power of receiving payment of the same without the concurrence of her husband, but the Annuity will remain her separate property.
- (5.) If any Annuity is granted to a married woman by means of moneys of her husband without his consent, the husband may apply, by summons or otherwise in a summary way, to any Judge of the High Court of Justice in England or in Ireland, or in England to the Judge of the County Court of the district, or in Ireland to the Chairman of the Civil Bill Court of the Division in which either party resides; and the Judge of the High Court of Justice or of the County Court, or the Chairman of the Civil Bill Court, may upon such application, order such Annuity or any part thereof to be paid to the husband, and may make such order for the costs of and consequent on the application as he thinks fit.
- (6.) No annuity purchased with moneys of the husband by or in the name of his wife in fraud of the creditors of the husband, will be valid as against such creditors, but any Annuities so purchased may be followed for the benefit of the creditors.

B. As to Insurances :—

- (1.) A married woman may effect a policy upon her own life or the life of her husband for her separate use; and the same and all benefits thereof shall enure accordingly.
- (2.) A married woman may effect a policy on her own life for the benefit of her husband or of her children, or of her husband and children, or any of them.
- (3.) A man may effect a policy on his own life for the benefit of his wife, or of his children, or of his wife and children, or any of them.
- (4.) A policy of assurance effected by any man on his own life, and expressed to be for the benefit of his wife or of his children, or of his wife and children or any of them, or by the woman on her own life and expressed to be for the benefit of her husband or of her children, or of her husband and children, or any of them, shall create a trust in favour of the objects therein named, and the moneys payable under any such policy shall not, so long as any object of the trust remains unperformed, form part of the

estate of the insured, or be subject to his or her debts. Provided, that if it shall be proved that the policy was effected and the premiums paid with intent to defraud the creditors of the insured, they shall be entitled to receive, out of the moneys payable under the policy, a sum equal to the premiums so paid. The insured may by the policy, or by any memorandum under his or her hand, appoint a trustee or trustees of the moneys payable under the policy, and from time to time appoint a new trustee or new trustees thereof, and may make provision for the appointment of a new trustee or new trustees thereof, and for the investment of the moneys payable under any such policy. In default of any such appointment of a trustee, such policy, immediately on its being effected, shall vest in the insured and his or her legal personal representatives, in trust for the purposes aforesaid. If, at the time of the death of the insured, or at any time afterwards there shall be no trustee, or it shall be expedient to appoint a new trustee or new trustees, a trustee or trustees, or a new trustee or new trustees may be appointed by any court having jurisdiction under the provisions of the Trustee Act, 1850, or the Acts amending and extending the same. The receipt of a trustee or trustees duly appointed or, in default of any such appointment or in default of notice to the Insurance Office, the receipt of the legal personal representative of the insured shall be a discharge to the office for the sum secured by the policy, or for the value thereof in whole or in part.

ANNUITIES, IMMEDIATE AND DEFERRED (OLD AGE PAY).

Premiums, with examples.

64. The sums charged for the purchase of Immediate Annuities or Deferred Annuities, sometimes called Old Age Pay, vary with the age and sex of the person on whose life the Annuity is to depend, and in the case of Deferred Annuities with the number of years to pass before the commencement of the Annuity, and with the conditions of the contract as to the return or non-return of the purchase money.

65. The following are examples of various classes of annuities and the cost:—

A male aged 65 can purchase an Immediate Annuity of 1 <i>l.</i> ,	£	s.	d.
payable half-yearly, for - - - - -	9	13	4
A female aged 70 can purchase an Immediate Annuity of 1 <i>l.</i> ,			
payable half-yearly, for - - - - -	8	14	2

When the condition of a Deferred Annuity contract is that, in the event of the death of the person on whose life the Annuity is to depend before the commencement of the Annuity, the purchase money is to be returned to his representatives; and that if the purchaser, at any time before the commencement of the Annuity, wishes to discontinue the purchase, the purchase money shall be returned:—

A female aged 24 may purchase a Deferred Annuity of 1 <i>l.</i> ,	£	s.	d.
to commence on her reaching the age of 60, and to be			
payable half-yearly, either by an annual payment until			
she reaches the age of 60 of - - - - -	0	4	4
or,			
By a single payment of - - - - -	5	4	11

66. When the condition of a Deferred Annuity contract is that no part of the purchase money shall, in any event, be returned:—

A male aged 24 may purchase a Deferred Annuity of 1 <i>l.</i>	£	s.	d.
to commence on his reaching the age of 54, and to be			
payable half-yearly, either by an annual payment until			
he reaches the age of 54 of - - - - -	0	4	4
or,			
By a single payment of - - - - -	3	19	10

Although in the case of Annuities granted under the non-returnable scale no part of the purchase money paid can be returned, yet if the Annuity is being purchased by annual instalments and the purchaser is unable to keep up the payments to the end of the period for which the Annuity is deferred, the money paid is not lost, as an exchange contract can be granted for such an amount of Annuity, to commence at the time fixed in the original contract, as the payments made may justify.

Joint Annuities.

67. Any two persons may purchase an Immediate Annuity on their joint lives, with or without continuance of the Annuity to the Survivor. The cost of any joint Annuity will be furnished on application being made to the Controller, Savings Bank Department, London, giving the age and sex of each of the persons on whose lives the Annuity is to depend.

Life Certificates.

68. Before any half-yearly instalment of an Annuity can be paid, the person on whose life the Annuity depends must be proved to be alive on the date the instalment becomes due. A Form of Life Certificate for this purpose is provided by the Department.

LIFE INSURANCES.

LIFE INSURANCE TABLES.—*These Tables will be found at pages 500 to 506.*

Premiums, with examples.

69. The premiums charged for the insurance of lives vary with the ages of the persons whose lives are insured, and with the mode in which they are payable.

70. The following examples show various ways in which Insurances may be effected :—

The life of a Male or Female between 24 and 25 years of age may be insured for 10*l*.

	£	s.	d.
By an annual payment throughout life of - - -	0	4	4
or,			(1 <i>d</i> . a week.)
By an annual payment to the age of 60 of - - -	0	4	10
or,			
By a single payment of - - - - -	4	9	0
or,			

The payment of a sum of money may be insured on the attainment of the age of 55, 60, or 65 years, or sooner in the event of death, by the payment of a single or annual premium, and the payment of a sum of money may be insured at the expiration of 10, 15, 20, 25, 30, 35, or 40 years, or sooner in the event of death, by the payment of a single premium according to the age of the insured person.

Insurance without Medical Examination.

71. Insurances from 5*l*. to 25*l*. inclusive may be effected without a medical examination upon production of satisfactory evidence as to health, but in such cases if the insurant should die before the second annual premium becomes payable, the amount of the first premium, and no more, will be paid to his representatives, and if he should die after the payment of the second annual premium and before the third premium becomes payable, half the amount insured, and no more, will be paid to his representatives. In either of these cases, however, if it shall be proved to the satisfaction of the Postmaster General that the death of the insured person was caused by accident, the full amount insured will be paid. In any case, immediately after the payment of the third annual premium the insured person is, of course, entitled to the full benefit of insurance.

Insurance with Medical Examination.

72. Persons proposing to insure for more than 25*l.* must undergo a Medical Examination by a medical practitioner appointed by the Postmaster General, and the fee is paid by the department. Persons proposing to insure for sums up to 25*l.* inclusive may undergo a Medical Examination, if they so desire, by payment of a fee of half-a-crown to the medical examiner. In all cases of Insurances granted after Medical Examination the insured person is entitled to the full benefit of insurance immediately the policy is granted.

73. The Postmaster General reserves to himself the right of declining to insure any life that may be presented.

Surrender Value.

74. If, after having paid not less than two annual premiums, an insurant should be unable to continue or should desire to discontinue the payments, such sum of money will be returned as the National Debt Commissioners shall determine to be the surrender-value of the contract.

Residence Abroad.

75. Permission is granted to persons over 30 years of age, who have been insured 5 years, to reside in any part of the world, without the payment of any extra premium.

The Annuity Tables give the cost of an Annuity of 11., and an Annuity of a larger amount costs a larger sum in exact proportion.

Savings Bank Annuities are payable by half-yearly instalments on the 5th January and 5th July, or the 5th April and 10th October, according to the date of purchase.

The purchase money for Immediate Life Annuities is not returnable in any event.

POST OFFICE TELEGRAPHS.

INLAND SERVICE.

Charge for Transmission.

1. The charge is 6d. for the first 12 words, and $\frac{1}{2}$ d. for every additional word. Addresses are charged for.
2. A receipt for the charges can be obtained at a cost of 2d.

Telegram Forms.

3. Telegram forms are of two kinds, the "A 1" form, embossed with a stamp, and the "A" form (given gratis), with no stamp. The "A 1 forms" may be purchased singly. They may also be had in books of 20, interleaved, and with a sheet of carbonic paper; price 10s. 2d each book.

Mode of Payment.

4. Postage stamps are used for the payment of telegrams, and the public are required to affix them to the message forms just as they are required to affix them to letters.
5. An embossed stamp removed from an unused telegram form will be accepted in payment or part payment of a telegram, but mutilated and defaced stamps, or embossed stamps cut out from envelopes, will not.

Mode of Delivery and Charges.

6. When the terminal office, *i.e.*, the office nearest to the address, is a Head Post Office, the amount paid for transmission covers the cost of delivery within three miles or within the town postal delivery when that extends for more than three miles. But when it is not a Head Post Office, the message is delivered free within three miles only. Telegrams are delivered free at all times within the Metropolitan Postal District.

7. When the address is beyond the free delivery, portage is charged at the rate of 3d. per mile or part of a mile, the charge being calculated from the office door.

8. The sender is responsible for the portage; and when the address is not within the free delivery, he must, if practicable, state the distance and pay the portage in advance. When the exact distance is not known, a deposit must be paid. In the list of Post Offices (pages 49-258) approximate distances are given. These will furnish some guide in computing portage charges.

9. Should the sender undercalculate the charge the deficiency is charged on delivery.

10. If the sender pays too much, the excess is refunded.

11. The sender may direct that his telegram shall be delivered by post; and no charge is then made for delivery.

If he requires the telegram to be forwarded by train from the Terminal or other office, he must write the word "train" or the words "train from _____" as the case may be, at the end of the address, and must deposit the sum of 1s to cover the cost of conveyance by train, if the exact charge is not known.

12. A deposit for boat hire is required on telegrams addressed to ships unless the ships are alongside a wharf, jetty, or pier. Any surplus is refunded.

Prepayment of Replies.

13. The cost of a reply, not exceeding forty-eight words, may be prepaid, and a Reply Form will then be delivered to the addressee, who will be at liberty to send his reply, from any Telegraph Office, at any time within two months. If the Form be not used its value will be refunded to the sender of the original telegram on application within two months to the Secretary, General Post Office. The form must accompany the application. A reply form need not necessarily be used for a reply, but may be used to prepay any message.

Addresses.

14. To ensure prompt delivery of a telegram the address should be sufficiently full to enable the Department to effect the delivery without difficulty, and without reference to Directories or other sources of information. In telegrams for towns the name of the street and the number of the house should be given when the address is not registered.

15. An address ordinarily used for letters is not necessarily correct or sufficient for telegrams.

Repetition at Request of Sender to Ensure Accuracy.

16. Telegrams can be repeated, if the sender desires it, by being signalled back from office to office. No copy is, in such case, given to the sender. The charge for repetition is one half the ordinary tariff; a fraction of a halfpenny being reckoned as a halfpenny.

17. Telegrams containing mercantile quotations or figures, and telegrams written in cypher, or according to a preconcerted code, should always be repeated.

Repetition at Request of Addressee to Detect Errors.

18. If the receiver of a telegram doubts its accuracy, he may have it repeated by paying half the amount paid for its transmission to him, fractions of one halfpenny being reckoned as a halfpenny. Should he require only a portion of the message to be repeated, a payment must be made at the half rate sufficient to cover the number of words embraced in the repetition. For example, if 20 words in a message of 40 words are to be repeated the payment would be fivepence. The minimum charge, however, for repetition (even of a single word) is threepence. The money will be refunded if it should turn out that the telegram has been incorrectly transmitted.

Re-direction of Telegrams.

19. Telegrams re-directed to a second address, either by an Officer of the Department or by an agent of the addressee, are liable, if any additional service is performed, to an additional charge of 6d. if the two addresses are within the same town; but if the addresses are in different towns the full inland rate is charged for the re-direction. Each London Postal District is considered for this purpose a separate town.

Instructions for the re-direction of telegrams at hours when the place of business is closed are registered on payment of £1 1s. per annum.

Removals are registered free for one month when this is specially requested. A form referring to telegrams only should be used for the purpose. The person giving the instructions is responsible for any charges that may be incurred.

The registration of removals, or of special instructions, does not exempt telegrams from the ordinary charges for re-direction.

Telegrams can be re-directed by post, in which case they are charged 1d. on delivery at the second address.

20. Should the sender, upon being informed that his telegram cannot be delivered because the addressee is unknown, require the telegram to be presented a second time at the same address, or re-direct it to another address in the same town, he must pay a further fee of 6d. If, however, he re-directs it to an address in a different town (each London Postal District being considered for this purpose a separate town) he must pay the full inland rate for the re-transmission. Should it appear that the necessity for the further trial, or for the re-direction to a different address, arose from any fault on the part of the Department, the extra charge will be refunded on application being made to the Secretary.

Multiple Address Telegrams.

21. Copies of a telegram directed to more than one person in the same free delivery are delivered at a charge of twopence per copy, in addition to a halfpenny for each word in the address of the copy. Each London postal district is regarded, for this purpose, as forming a separate delivery; and when a multiple address telegram for London contains one or more registered addresses, the District Initials must be inserted after each registered address and be paid for.

Telegrams Posted in Letter Boxes.

22. Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram, Immediate," in a wall or pillar box, or at a Town Sub-Office or Sub-Post Office. Telegrams so posted are sent on by the next collection to the nearest convenient Telegraph Office and are thence transmitted and delivered free of extra charge, provided the proper amounts for transmission and for portage (if any) have been prepaid. The time of arrival at the Telegraph Office is regarded as the time of receipt from the public. Telegrams may also be posted not enclosed in envelopes, and when so posted they will be treated in the same manner.

23. Telegrams posted, insufficiently prepaid, are forwarded, and the deficiency is charged to the addressee; but unpaid telegrams are not forwarded.

24. Most Telegraph Offices are closed between 8 p.m. and 8 a.m.; and as time is required for transmission, a telegram, if it be deposited in a box at such a time that it cannot reach a Telegraph Office before 7 p.m., may not reach its destination until the following day.

Mixed Postal and Telegraph Service.

25. Persons desirous of having a communication forwarded by post to a place abroad from a Postal Telegraph Office at which it could be posted later than at their local office, may have it transmitted as an inland telegram to such an office, and posted there. In this case the sender must write "post from —" (which will be charged for) at the end of the address, and must prepay the postage. Thus, a telegram of 25 words, to be posted from Queenstown to New York, should be marked "post from Queenstown" and be prepaid 1s. 3½d., viz.:—1s. 1d. for telegraphing and 2½d. for postage.

The following table will show the times at which telegrams must reach outports so as to be included in the outgoing mail:—

Late Fees.

26. Postmasters may accept telegrams after the usual hours on payment of the following fees, if the terminal office is open, or its attention can be gained.

(a.) If the handing-in office is not open for either postal or telegraph business, 1s. for the postmaster, 1s. for the telegraphist, 1s. for a messenger, if one be required to call the telegraphist.

(b.) If the office is open for postal business but not for telegraph business, 1s. for the telegraphist, 6d. for a messenger, if one be required to call the telegraphist.

(c.) If the office is open for the receipt of press news (but not for other telegraph business, or ordinary postal business), 6d. for the postmaster, 6d. for the telegraphist.

The hours during which the principal London offices are open will be found at pages 524 and 525. In the case of provincial offices the hours for telegraph business, when exceptional, are indicated in the list given at pages 49-258.

27. When several telegrams are handed in together by the same person, late fees are payable on one telegram only.

28. If a postmaster or telegraphist be called up to send a telegram, and it subsequently appears that it cannot be despatched, the person desiring to send it must nevertheless pay the fees.

29. When telegrams are handed in at an office which is open, for one which is not open, the following fees are to be paid by the sender:—

(a.) If the terminal office is not open for either postal or telegraph business, 1s. for the telegraphist, 1s. for the messenger, 6d. an hour for the telegraphist if he has to wait for a reply.

(b.) If the terminal office is open for ordinary postal business but not for telegraph business, 1s. for the telegraphist, 6d. for the messenger.

Counting: Compound Words, Proper Names, Figures, Abbreviations, &c.

30. Telegrams in plain language in any European tongue or in Latin are charged for according to the number of words; but all words not forming part of any European language or of Latin and all unintelligible combinations of letters are charged for at the rate of five letters to a word.

31. No combination of words is counted as one word, with the exception of those which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "forty-seven," "warehouseman."

32. Certain exceptional names, such as O'Niel, MacDonald, De la Rue, are charged for as single words. So, too, are names with the prefix "St.," as St. Pancras, but double names like Bouverie-Tracy, although written with a hyphen, are counted as two words.

33. Such abbreviations as "can't," "won't," "don't," "shan't," "couldn't," are counted as single words.

34. Figures are counted at the rate of five figures to a word. For example, "38563" counts as one word. Fractions are counted according to the number of figures employed, one figure being added for the mark of division—thus, " $\frac{1}{2}$ " counts as one word, " $2\frac{1}{2}$ " as one, " $109\frac{1}{2}$ " as two. In groups of figures a stop or oblique stroke is always counted as a figure. The symbols o/o, a/c, b/l, and c/o are each counted as one word. In ordinal numbers the affix st, nd, rd, or th is counted as two figures—thus, "1st" counts as one word, "1432nd" as two words.

35. Where a figure or a group of figures is followed or preceded by a letter (except in the case of ordinal numbers—see Rule 34), the letter is counted as a word: thus, 104a or a104 counts as two words. A mark of division between the figures and the letter would be counted as an extra word: thus, a/645 would be counted as three words.

36. Initial letters are each counted as one word; but exceptionally the initials of the London Postal Districts (e.g. S.W.) and the letters A.M. and P.M. are counted as one word for each group.

37. Certain names of places are counted as one word each, irrespective of the number of words of which they are composed. These are divided into three classes, as follows:—

(a.) All names of Towns and Villages in the United Kingdom;

(b.) The names of those railway stations (not in towns) at which telegraph business is transacted on behalf of the Post Office;

(c.) The names of Foreign Telegraph Offices mentioned in the International List of Telegraph Offices.

For example, "Newcastle-on-Tyne," "Abbey Holme," "Bodmin Road," and "Davos Platz," are counted as one word each.

The names of Town Sub-Offices and Branch Offices, and all other names, are counted according to the number of words of which they are composed. For example, "Hanging Ditch" and "Drury Lane" are each counted as two words.

When it is necessary to add the name of a county to the name of a place to

distinguish it from another place of the same name, the name of the county is charged for.

38. When words are underlined, or placed in a parenthesis, or within inverted commas, one extra word is charged for.

Registered Abbreviated Addresses.

39. Any person may register an abbreviated or arbitrary address on payment of a registration fee of 1*l.* 1*s.* a year, dating from the day of registration. The address must consist of two words, one of which is to be the name of the town or place of delivery; the other being a dictionary word, containing not more than ten letters, taken from one of the eight languages permissible in code telegrams. (See par. 2, page 527.) Telegrams intended to be delivered to the care of a person who has registered an abbreviated address must have "care of" or "c/o" written before the abbreviated address, thus; "Smith, care of Hercules, London." The symbol c/o counts as one word. It is very desirable that when abbreviated addresses are used they should be written with great clearness.

N.B. The registration of abbreviated addresses is not recommended. It would be much better if in all cases full addresses were used.

Cancelling Telegrams.

40. The sender may have his telegram cancelled, and if it be cancelled before the commencement of transmission the sum paid will be returned, on application to the Secretary, at any time within three calendar months; but if transmission has commenced, the sum will not be returned. If transmission has been completed, an official telegram, prepaid by the sender, will be sent to the Postmaster at the Terminal Office. If the official telegram should arrive too late, the sender will be informed that the attempt to cancel his telegram has failed, but the sums paid will not be refunded.

Interruption of Communication.

41. When, in consequence of an interruption of communication, a telegram cannot be transmitted, notice is given to the sender, together, if practicable, with a statement of the cost of delivery by special means, and on payment of such cost the telegram will be delivered. If, however, the sender prefer to cancel the telegram, the amount paid will be returned, on application to the Secretary, at any time within three calendar months. If the sender cannot be found, or declines to cancel the telegram or to pay for the delivery, it will be delivered without extra charge by post.

Miscellaneous Regulations.

42. Telegrams may be handed to Rural Postmen on their way to Telegraph Offices.

43. Telegrams are, as a rule, delivered personally; but when attention cannot be gained, they are dropped into the letter-box. If there is no letter-box a notice is put under the door stating that the telegram can be obtained at the Post Office. In all cases, therefore, in which a house is shut up for some days, instructions should be given to the Postmaster as to the disposal of Telegrams.

44. If the addressee is known to the messenger, the telegram may be delivered wherever on the road the messenger may meet him. If the place where they meet is within the free delivery area no charge is made for portage; but, if beyond, portage is charged to the point of meeting at the rate given in par. 7.

45. The sender should furnish his address to enable the Department to communicate with him if necessary. When it is not to be telegraphed, it should be written on the back of the form.

46. The sender may have any instructions, such as "private," "confidential," "to be opened at once," or the like written on the outside of the envelope of the message. The instructions will be charged for as part of the message.

A telegram handed in late at night may, at the request of the sender, be held over for delivery on the following morning.

47. Telegrams addressed to a Telegraph Office "to be called for" are kept two clear days. If not applied for within that time, they are sent to the Chief Office of the country to which the telegram is addressed.

The forms of Inland Telegrams are only kept for three months from the date of transmission.

48. Telegrams for the re-direction of letters or parcels are accepted at the ordinary rate. Such telegrams must be signed by the persons to whom the letters, etc., are addressed, otherwise no attention can be paid to them.

49. Telegrams indecently or obscenely worded, or appearing to contain libellous or grossly offensive matter, will not be transmitted.

50. The Postmaster General is not liable for any loss or damage which may be incurred or sustained by reason or on account of any mistake or default in the transmission or delivery of a telegram.

Exclusive Privileges of the Postmaster General.

51. Except in a few cases, as indicated below, the Postmaster General possesses, under the Telegraph Acts, the exclusive privilege of transmitting telegrams within the United Kingdom, and of performing all the incidental services of receiving, collecting, or delivering telegrams.

The term "telegram" means any message or other communication transmitted or intended for transmission by telegraph, and the term "telegraph" means a wire or wires used for the purpose of telegraphic communication, whether worked by electricity or not, and any apparatus connected therewith, and also any apparatus for transmitting messages or other communications by means of electric signals, whether involving the use of wires or not. Thus the term telegram includes spoken telephonic messages, whether transmitted by electricity or not, and would even extend to signals conveyed according to a preconcerted code, by means of bells, although such bells were worked by wires pulled by hand. (32 and 33 Vict. c. 73, ss. 3, 4.)

52. The following are exceptions from the Postmaster General's exclusive right of transmitting telegrams,

1. Foreign telegrams, i.e., telegrams transmitted to or from any place out of the United Kingdom.
2. Telegrams transmitted by a telegraph maintained solely for the private use of any corporation, company, or person, and in respect of which no charge is made for transmission. (32 & 33 Vict. c. 73, s. 5.)

Under this latter exception private persons, corporations, or companies may only establish telegraphic communication for the purpose of transmitting telegrams which relate solely to their own business or private affairs in or between premises in their own occupation. Thus a merchant may establish telegraphic communication between his house and his office, or between his head office and a branch office for the purpose of transmitting messages connected with the transaction of his business; but he may not establish telegraphic communication with another merchant with whom he does business, nor may the two combine to establish such communication.

53. Any company, corporation, or person who transmits or aids or is concerned in transmitting telegrams in such a way as to infringe the Postmaster General's exclusive rights, or who may engage or take part in the receipt, collection, transmission, or delivery of telegrams in contravention of the Postmaster General's exclusive privilege, or who is the employer of any person so offending, is liable to a penalty of 5*l.* for every such offence (32 & 33 Vict. c. 73, s. 6).

Imitation of Telegram Forms, Envelopes, &c.

54. A person who, without authority—

- (a) makes, issues, or sends by post or otherwise, any envelope, wrapper, card, form, or paper, in imitation of one issued by or under the authority of the Postmaster General or of any foreign or colonial postal authority, or who
- (b) makes in any envelope, wrapper, card, form or paper for the purpose of being issued or sent by post or otherwise, or otherwise uses, any mark in imitation of or similar to or purporting to be any stamp or mark of any post office under the Postmaster General or under any foreign or colonial postal authority, or who
- (c) issues or sends by post, or otherwise, any envelope, wrapper, card, form or paper so marked,

is liable to a penalty of 40*s.* (47 & 48 Vict. c. 76, s. 6.)

Telegram forms and envelopes come within the above enactment.

Payment at the rate for ordinary Inland telegrams (plus 10d. per message) will be demanded on the delivery of the telegrams.

Telegrams in reply will be accepted from the owners or others for transmission, if possible, to the vessel in distress, and will be subject to the same charges.

The duties of the Light-keepers will not, however, admit of a constant look-out being kept, and it is to be distinctly understood that no messages will be transmitted other than those which relate to Shipping Casualties.

PRESS TELEGRAMS.

Information may be obtained of the Secretary, General Post Office.

TELEGRAPH MONEY ORDERS.

Money can now be remitted by telegraph. The commission is 4d. for sums not exceeding 3*l.*, and 6d. for sums exceeding 3*l.* and not exceeding 10*l.* No single Telegraph Money Order can be issued for more than 10*l.* If more than that sum be remitted two or more Orders must be taken out. A charge is made at the ordinary Inland rate for the Official Telegram authorising payment at the office of payment, the minimum being 6d. The Remitter may, on paying for the additional words required, add to the official telegram of advice any short communication which he may wish to send to the Payee. For Regulations, see page 479.

SAVINGS BANK WITHDRAWALS BY TELEGRAPH.

Payment of any amount not exceeding 10*l.* can be effected by Telegraph, or of any amount not exceeding 20*l.* by Return of Post in response to a Telegram, under the Regulations stated at page 490 of this Guide.

METEOROLOGICAL TELEGRAMS.

The latest information as to the state of the weather in various parts of the United Kingdom, or the Continent, and also forecasts one day in advance, can be obtained by telegraph from the Meteorological Office on payment of a fee of 6d. in addition to the cost of a telegram and reply. The number of words to be paid for in the reply is to be arrived at by adding 10 to the number of words required to express the applicant's address; thus, if there are five words in the applicant's address, a reply of 15 words must be paid for.

The Meteorological Office is open between the hours of 8.30 a.m. and 8 p.m. on week days, and between 6 p.m. and 8 p.m. on Sundays, and its telegraphic address is "Weather, London." Forecasts are prepared at 11 a.m. and 7.30 p.m. daily, and during the summer months at 3.30 p.m. also.

SIGNALLING STATIONS.

Signalling stations have been established by the Post Office, by Lloyd's, and by others, from time to time, at various points round the coast of the United Kingdom; and telegrams to and from vessels passing such stations may be signalled when the vessels are passing.

The Post Office Signal Station is at Hurst Castle.

The charge for signalling, or for reporting the passing of a ship, at Hurst Castle Signal Station is 10d., and must be prepaid.

The charges made by Lloyd's and others, for similar services, or for giving other information, vary in amount. They are collected by Lloyd's.

In all cases the Post Office charge for the transmission of the telegram (including the reply, if any) must be prepaid at the ordinary rate for inland telegrams.

*** FOREIGN AND COLONIAL SERVICE***(Regulations founded on the International Telegraph Convention.)***Classification of Foreign and Colonial Telegrams.**

1. Foreign and Colonial telegrams are of two kinds, telegrams in plain language and telegrams in secret language. Those in plain language are composed of words, figures, and letters conveying an intelligible meaning. Those in secret language are divided into two classes: (1) preconcerted language or code, (2) cypher.

2. Telegrams in preconcerted language, or code, are composed of words, the context of which has no intelligible meaning. Proper names (other than those appearing in the "Official Vocabulary for Telegrams in Preconcerted Language," published by the International Telegraph Office at Berne) are not allowed in the text of such telegrams, except in their natural sense. Words of more than 10 letters are not allowed. Only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin may be employed; but words of any or all of these languages are allowed in the same telegram.

3. Cypher telegrams are those containing groups of figures having a secret meaning. Telegrams consisting of groups of letters are not accepted, but groups of letters denoting commercial marks are allowed in the midst of plain or preconcerted language, and are then charged for as figures. See par. 20.

Telegram Forms.

4. Special forms are provided for Foreign and Colonial Telegrams: the A_N form for Telegrams to be transmitted by North American Cables, and the A_M form for other Foreign and Colonial Telegrams. Telegrams written on forms supplied by the Cable Companies are also accepted at Post Offices.

Books containing 25 forms, each bearing an embossed 10d. stamp, interleaved, can be obtained, price 17. 1s. each.

Addresses of Telegrams.

5. The address must be paid for, and must in no case consist of less than two words; the first designating the receiver, the second indicating the name of the terminal telegraph office, as "Hercules, Bombay." An address of this kind should, however, be registered at the office of destination.

In telegrams for large towns, the name of the street and the number of the house should be given when the address is not registered. If these particulars cannot be furnished, the profession, trade or calling of the addressee, or similar information, should be given, otherwise the telegram will be forwarded only at the risk of the sender. The address should be in French or in the language of the country to which the telegram is sent. If there is more than one place of the same name, the name of the country or state in which the place is situated should be added to the address.

6. In the case of telegrams bearing addresses consisting of a name prefixed to a registered address, it is necessary to insert the word "chez" (care of) or an equivalent expression in the language of the country of destination. It is undesirable to use the symbol c/o, as the equivalent of "care of."

7. The address of the sender is charged for *if to be transmitted*. It must in any case be written at the foot of the form.

8. Corrections, alterations, or additions to an address can be made within 72 hours (Sundays not included), on application at the office where the telegram was handed in, by means of a telegram to the office of destination conveying the correction or alteration: such telegram being paid for at the ordinary rate.

9. Anyone may have an abbreviated address, or special instructions as to hours of delivery of his telegrams, registered at the chief office of the town in which he resides, on payment of a guinea a year, dating from the day of registration.

Multiple Addresses.

10. A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram (all the words in the several addresses and the text being counted), and a sum of 5d. must be prepaid for every extra copy to be delivered if the number of chargeable words does not exceed 100; an additional sum of 5d. being charged for every

* For rates see pages 537—543.

additional 100 words or part of 100 words. The instruction "—— address," or "TM ——" (the latter being counted as one word) must be written before the address and paid for. Telegrams of this kind are not accepted for transmission by the routes of the North Atlantic Cable Companies.

Repetition at Request of Sender to Ensure Accuracy.

11. *The sender* can have his telegram repeated from office to office throughout the whole course of its transmission by paying, over and above the charge for the original transmission, a quarter of that charge. If the telegram is for one of those countries for which there is a minimum charge per telegram, the lowest charge will be the minimum charge plus one quarter of the minimum charge. Whenever a telegram is repeated, "T O," which is charged for as one word, must be inserted before the receiver's address.

12. Repetition is desirable for all telegrams in secret language.

13. On payment of a charge equal to the inland rate, the sender can have the telegram repeated between the office of origin and the office in Great Britain at which it is handed over to the Cable Company, or Foreign Administration.

Repetition at Request of Addressee to Detect Errors.

14. *The receiver* of a telegram can, within 72 hours (Sundays not included) request the Delivery Office to obtain the correction of passages or words which appear doubtful. For this purpose he must pay for two separate telegrams, viz. :—

(A) A telegram requesting the repetition; and (B) a telegram of the length of the passage to be repeated, plus one word for the name of the addressee.

The amount is refunded, on application to the Secretary, G.P.O., if it should prove that the telegram has been inaccurately transmitted, but if the repetition shows that only a portion of the telegram was inaccurately transmitted, a proportionate part only of the amount paid for repetition will be remitted.

15. *The receiver* of a telegram may have it repeated from the office at which it was handed over by the Cable Company or Foreign Administration to the Department on depositing the ordinary charge for the transmission of an inland telegram, viz., 6d., if the part to be repeated contains 12 words or less, and 4d. per word if the number of words is greater than 12. If an error has taken place on the lines of this Department the amount deposited for the repetition will be refunded.

Counting: Compound Words, Misspelt Words, Figures, &c.

16. In telegrams written in plain language the length allowed for a word is 15 letters. Any additional letters are charged for at the rate of 15 letters to the word.

17. Subject to this limit, ordinary compound words and names of towns, countries, places, family names, names of streets, squares, etc., and names of ships, written without break are counted as single words. If joined by a hyphen or separated by an apostrophe, they are counted as so many separate words. Compound numbers written in words and without break are also counted as single words, subject to the same limit as to the number of letters. The name of the office, county, province, and country of destination in the addresses of telegrams are each charged for as one word whatever their length.

18. Words incorrectly spelled, so as to reduce the number of letters below the maximum, or incorrectly joined together, contrary to the usage of the language, are inadmissible.

19. If the sender of a telegram from a place abroad improperly joins together English words for the purpose of reducing the charge, the amount undercharged is collected from the addressee.

20. Every separate letter or figure is charged for as a word. Figures in groups or letters (denoting commercial marks) in groups are counted at the rate of five to a word, plus one word for any excess. (See par. 3.) Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

21. Words in plain language in the text of a mixed telegram (that is a telegram containing words in plain language and words in code language) are charged for at the rate of 10 letters to a word, any excess being charged for at the rate of 10 letters to a word.

Prepaid Replies.

22. If the sender desires to prepay a reply of 10 words he must insert before the address of the receiver "R P," which is charged for as one word; but if he

desires a reply of more or less than 10 words, he must insert "R P—", which is also charged for as one word. A less sum than 10d. cannot be accepted in prepayment of a reply. More than thirty words cannot be prepaid. A voucher for the reply is issued by the office of delivery, and the person receiving it is entitled to use it at any time within six weeks from the date of its issue in payment, or partial payment, as the case may be, of a telegram to any destination abroad.

23. If the addressee does not use the reply form of a telegram, the cost of the reply will be returned to the sender on application to the Post Office within three months. The addressee must return the form with his application. In the case of telegrams for places within the Extra-European system, when the charge for the reply is less than the amount prepaid, the balance will be returned to the sender of the original telegram on his applying to the Post Office within three months; but no such allowance is made in the case of telegrams for places within the European system.

Reimbursement Rules.

24. The cost of a telegram of which the repetition to the terminal office has been paid by the sender, is returned if the telegram was rendered useless by inaccurate transmission. Under no circumstances is the charge for an un-repeated telegram, which has been inaccurately transmitted, refunded.

25. The cost of telegrams which have failed to reach their destination owing to some error of the telegraph service; the cost of any word or words omitted during the transmission of a telegram for a place within the Extra-European system; and the cost of telegrams delayed beyond one day in the case of telegrams for places in Europe, beyond two days in the case of telegrams for places not in Europe but within the European system, and beyond six days in the case of telegrams for places within the Extra-European system, from other causes than an interruption of telegraphic communication, is returned to the senders.

26. The cost of telegrams rendered necessary by the non-delivery, delay, or incorrect transmission of a telegram is in no case returned, except as regards telegrams sent under the conditions mentioned in paragraph 14. No reimbursement, however, is allowed in respect of correcting telegrams exchanged between the sender and the addressee direct.

27. The amount paid for a telegram, cancelled before transmission, is returned, less 5d. If the telegram is cancelled after transmission has commenced, but before it has reached the place to which it is addressed, any balance of charges due will be returned.

28. Claims for reimbursement should always be accompanied by documentary evidence—

- a. In the case of non-delivery or delay, by a written statement from the terminal office or the addressee, that the telegram has not been received, or has been delayed.
- b. In the case of error in a collated telegram, by the actual message form delivered to the addressee.
- c. In the case of error in a telegram of which the receiver has paid the repetition from the office of origin, by the original message form delivered to him, together with the form upon which the repeated telegram is written.

29. No claim for reimbursement on telegrams for places in the European system will be entertained unless made within three months of the date of the original telegram; nor in the case of telegrams for places in the Extra-European system, unless made within six months of the date of the original telegram.

30. Foreign administrations will not inquire into complaints (except in cases of serious or repeated irregularities) which do not involve a return of the cost of the telegram within the limits of rules 24, 25.

Mixed Postal and Telegraph Service.

31. A telegram can be forwarded partly by telegraph and partly by post. Thus a telegram intended, say, for India, can be telegraphed to Brindisi to catch the outgoing mail, and thence forwarded by post to its destination. A charge of 5d., including postage, is collected from the sender in addition to the cost of the telegram to the place at which it is to be posted.

A telegram can also be forwarded by post from one place to another in the same country.

The sender should write the word "Post" before the addressee's name the name of the terminal telegraph office being written last in the address. The word "Post" is charged for, but there is no charge for postage from one place to another in the same country, unless the telegram is to be posted as a registered letter.

If the telegram is to be posted as a registered letter, the sum of 5d., including the fee for registration, is charged in addition to the postage (if any).

Notice of Delivery of a Telegram.

32. On payment of an additional rate for 10 words, the Sender may have a notice of the time at which his telegram was delivered transmitted to him by telegraph. In that case "P C," which is charged for as one word, must be inserted before the receiver's address. The information will be given by post on payment of a fee of 5d. and of the charge for one additional word for the expression "P C P" before the address.

Telegrams to Follow the Addressee.

33. When the sender is not certain that the receiver of a telegram will be found at the address given, and wishes the telegram to be sent on to him, he should insert before the address "F S," which will be charged for as one word. Telegrams "to follow" are not accepted for countries in the Extra-European system.

The addressee may also give instructions in writing, or by prepaid telegram, for any telegrams that may arrive for him to be re-directed to another address. The instructions may be given by a person duly authorised by the addressee on his behalf. The person giving such instructions is responsible for any charges that may be incurred.

Telegrams to be called for.

34. In telegrams intended to be left until called for at telegraph or post offices, the words "Télégraphe restant" (or "T R"), or "Poste restante" (or "P G"), or "Poste restante registered" (or "P G R"), as the case may be, must form part of the receiver's address. The instructions "T R," "P G," and "P G R" are each charged for as one word.

TELEPHONE TRUNK LINES

4. Where Post Office Telephone Exchanges in different towns are connected by Trunk lines, such lines may be used for conversation by local subscribers and the general public on payment of the following charges :—

For 25 miles or under	-	-	-	Three pence,
„ 50 „ „	-	-	-	Six pence,
„ 75 „ „	-	-	-	Nine pence,
„ 100 „ „	-	-	-	One Shilling,
„ every additional 40 miles or fraction thereof	-	-	-	Six pence.

Special rates are charged where submarine or other specially expensive lines are used.

The same charges are made to a subscriber to a Telephone Exchange worked under license from the Postmaster-General, and connected with the Post Office Trunk system. But when the conversation is between a subscriber to the National Telephone Company's system and a subscriber to a Post Office Telephone Exchange outside the London area, or to an Exchange of any other

licensee, the following additional charges, which also apply to conversations between call offices, may be made :—

	For each period of 3 minutes.
When the Trunk Wire charge for three minutes' conversation does not exceed 1s. 6d. 3d.
When the Trunk Wire charge for three minutes' conversation exceeds 1s. 6d., but does not exceed 3s. 4d.
When the Trunk Wire charge for three minutes' conversation exceeds 3s. 6d.

These additional charges do not apply to trunk calls between Post Office subscribers in the London Exchange area and subscribers to Exchanges of the National Telephone Company in other Exchange areas. Similarly they do not apply in respect of calls between Post Office subscribers in Provincial Exchange areas and the National Telephone Company's subscribers in the London area.

REGULATIONS AND CONDITIONS.

5. The period of conversation is limited to three minutes, but any person may secure the uninterrupted use of a Trunk line for six minutes by pre-paying a double fee, or may extend a three minutes' conversation to six minutes without having given notice beforehand. The latter privilege can only be exercised at a call office of the Postmaster-General if a deposit has been made by the caller in the first instance to cover the fee for the second period of three minutes. This deposit is refunded if the call is not extended.

Where application has been made for the use of a Trunk line for a period of six minutes, no part of the fee shall be refunded because the line is in fact used for less than such period.

No person shall be entitled to use a Trunk line continuously for a time exceeding a period of six minutes.

Save with the sanction of the Postmaster-General, all sums payable for the use of a Trunk line shall be prepaid.

A list of the charges for Telephone Trunk wire conversations from any town connected with the Trunk wire system can be obtained at the local Post Office, or on application to the Secretary, General Post Office, London, E.C.

6. With regard to the sums to be charged and paid for the use of Trunk lines where such use is ineffective, the following rules shall apply :—

- (a.) No fee or sum shall be charged or paid for the use of a Trunk line when it is ascertained at the Post Office, where the application for use is made, that the Trunk line cannot be used for the purpose required on account of some fault in a telegraphic line known to the officers working the line.
- (b.) No sum shall be charged or paid for the use of a Trunk line when it is ascertained that the Trunk line is engaged and the call is thereupon cancelled before it has passed over the Trunk line or any section thereof.
- (c.) A reduced charge only shall be charged and paid for the use of a Trunk line in the following cases, that is to say :
 - (i.) Where application has been made for the use of a Trunk line and the person with whom it is desired to communicate over the Trunk line had previously intimated that his office is about to be closed either for a limited period or for the night but such intimation has not reached the office at which the application is made.
 - (ii.) Where application has been made for the use of a Trunk line and the exchange subscriber with whom it is desired to communicate is engaged in conversation on another Trunk line and the person making the payment is unwilling to wait and desires that the call may be cancelled.

- (iii.) Where application has been made for the use of a Trunk line and after occasional calls extending over half a minute the attention of the exchange subscriber with whom it is desired to communicate cannot be obtained.
- (iv.) Where two persons who are not exchange subscribers desire to speak to each other over a Trunk line between call offices in different towns and one of such persons fails to keep the appointment and the person paying for the use of the Trunk line chooses to abandon the call.
- (v.) Where application has been made for the use of a Trunk line and such application, although not cancelled before the call has been passed over the Trunk circuit or any section thereof, is cancelled before the attention of the person with whom it is desired to communicate has been obtained.
- (d.) Reduced charges shall be calculated as follows:—
- Where the charge for the use of a Trunk line for a period of three minutes does not exceed the sum specified in the first column hereunder written, the reduced charge shall be the sum specified opposite to such charge in the second column hereunder written, that is to say:—

Full Charge for Three Minutes' Conversation.	Reduced Charge.
<i>s.</i> <i>d.</i>	<i>d.</i>
0 3	1
0 6	2
1 0	3
1 3	4
1 6	5

The maximum amount of any reduced charge shall be 6*d.*

- (e.) In all cases not specially mentioned above there shall be no reduction in the charge made for the application to use a Trunk line because such use has been impossible or ineffective.

7. Where application has been made for the use of a Trunk line, the period of use shall be calculated from the time when the originating subscriber or caller has been informed by the operator at the originating Post Office that the connection between the two offices to be placed in communication is complete.

Where application has been made for the use of a Trunk line and the person with whom it is desired to communicate is engaged locally and desires to complete his local conversation and asks for a short delay, the period of use shall be calculated from the time when the person with whom it was desired to communicate asks for delay.

MISCELLANEOUS REGULATIONS APPLICABLE TO EXCHANGE SYSTEMS AND TO THE TRUNK LINES.

8. A telephonic message received at a Post Office can be further transmitted as a telegram, letter, or express letter, and the reply to an express letter may be telephoned from any Post Office from which a telephonic message can be sent to the addressee of such reply.

Where any telephonic message is received at a Post Office and is further transmitted as a telegram, letter, or express letter, the regulations made by

the Postmaster-General with the consent of the Treasury or by the Treasury on the representation of the Postmaster-General, as the case may be, in relation to telegrams, letters, and express letters, and the charges payable therefor shall apply in the same manner as though such telegram, letter, or express letter had been handed to an officer of the Post Office or posted.

Provided that—

- (a) Where a telephonic message is transmitted to a Post Office for further transmission either as an ordinary letter or as an express letter, such message shall not consist of more than 30 words if the telephone is used for a period of three minutes, and 60 words if the telephone is used for a period of six minutes.
- (b.) Where a telephonic message is transmitted to a Post Office for further transmission as an express letter, each 30 words of such message (or any less number of words over and above 30 or any multiple of 30) shall for purposes of charge (but not for other purposes) be treated as a separate express service.
- (c.) The provisions of the foregoing sub-clause shall extend to a reply to any express letter telephoned from a Post Office, and all charges shall extend to such a reply as though it had originated with a caller.

Note.—The person transmitting a telegram by telephone should dictate two or three words at a time, which will be repeated by the receiving operator before the next group of words is dictated.

Distinct speech is necessary to secure correct transmission. All proper names, difficult words, and written numbers should be spelled, as also should be verbs or participles of the past tense—for example, consigned, sailed, &c. Figures should be transmitted thus :—“Figures, f-i-v-e, 5, s-i-x, 6; fifty-six.” Considerable difficulty is met with in distinguishing many letter sounds, such as the soft “c,” “s,” and “z,” and these or other letters liable to be mistaken should be identified in each case by mentioning some easily recognisable word in which the letter in question occurs as the initial letter, thus :—

C for Cinder.
S for Sample.
Z for Zero.
J for January.
A for America.

R for Robert.
D for December.
I for Ireland.
N for November.
E for Edward.

The transmission of a telegram over a telephone circuit is not to be regarded as complete until it has been carefully repeated by the person receiving it.

Members of the public forwarding or receiving telegrams by telephone should adhere to this rule, and should communicate with the Postmaster-General in any case in which it is disregarded by the Department's operator.

9. No telephone shall be used for the transmission of any message or communication of an indecent, obscene, or offensive character, whether addressed to an operator or any other person, and the Postmaster-General may interrupt any conversation, or refuse to give the means of conversation to any person offending against this regulation, and shall not in any such case be bound to return any sums paid for such message or communication or by such person.

10. The Postmaster-General is not liable for any loss or damage which may be incurred on account of any failure in communication over any Trunk line or over any exchange system whether the same arises through the act or default of any officer of the Post Office or not, or for any other loss or damage sustained in connection with telephonic communication.
